Peter E. Gordon, Warren Breckman

Marxism An Autopsy:

Marxism, an Autopsy Henry Bamford Parkes, 1964 **Marxism** Henry Bamford Parkes (historien.), 1964 **Marxism** Michael Curtis, 1997-01-01

Marxism The Inner Dialogues covers a wide range of basic issues and problems arising from what has been said for against and about Marxism This is a rich and systematic collection of writings by the foremost authorities on the subject in the world The book provides the most inclusive and lasting analysis of Marxist thought available Curtis has confronted current problems in Marxist studies in the context of the classic concerns of Western thought **The Open Society and Its Enemies** Karl R. Popper, 2013-04-21 One of the most important books of the twentieth century Karl Popper s The Open Society and Its Enemies is an uncompromising defense of liberal democracy and a powerful attack on the intellectual origins of totalitarianism Popper was born in 1902 to a Viennese family of Jewish origin He taught in Austria until 1937 when he emigrated to New Zealand in anticipation of the Nazi annexation of Austria the following year and he settled in England in 1949 Before the annexation Popper had written mainly about the philosophy of science but from 1938 until the end of the Second World War he focused his energies on political philosophy seeking to diagnose the intellectual origins of German and Soviet totalitarianism The Open Society and Its Enemies was the result An immediate sensation when it was first published in two volumes in 1945 Popper s monumental achievement has attained legendary status on both the Left and Right and is credited with inspiring anticommunist dissidents during the Cold War Arguing that the spirit of free critical inquiry that governs scientific investigation should also apply to politics Popper traces the roots of an opposite authoritarian tendency to a tradition represented by Plato Marx and Hegel In a substantial new introduction written for this edition acclaimed political philosopher Alan Ryan puts Popper s landmark work in biographical intellectual and historical context Also included is a personal essay by eminent art historian E H Gombrich in which he recounts the story of the book s eventual publication despite numerous rejections and wartime deprivations **From Dialogue to Epilogue Marxism and Catholicism Tomorrow** Frederick J. Adelman, 2012-12-06 This is an authentic book Its style fits its situation The encounter between Marxism and Catholicism was yesterday diatribe is today dialogue and tomorrow will be epilogue The virtue of Father Adelman s writing is to make us aware that we are in via Happenings are everywhere not just in hippieland In Salzburg and South Bend in Chiem see and Cambridge conversations are going on conversations that are no less than confessions For Catholics and Marxists are listening to each other and are changing their minds It has been the peculiar good fortune of the author of this book to have been both recorder and participant in these changes He has experienced the transition from diatribe to dialogue in his own thoughts and feelings and he has here written not an outsider s account but an insider s recounting He is not simply this volume s author but also one of its case of characters Hence the style of his writing is apperceptively autobiographical It fits the situation He is a character in a play who is also that drama s author His essay then is not simply a discussion of the relation between Catholicism and Marxism today but is a contribution to ward a new

relation between them and tomorrow **The Open Society and Its Enemies** Karl Popper,2012-11-12 If in this book harsh words are spoken about some of the greatest among the intellectual leaders of mankind my motive is not I hope to belittle them It springs rather from my conviction that if our civilization is to survive we must break with the habit of deference to great men Karl Popper from the Preface Written in political exile during the Second World War and first published in two volumes in 1945 Karl Popper s *The Open Society and Its Enemies* is one of the most influential books of all time Hailed by Bertrand Russell as a vigorous and profound defence of democracy its now legendary attack on the philosophies of Plato Hegel and Marx exposed the dangers inherent in centrally planned political systems and through underground editions become an inspiration to lovers of freedom living under communism in Eastern Europe Popper s highly accessible style his erudite and lucid explanations of the thoughts of great philosophers and the recent resurgence of totalitarian regimes around the world are just three of the reasons for the enduring popularity of *The Open Society and Its Enemies* and why it demands to be read today and in years to come *Karl Marx and Friedrich Engels (RLE Marxism)* Cecil L. Eubanks,2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books monographs articles chapters and doctoral dissertations together with the works of their interpreters The inclusion of the secondary literature makes this a particularly valuable bibliography and contributes greatly to the understanding of the thought of Marx and Engels **The Open Society and Its Enemies** Karl Raimund Popper,2002 Popper s legendary attack on the philosophies of Plato Hegel and Marx prophesied the collapse of communism in Eastern Europe and exposed the fatal flaws of socially engineered political systems Available here in a special single volume edition **Failure of a Dream?** John H. M. Laslett,Seymour Martin Lipset,2022-05-27 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1974 *Karl Marx and Friedrich Engels* Cecil Eubanks,2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books monographs articles chapters and doctoral dissertations together with the works of their interpreters The inclusion of the secondary literature makes this a particularly valuable bibliography and contributes greatly to the understanding of the thought of Marx and Engels **The Free Man's Library** Henry Hazlitt,1956 **The Failure of Marxism** David Campbell,1996 A study on the concept of inversion in Marx s critique of capitalism This volume includes references to Hegel on the unity of subject and object Smith and Ricardo on the falling rate of profit and the concepts of capitalism and socialism Theory of Capital Development Paul M. Sweezy,2018-11-01 Since its first publication in 1942 this book has become the classic analytical study

of Marxist economics Written by an economist who was a master of modern academic theory as well as Marxist literature it has been recognized as the ideal textbook in its subject Comprehensive lucid authoritative it has not been challenged or even approached by any later study **Karl Marx** Allan Megill,2002 Why did Karl Marx want to exclude politics and the market from his vision of a future socialism In Karl Marx The Burden of Reason Allan Megill begins with this question Megill s examination of Marx s formative writings casts new light on Marx s relation to philosophy and reveals a hitherto largely unknown rationalist Marx In demonstrating how Marx s rationalism permeated his attempts to understand politics economics and history generally Megill forces the reader to rethink Marx s entire intellectual project While Megill writes as an intellectual historian and historian of philosophy his highly original redescription of the Marxian enterprise has important implications for how we think about the usability of Marx s work today Karl Marx The Burden of Reason will be of interest to those who wish to reflect on the fate of Marxism during the era of Soviet Communism It will also be of interest to those who wish to discern what is living and what is dead what is adequate and what requires replacement or supplementation in the work of a figure who in spite of everything remains one of the greatest philosophers and social scientists of the modern world

Revolution and Ideology John A. Britton,2014-07-15 Mexico and the United States share a border of more than 2 000 miles and their histories and interests have often intertwined The Mexican Revolution which began in 1910 and continued in one form or another for the next thirty years was keenly observed by U S citizens especially those directly involved in Mexico through property ownership investment missionary work tourism journalism and education It differed from many other revolutions in this century in that Marxist Leninist theory was only one of many radical and reformist influences Historian John A Britton examines contemporary accounts written by Americans commenting on social upheaval south of the border radical writers John Reed Anita Brenner and Carlton Beals novelists Katherine Anne Porter and D H Lawrence social critics Stuart Chase and Waldo Frank and banker diplomat Dwight Morrow to mention a few Their writings constitute a valuable body of information and opinion concerning a revolution that offers important parallels with liberation movements throughout the world today Britton s sources also shed light on the many contradictions and complexities inherent in the relationship between the United States and Mexico History of Socialism Harry W. Laidler,2013-07-04 This is Volume IX of eighteen in a collection on Political Sociology Originally published in 1969 History of Socialism and presents a historical comparative study of Socialism Communism Trade Unionism Cooperation Utopianism and other systems of reform and reconstruction **World Communism, 1964-1969, a Selected Bibliography** United States. Congress. Senate. Committee on the Judiciary,1971 Marxism: the View from America Clinton Rossiter,1960 Provides an assessment of American Communism and explains why communism never took hold in the United States *The Cambridge History of Modern European Thought: Volume 2, The Twentieth Century* Peter E. Gordon,Warren Breckman,2019-08-29 The Cambridge History of Modern European Thought is an authoritative and comprehensive exploration of the themes thinkers and

movements that shaped our intellectual world in the late eighteenth and nineteenth century. Representing both individual figures and the contexts within which they developed their ideas, each essay is written in a clear, accessible style by leading scholars in the field and offers both originality and interpretive insight. This second volume surveys twentieth-century European intellectual history conceived as a crisis in modernity. Comprised of twenty-one chapters, it focuses on figures such as Freud, Heidegger, Adorno, and Arendt; surveys major schools of thought including Phenomenology, Existentialism, and Conservatism; and discusses critical movements such as Postcolonialism, Structuralism, and Poststructuralism. Renouncing a single master narrative of European thought across the period, Peter E. Gordon and Warren Breckman establish a formidable new, multi-faceted vision of European intellectual history for the global modern age. [The Cambridge History of Modern European Thought: Volume 2, The Twentieth Century](#) Warren Breckman, Peter E. Gordon, 2019-08-29. An authoritative and comprehensive survey of the major themes, thinkers, and movements in modern European intellectual history.
