**Laurence Paul Hemming**

## **Marx Nietzsche And Modernity:**

**Marx, Nietzsche, and Modernity** Nancy Sue Love, 1986-01 An excellent window on Marx's and Nietzsche's overall theories and on the foibles of modern society Her analysis of their views on the nature of man and their consequent theories of history is competent and probes deeply into the teachings of Marx and Nietzsche Henri Lefebvre, Metaphilosophy, and Modernity Patrick Gamsby, 2025-08-22 Henri Lefebvre Metaphilosophy and Modernity provides a new interpretation of the work of Henri Lefebvre 1901-1991 reframing it as being above all a metaphilosophy of modernity Henri Lefebvre is increasingly being recognized as one of the great twentieth century thinkers Nevertheless the majority of scholarship on Lefebvre predominantly focuses on his theorizing of space often taking Lefebvre's *The Production of Space* as the point of departure and or on his theorizing of everyday life with his multi volume *Critique of Everyday Life* as the focal point This book argues that it is Lefebvre's concept of metaphilosophy that provides the connective tissues for these works one that is chiefly concerned with deciphering the enigma of modernity The book will appeal to a wide interdisciplinary and international audience from the fields of sociology philosophy cultural studies geography the history of ideas and literary studies This includes scholars and students interested in Henri Lefebvre's writings everyday life modernity space time leisure work continental thought critical theory Marxism and technology **The Emergence of Post-modernity at the**

**Intersection of Liberalism, Capitalism, and Secularism** Matthew McManus, 2022-09-07 This book is a systematic and thorough analysis of what post modernity is and how it emerged It distinguishes between those who regard post modernity as a theoretical approach and those who regard it as a culture and argues that interpreting post modernity as a culture is more fruitful It discusses the three factors which led to its emergence namely liberalism capitalism and secularism highlighting their respective influence in generating the culture of post modernity within neoliberal societies The volume provides a lengthy analysis of neoliberal post modernity in practice arguing that post modernism is the cultural condition of neoliberal societies in the late 20th and early 21st centuries Until recently it seemed that neoliberal post modernity was here to stay framed by relationship to freedom and time which stressed individual agency but precluded the possibility of historical change at the political level However the Great Recession of 2008 opened new spaces for agitation and transformation which has resulted in the discordant politics of the last decade This book will be of interest to scholars working in a number of fields including economic policy cultural analysis political theory and social critique *The Longing for Total Revolution*

*Reconsidered* Jeffrey Friedman, 2022-11-10 In *The Longing for Total Revolution* Philosophic Sources of Discontent from Rousseau to Marx and Nietzsche 1986 the eminent intellectual historian and political theorist Bernard Yack offered a sweeping reinterpretation of modern thought Yack argued that Rousseau prompted a line of philosophy that continued through Kant Hegel Marx and Nietzsche which viewed the essential spirit of modernity as dehumanizing and therefore implied in a matter that became increasingly clear over time that a total revolution against modernity is necessary In this

volume seven political theorists and historians including Yack himself reconsider the book's substantive and methodological innovations its limitations and its current relevance Contributors to the volume discuss inter alia left Kantianism in historical context the theological origins of the longing for total revolution the question of whether the tradition identified by Yack is connected to twentieth century totalitarianism and the unique form of critical genealogy pioneered by Yack's book The volume concludes with Yack's response to the other contributors chapters This book was originally published as a special issue of the Critical Review     The Nietzsche Legacy in Germany Steven E. Aschheim, 1994-02-25 One of the most important works of German and European intellectual history published in years It will be welcomed by intellectual historians as a long overdue history of the multivalent reception and reworking of Nietzsche Jeffrey Herf author of Reactionary Modernism

*Handbook of Social Theory* George Ritzer, Barry Smart, 2003-07-26 The Handbook of Social Theory presents an authoritative and panoramic critical survey of the development achievement and prospects of social theory     **Nietzsche and Modern German Thought** Keith Ansell-Pearson, 2012-10-12 Nietzsche is no longer a marginal figure in the study of philosophy This collection of specially commissioned essays reflects the emergence of a serious interest amongst philosophers sociologists and political theorists By considering Nietzsche's ideas in the context of the modern philosophical tradition from which it emerged his importance in contemporary thought is refined and reaffirmed Modern German thought begins with Kant and has rarely escaped his influence It is with respect to this Kantian heritage that this volume examines Nietzsche These essays critically consider Nietzsche's relation to Kant and the post Kantian tradition In broad terms it is his relation to the domains of knowledge ethics and aesthetics that is through the three Kantian critiques that Nietzsche's thought is illuminated This allows a surprising variety of areas and questions both about Nietzsche and about philosophy to be investigated     *Nietzsche's Immoralism* Donovan Miyasaki, 2022-10-19 Nietzsche's Immoralism begins a two volume critical reconstruction of a socialist democratic and non liberal Nietzschean politics Nietzsche's ideal of amor fati love of fate cannot be individually adopted because it is incompatible with deep freedom of agency However we can create its social conditions thanks to an underappreciated aspect of his will to power psychology We are driven not toward domination and conquest but toward resistance contest and play a heightened feeling of power provoked by equal challenges that enables the non instrumental affirmation of suffering This incompatibilist anti teleological psychology leads to Nietzsche's distinctive immoralism the abandonment of cultural means of human improvement for a historical materialist politics of breeding that produces future higher types through changes to our political order's material conditions Politics becomes first philosophy it is not grounded in moral values but is instead the very source of their legitimacy Moreover despite Nietzsche's professed aristocratism his immoralism offers a stronger foundation for a renewed left attacking conservative politics at its very root the belief in moral order authority and responsibility     *Antiquity and Modernity* Neville Morley, 2009-01-30 The nature faults and future of modern civilization and how these connect to the past are tackled in this broad reaching volume Presents

a study of modernity that examines classical influences Incorporates political economic social and psychological theories Highlights writings from a wide range of thinkers including Adam Smith Marx Mill Nietzsche Weber and Freud *The Modern Self in the Labyrinth* Eyal Chowers, 2009-07-01 This book proposes a new political imagination found in the works of Weber Freud and Foucault Chowers characterizes it as one of entrapment whereby modern identity is constituted by participation in and internalization of the regulatory norms of the institutions that originated in the modern imagination

**Modernity and Its Discontents** Steven B. Smith, 2016-08-09 Steven B Smith examines the concept of modernity not as the end product of historical developments but as a state of mind He explores modernism as a source of both pride and anxiety suggesting that its most distinctive characteristics are the self criticisms and doubts that accompany social and political progress Providing profiles of the modern project s most powerful defenders and critics from Machiavelli and Spinoza to Saul Bellow and Isaiah Berlin this provocative work of philosophy and political science offers a novel perspective on what it means to be modern and why discontent and sometimes radical rejection are its inevitable by products

**Religion and the Discourse on Modernity** Paul-François Tremlett, 2009-01-08 The point of departure for this book is the debate about whether religious studies should privilege explanation or understanding Engaging with contemporary scholarship in the field Tremlett argues that the study of religions has always involved the conflation of facts and values and indeed has been structured in advance by the value saturated discourse on disenchanted modernity He argues that phenomenological and post modern approaches to religions lack both theoretical and methodological coherence and in their stead proposes a Marxist approach to religions that is at once empirical and informed by values pertaining to social justice freedom and autonomy *Nietzsche and Critical Social Theory*, 2019-12-09 Nietzsche and Critical Social Theory Affirmation Animosity and Ambiguity brings together scholars from a variety of disciplinary background to assess the salience of Nietzsche for critical social theory today In the context of global economic crises and the rise of authoritarian regimes across the U S and Europe the question asked by these scholars is why Nietzsche now Containing several innovative interventions in the areas of queer theory political economy critical race theory labour history hip hop aesthetics sociology the Frankfurt School social movements studies science and technology studies pedagogy and ludic studies this volume pushes Nietzsche studies in new directions seeking to broaden the appeal of Nietzsche beyond philosophy and political theory *Nietzsche's Machiavellian Politics* D. Dombowsky, 2004-02-27 In this exciting new study Don Dombowsky proposes that the foundation of Nietzsche s political thought is the aristocratic liberal critique of democratic society But he claims that Nietzsche radicalizes this critique through a Machiavellian conversion based on a reading of *The Prince* adapting Machiavellian virtue the shaping capacity of the legislator and immoralism the techniques applied in political rule and that consequently Nietzsche is better understood in relation to the political ideology of the neo Machiavellian elite theorists of his own generation

*Kierkegaard's Influence on Social-political Thought* Jon Bartley Stewart, 2011 Kierkegaard has been traditionally

characterized as a Christian writer who placed supreme importance on the inward religious life of each individual believer His radical view seemed to many to undermine any meaningful conception of the community society or the state In recent years however scholars have begun to correct this image of Kierkegaard as an apolitical thinker The present volume attempts to document the use of Kierkegaard by later thinkers in the context of social political thought It shows how his ideas have been employed by very different kinds of writers and activists with very different political goals and agendas Many of the articles show that although Kierkegaard has been criticized for his reactionary views on some social and political questions he has been appropriated as a source of insight and inspiration by a number of later thinkers with very progressive indeed visionary political views

*Beyond Philosophy* Enrique D. Dussel, 2003 Enrique Ambrosini Dussel is and has been one of the most prolific Latin American philosophers of the last 100 years This is the definitive English language collection of Dussel's enormous body of work in ethics economics history and liberation theology

**Henri Lefebvre: Key Writings** Henri Lefebvre, 2006-12-12 Henri Lefebvre is recognised as one of the influential social theorists of the Twentieth Century This book presents a range of Lefebvre's thought It reinforces the centrality of Lefebvre to debates in social and spatial theory but also sets Lefebvre's work in the context of his philosophical and political concerns

**Comparative Political Culture in the Age of Globalization** Hwa Yol Jung, 2002-01-01 With its specific focus on Asia this anthology constitutes an excursion into the realm of transversality or the state of postethnicity which the book argues has come to characterize the global culture of our times Hwa Yol Jung brings together prominent contemporary thinkers including Thich Nhat Hanh Edward Said and Judith Butler to address this fundamental and important aspect of comparative political theory The book is divided into three parts Part One demythologizes Eurocentrism deconstructing the privilege of modern Europe as the world's cultural scientific religious and moral capital Part Two traces the rise of Asian thought and the process of East West cultural hybridization while Part Three introduces the concept of the global citizen Jung's anthology reveals a postmodern multiculturalism whose new philosophical matrix transgresses the existing cultural and intellectual typology to offer new understanding of today's pluralistic world

*Colonialism and Its Legacies* Jacob T. Levy, 2011-05-31 Colonialism and Its Legacy brings together essays by leading scholars in both the fields of political theory and the history of political thought about European colonialism and its legacies and postcolonial social and political theory The essays explore the ways in which European colonial projects structured and shaped much of modern political theory how concepts from political philosophy affected and were realized in colonial and imperial practice and how we can understand the intellectual and social world left behind by a half millennium of European empires The volume ranges from the beginning of modernity to the present day examining colonialism and colonial legacies in India Africa Latin America and North America

**Heidegger and Marx** Laurence Paul Hemming, 2013-01-31 Martin Heidegger and Karl Marx remain two of the most influential thinkers in philosophy in political science and other social sciences and in the humanities Yet there has never been a full length study in

English of the relationship between their ideas and there has only been one study in German from 1966 *A Productive Dialogue* fills this gap and contradicts the widely held assumption that Heidegger had no significant engagement with Marx Hemming focuses on four related areas of inquiry Heidegger's reading of Marx Marx's relation to G W F Hegel Heidegger's disastrous political involvement with National Socialism and the significance of Hegel Marx Heidegger and Friedrich Nietzsche for the politics of the twentieth and twenty first centuries *A Productive Dialogue* explores the understanding of political processes systems and behavior that animates both thinkers
