Schogt,2011-04-07 Henry Schogt met his wife Corrie in 1954 in Amsterdam Each knew the other had grown up in the Netherlands during World War II but for years they barely spoke of their experiences This was true for many people the memories were just too painful Years later Henry and Corrie began to piece their memories together to untangle reality from dreams Their intent was to help others understand what had happened then and how it influenced and affected not only their lives but those of all who survived The seven stories in The Curtain reveal how two families one Jewish one non Jewish fared in the Netherlands during the German occupation in World War II Each vignette highlights a specific aspect of life all show how life changed for everyone and forever Four stories are based on the author s memories of his own non
