Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1970 *Martindale-Hubbell Law Directory* Martindale-Hubbell, 2002-03 **American Law in the Twentieth Century** Lawrence Meir Friedman, 2004-01-01 American law in the twentieth century describes the explosion of law over the past century into almost every aspect of American life Since 1900 the center of legal gravity in the United States has shifted from the state to the federal government with the creation of agencies and programs ranging from Social Security to the Securities Exchange Commission to the Food and Drug Administration Major demographic changes have spurred legal developments in such areas as family law and immigration law Dramatic advances in technology have placed new demands on the legal system in fields ranging from automobile regulation to intellectual property Throughout the book Friedman focuses on the social context of American law He explores the extent to which transformations in the legal order have resulted from the social upheavals of the twentieth century including two world wars the Great Depression the civil rights movement and the sexual revolution Friedman also discusses the international context of American law what has the American legal system drawn from other countries And in an age of global dominance what impact has the American legal system had abroad This engrossing book chronicles a century of revolutionary change within a legal system that has come to affect us all **Martindale-Hubbell International Law Directory** Martindale-Hubbell (Firm), 2003-04 **The Law Firm and the Public Good** Robert A. Katzmann, 2010-12-01 What can law firms do to ensure justice for all How can they serve the needs of those unable to pay How can law firms improve the quality of life for their lawyers At a time when government support for legal aid is limited and under fire when recent U S presidents have urged increased volunteerism when the American Bar Association's Law Firm Pro Bono Challenge is under way and when some within the legal profession have called for mandatory pro bono work this new book examines these important questions The Law Firm and the Public Good blends academic scholarship with real world experience as it brings together lawyers who have wrestled with the pressures of everyday practice Concerned about deepening the commitment of large law firms to the wider community the authors seek to provide a blueprint for firms concerned with creating developing implementing and evaluating pro bono programs Moving beyond the ethical arguments which justify a law firm's commitment to community service the authors argue that pro bono work is in the firm's self interest They show that a heightened concern with the public good can improve a lawyer's spirit sharpen lawyering skills and enhance the humanistic traditions of law practice They conclude that professional responsibility and self interest support the same conclusion that the law firm and the public good are inextricably linked and that each can draw strength from the other in ways that nourish both The contributors are William A Bradford Jr Hogan Senior Circuit Judge Frank M Coffin U S Court of Appeals for the First Circuit Anthony F Earley Jr Detroit Edison Marc Galanter University of Wisconsin Madison Donald W Hoagland Davis Graham William C Kelly Jr Latham Esther F Lardent director of the ABA's Law Firm Pro Bono Project Edwin
