Marxism and Literature Raymond Williams, 1977-11-10 This classic study examines the place of literature within Marxist cultural theory and offers an assessment of the contributions of previous thinkers to Marxist literary theory **Marxism and Literature** Raymond Williams, 1977-01 In this book the author analyzes previous contributions to a Marxist theory of literature from Marx himself to Lukacs Althusser and Goldmann and develops his own approach by outlining a theory of cultural materialism which integrates Marxist theories of language with Marxist theories of literature *Raymond Williams* John Higgins, 2013-06-17 Raymond Williams prolific output is increasingly recognised as the most influential body of work on literary and cultural studies in the past fifty years This book provides the most comprehensive study to date of the theoretical and historical context of Williams thinking on literature politics and culture John Higgins traces Williams intellectual development the related growth of a New Left cultural politics the origins of the theory and practice of cultural materialism Raymond Williams is an astonishing achievement and will challenge many received ideas about Williams work The Dematerialisation of Karl Marx Leonard Jackson, 2014-07-22 This volume constitutes both an attack on modern left wing literary theory the main product of the last Marxist renaissance in the past thirty years and a defence of the one element of Marxism which in the general collapse modern theorists have been happiest to lose its economic materialism It traces Marxist theory from its beginnings in Hegelian idealism to its end in Althusser's structuralism and concludes that while Marxist economics will not work and the type of revolution prophesied was fantasy the principle of historical materialism remains intact and defensible This will be a key text in literary and cultural studies as well as being of interest to students on philosophy and sociology courses *Marxism and Literary Criticism* Terry Eagleton, 1976-08-16 Far and away the best short introduction to Marxist criticism both history and problems which I have seen Fredric R Jameson Terry Eagleton is that rare bird among literary critics a real writer Colin McCabe The Guardian Marxism and Literary Criticism Terry Eagleton, 2013-03-07 Marxism and Literary Criticism is amazingly comprehensive for its brief format Eagleton has been able to sum up the main areas of Marxist criticism in the West today I Times Literary Supplement **After Marx** Colleen Lye, Christopher Nealon, 2022-03-17 After Marx Literature Theory and Value demonstrates the importance of Marxist literary and cultural criticism for an era of intersectional politics and economic decline The volume includes fresh approaches to reading poetry fiction film and drama from Shakespeare to contemporary literature and shows how Marxist literary criticism improves our understanding of racial capitalism feminist politics colonialism deindustrialization high tech labor ecological crisis and other issues A key innovation of the volume's essays is how they attend to Marx's theory of value For Marx capitalist value demands a range of different kinds of labor as well as unemployment This book shows the importance of Marxist approaches to literature that reach beyond simply demonstrating the revolutionary potential or the political consciousness of a 19th century style industrial working class After Marx makes an argument for the twenty first century

**Formalism and Marxism** Tony Bennett, 2004-03-01 Russian Formalism and Marxist criticism had a seismic impact on twentieth century literary theory and the shockwaves are still felt today First published in 1979 Tony Bennett's Formalism and Marxism created its own reverberations by offering a ground breaking new interpretation of the Formalists' achievements and demanding a new way forward in Marxist criticism The author first introduces and reviews the work of the Russian Formalists a group of theorists who made an extraordinarily vital contribution to literary criticism in the decade following the October Revolution of 1917 Placing the work of key figures in context and addressing such issues as aesthetics linguistics and the category of literature literary form and function and literary evolution Bennett argues that the Formalists' concerns provided the basis for a radically historical approach to the study of literature Bennett then turns to the situation of Marxist criticism and sketches the risks it has run in becoming overly entangled with the concerns of traditional aesthetics He forcefully argues that through a serious and sympathetic reassessment of the Formalists and their historical approach Marxist critics might find their way back on to the terrain of politics where they and their work belong Addressing such crucial questions as What is literature or How should it be studied and to what end Formalism and Marxism explores ideas which should be considered by any student or reader of literature and provides a particular challenge to those interested in Marxist criticism Now with a new afterword this classic text still offers the best available starting point for those new to the field as well as representing a crucial intervention in twentieth century literary theory

*Marxism and Literary History* John Frow, 1986 John Frow's book is a novel contribution to Marxist literary theory proposing a reconciliation of formalism and historicism in order to establish the basis for a new literary history Through a critique of his forerunners in Marxist theory the historicist Marxism of Lukács the work of Macherey Eagleton and Jameson Frow seeks to define the strengths and the limitations of this tradition and then to extend its possibilities in a radical reworking of the concept of discourse He develops the notion of literature as a historically specific system within a network of discourses Frow goes on to elaborate a number of central theoretical categories and to explore the historical dimension of those categories Drawing in particular on Russian Formalism he develops a theory of the dynamics of literary change and of the historical pressures that shape the literary system He tests and extends his categories through readings of texts by Petronius Herderlin DeLillo Dickens Frank Hardy and others The final chapter a reading of Derrida and Foucault poses the question of the possibility of setting limits to reading and the power of limits to determine literary history
