Pearl Brilmyer, 2022-01-11 The Science of Character makes a bold new claim for the power of the literary by showing how Victorian novelists used fiction to theorize how character forms In 1843 the Victorian philosopher John Stuart Mill called for the establishment of a new science the science of the formation of character Although Mill's proposal failed as scientific practice S Pearl Brilmyer maintains that it found its true home in realist fiction of the period which employed the literary figure of character to investigate the nature of embodied experience Bringing to life Mill's unrealized dream of a science of character novelists such as George Eliot Thomas Hardy and Olive Schreiner turned to narrative to explore how traits and behaviors in organisms emerge and develop and how aesthetic features shapes colors and gestures come to take on cultural meaning through certain categories such as race and sex Engaged with materialist science and philosophy these authors transformed character from the liberal notion of the inner truth of an individual into a materially determined figuration produced through shifts in the boundaries between the body's inside and outside In their hands Brilmyer argues literature became a science not in the sense that its claims were falsifiable or even systematically articulated but in its commitment to uncovering through a fictional staging of realistic events the laws governing physical and affective life The Science of Character redraws late Victorian literary history to show how women and feminist novelists pushed realism to its aesthetic and philosophical limits in the crucial span between 1870 and 1920 *Annual Report of the Bureau of Ethnology to the Secretary of the Smithsonian Institution* Smithsonian Institution. Underground Philadelphia: From Caves and Canals to Tunnels and Transit Harry Kyriakodis & Joel Spivak,2019 Philadelphia s relationship with the underground is as old as the city itself dating back to when Quaker settlers resided in caves alongside the Delaware River more than three hundred years ago The City of Brotherly Love later became a national and world leader in the delivery of water gas steam and electricity during the industrial age The construction of multiple subway lines within Center City took place during the early twentieth century An intricate subsurface pedestrian concourse was also developed throughout the downtown area for the city s inhabitants From Thirtieth Street Station and Reading Terminal to the Commuter Rail Tunnel and transit lines that were never built Philadelphia s infrastructure history is buried under the earth as much as above Join authors Harry Kyriakodis and Joel Spivak as they reveal the curious aspects of the Quaker City s underground experience

Genius and Disaster Jeannette Augustus Marks,1925 *The Archbishop's Ceiling* Arthur Miller,2015-12-01 A masterful mix of art sex and politics behind the Iron Curtain by America s greatest dramatist In an unnamed Eastern European capital four writers gather in what was once an archbishop s palace There is Adrian a successful American author struggling with questions about a novel he has set in the city and Marcus a once imprisoned radical who has become a darling of the current regime Finally there is Sigmund perhaps the country s greatest living writer who refuses to compromise his artistic integrity to appease the regime Between them all is Maya a poet and actress who has been a mistress and muse to each man The ornately decorated ceiling

above them may or may not be bugged and the group carefully watches their words as they discuss the play's central dilemma should Sigmund stay and resist the oppressive state or should he defect and pursue his art in freedom Their conversation poses crucial questions about mass surveillance morality and the authenticity of art and remains as relevant today as it was during the height of the Cold War **Harper's New Monthly Magazine** ,1864 *Sky Cloud Mountain* David Anirman,2012-09-11 Let history drop behind as we explore the sacred confines of a temple city built by a race that was here long before us before our species was even a glimmer in the cosmic eye and whose work is still evident usable and heuristic Dominated by a mountain sculpted as a pregnant women with a lion at her feet and a rearing serpent behind the site is still alive with eddies of spiritual energy Between the colossal lady and lion is a saddle in the mountain beautified by mazes of stone sparkling sand terraces and the gardens of windswept splendor with the rock everywhere seeming to be incised with aesthetic undecipherable hieroglyphics The site is beautiful bolstering and enlivened geometrically tuned to the cosmos whose forces it appropriates to utilize in various ways Join in as we uncover a few of the marvels of an authentically magical place with a psychedelic consciousness adapted to tuning into the ancient mysteries giving a new dynamism to the on going story if a truly sacred mountain **Automobile Review** ,1906 **Fuck Berlin** Kristjan Knall,2022-06-09 I am really sorry you live in Grimsby the banlieue of Lyon Podgorica or some other bumfuck nowhere Which at least from here in Berlin is pretty much anywhere in the world But guess what Berlin is not a single fuck better Actually it's a shithole of epic proportions Don't believe the hype or you are going to be the fuckwit of the month You won't earn money here you won't have fun in spite of the tons of drugs you will be taking you will not meet your partner soul companion no real friends or even people who won't fuck you over at any given opportunity You will be left as a bloated syringe mark riddled corpse on the sidewalk best ignored but most likely be pissed on by Berliners And they won't even be drunk Now don't get me wrong This is not another racist pamphlet They usually don't work out well in Germany If anything it's racist against Germans and specifically against Berliners Thinking is the most unhealthy disease in the world and people die of it just as they die of any disease Luckily in Berlin at any rate thought is not catching The fact is they are the scum of the earth If you stay here long enough you will be too 12 years to be exact and in Germany everything is exact The reason Don't ask you traitorous pig Just follow orders How it got that way is a bit of a mystery An ugly chaotic but at times absurdly funny mystery So if there's any way you can be diverted from coming here or at least don't want to fall that hard read on and see what an admitted asshole Berliner has to say What's more do you hate guide books Good because they are shit unless you want to cue for hours at a fucking museum with thousands of people Why is it that we always go to exhibitions museums historic sites and other crap that we wouldn't even give a firstt glance at home Because we are bored we don't know what to do and where So here is all the info you need to go to the dark corners enjoy abject eccentricity and get smashed like there is no tomorrow I've written a shitload of books about Berlin and way too often stammering twats come along and ask for an English version while getting
