The Far Left in Australia since 1945 Jon Piccini, Evan Smith, Matthew Worley, 2018-07-11 The far left in Australia had significant effects on post war politics culture and society The Communist Party of Australia CPA ended World War II with some 20 000 members and despite the harsh and vitriolic Cold War climate of the 1950s seeded or provided impetus for the re emergence of other movements Radicals subscribing to ideologies beyond the Soviet orbit Maoists Trotskyists anarchists and others also created parties and organisations and led movements All of these different far left parties and movements changed and shifted during time responding to one political crisis or another but they remained steadfastly devoted to a better world This collection bringing together 14 chapters from leading and emerging figures in the Australian and international historical profession for the first time charts some of these significant moments and interventions revealing the Australian far left s often forgotten contribution to the nation s history

Disability in Eighteenth-century England

David M. Turner, 2012 This study examines physical disability in 18th century England It assesses the ways in which meanings of physical difference were formed within different cultural contexts and examines how disabled men and women used appropriated or rejected these representations in making sense of their own experiences

The Political Theatre of David Edgar Janelle Reinelt, Gerald Hewitt, 2011-07-14 David Edgar s writings address the most basic questions of how humans organize and govern themselves in modern societies This study brings together the disciplines of political philosophy and theatre studies to approach the leading British playwright as a political writer and a public social critic Edgar uses theatre as a powerful tool of public discourse an aesthetic modality for engaging with and thinking feeling through the most pressing social issues of the day In this he is a supreme rationalist he deploys character plot and language to explore ideas to make certain kinds of discursive cases and model hypothetical alternatives Reinelt and Hewitt analyze twelve of Edgar s most important plays including *Maydays* and *Pentecost* and also provide detailed discussions of key performances and critical reception to illustrate the playwright s artistic achievement in relation to his contributions as a public figure in British cultural life

British Student Activism in the Long Sixties Caroline Hoefflerle, 2013 Based on empirical evidence derived from university and national archives across the country and interviews with participants *British Student Activism in the Long Sixties* reconstructs the world of university students in the 1960s and 1970s Student accounts are placed within the context of a wide variety of primary and secondary sources from across Britain and the world making this project the first book length history of the British student movement to employ literary and theoretical frameworks which differentiate it from most other histories of student activism to date Globalization especially of mass communications made British students aware

of global problems such as the threat of nuclear weapons the Vietnam War racism sexism and injustice British students applied these global ideas to their own unique circumstances using their intellectual traditions and political theories which resulted in unique outcomes British student activists effectively gained support from students staff and workers for their struggle for student s rights to unionize freely assemble and speak and participate in university decision making Their campaigns effectively raised public awareness of these issues and contributed to significant national decisions in many considerable areas

Marxist Historical Cultures and Social Movements during the Cold War Stefan Berger, Christoph Cornelissen, 2019-08-21 This book explores the relationship between diverse social movements and Marxist historical cultures during the second half of the twentieth century in Western Europe with special emphasis on the Federal Republic of Germany and Italy During the Cold War Marxist ideas and understandings of history informed not only the traditional Communist Parties in Western Europe but also influenced a range of new social movements that emerged in the 1970s in the wake of the 1968 student rebellions The generation of 1968 was strongly influenced by neo Marxist ideas that they subsequently carried into the new social movements The volume asks how Marxist historical cultures influenced third world movements anti fascist movements the peace movement and a whole host of other new social movements that signaled a new vibrancy of civil society in Western Europe from the 1970s onwards

The Policing of Protest, Disorder and International Terrorism in the UK since 1945 Peter Joyce, 2017-02-06 This book examines the nature of protest and the way in which the police and state respond to the activities associated with this term Protest is explored within the context of the perceived decline in public engagement with recent general election contests It is often thought that protest is regarded as an alternative to or as a replacement for formal political engagement with electoral politics and this book provides a thoughtful assessment of the place of protest in the contemporary conduct of political affairs Analysing key forms of protest such as demonstrations direct action protest conducted within the workplace riots and terrorism this study also illustrates each of these activities with a wide range of examples of events that have taken place within the UK since 1945 It will be of keen interest to students of criminology criminal justice studies police studies and politics

British Prisoners of the Korean War S. P. MacKenzie, 2012-09-06 The first academic study to examine in detail exactly what happened to the major groups of British

military and civilian prisoners held in different locations at various junctures between during the Korean War Tests the common popular assumption that British captives were pretty much immune to communist efforts at subverting their loyalty

The Spirit of '68 Gerd-Rainer Horn, 2008-10-02 In virtually all corners of the Western world 1968 witnessed a highly unusual sequence of popular rebellions In Italy France Spain Vietnam the United States West Germany Czechoslovakia Mexico and elsewhere millions of individuals took matters into their own hands to counter imperialism capitalism autocracy bureaucracy and all forms of hierarchical thinking Recent reinterpretations have sought to play down any real challenge to the socio political status quo in these events but Gerd Rainer Horn's book offers a spirited counterblast 1968 he argues opened up the possibility that economic and political elites on both sides of the Iron Curtain could be toppled from their position of unnatural superiority to make way for a new society where everyday people could for the first time become masters of their own destiny Furthermore Horn contends the moment of crisis and opportunity culminating in 1968 must be seen as part of a larger period of experimentation and revolt The ten years between 1956 and 1966 characterised above all by the flourishing of iconoclastic cultural rebellions can be regarded as a preparatory period which set the stage for the non conformist cum political revolts of the subsequent red decade 1966 1976 Horn's geographic centres of attention are Western Europe including the first full examination of Mediterranean revolts and North America He placed particular emphasis on cultural nonconformity the student movement working class rebellions the changing contours of the Left and the meaning of participatory democracy His book will make fascinating reading for anyone interested in this turbulent period and the fundamental changes that were wrought upon societies either side of the Atlantic

The Histories of Raphael Samuel Sophie Scott-Brown, 2017-05-12 In the first integrated biographical study of his work this book situates British historian Raphael Samuel 1934 1996 in relation to his distinctive form of activist politics as they developed from youthful Cold War communism to the first British New Left 1960s radicalism to the 1980s history wars As the catalyst behind the History Workshop movement Samuel championed the democratisation of history making and practised an eclectic form of people's history in his own work His unique approach was controversial drawing impassioned responses from across the ideological spectrum the most sustained critique often coming from his left wing contemporaries It is argued here that this compelling figure has been unjustly neglected and that he continues to offer important insights into the politics of history making in a post Marxist world

Genocide and Fascism Aristotle Kallis, 2008-09-25 This book investigates how fascism as an ideology and political praxis reconfigured the ideological political and moral landscape of interwar Europe generating an atmosphere of extreme license that facilitated the leap into eliminationist violence It demonstrates how fascist ideology linked the prospect of violent cleansing to utopias of national racial regeneration thus encouraging and legitimizing targeted hatred against particular others It also shows how the diffusion and internationalization of fascism in the 1930s produced a sense of a revolutionary new beginning and created a transnational fascist new order in which Nazi Germany came to occupy a potent

position of authority The book analyzes how the eliminationist initiative and precedent of Nazi Germany became a second license that empowered fascist regimes across Europe to embark on their own eliminationist projects with diminished accountability Finally it examines how this license enhanced by the actions of fascists and the collapse of order caused by World War Two released individuals and communities from the burden of legal and moral accountability turning them into accomplices in the most wide brutal and devastating genocidal campaign that the continent had ever experienced

Britain's First Labour Government J. Shepherd, K. Laybourn, 2006-10-27 This volume is the first major account for nearly fifty years to critically re assess Labour's first period in office in terms of domestic foreign and imperial policy It draws on a wide range of private papers and official sources and reconstructs the history of this forgotten government in the broader social and political context of the 1920s

The British Army Regular Mounted Infantry 1880-1913 Andrew Winrow, 2016-11-03 The regular Mounted Infantry was one of the most important innovations of the late Victorian and Edwardian British Army Rather than fight on horseback in the traditional manner of cavalry they used horses primarily to move swiftly about the battlefield where they would then dismount and fight on foot thus anticipating the development of mechanised infantry tactics during the twentieth century Yet despite this apparent foresight the mounted infantry concept was abandoned by the British Army in 1913 just at the point when it may have made the transition from a colonial to a continental force as part of the British Expeditionary Force Exploring the historical background to the Mounted Infantry this book untangles the debates that raged in the army Parliament and the press between its advocates and the supporters of the established cavalry With its origins in the extemporised mounted detachments raised during times of crisis from infantry battalions on overseas imperial garrison duties Dr Winrow reveals how the Mounted Infantry model unique among European armies evolved into a formalised and apparently highly successful organisation of non cavalry mounted troops He then analyses why the Mounted Infantry concept fell out of favour just eleven years after its apogee during the South African Anglo Boer War of 1899-1902 As such the book will be of interest not only to historians of the nineteenth century British army but also those tracing the development of modern military doctrine and tactics to which the Mounted Infantry provided successful if short lived inspiration

Public Health in the British Empire Ryan Johnson, Amna Khalid, 2012-03-12 Over the last several decades historians of public health in Britain's colonies have been primarily concerned with the process of policy making in the upper echelons of the medical and sanitary administrations Yet it was the lower level staff that formed the backbone of public health systems in the colonies Although they constituted the bases of many colonies public health machinery there is no consolidated study of these individuals to date Public Health in the British Empire addresses this gap by bringing together historians studying intermediary and subordinate staff across the British Empire Along with investigating the duties and responsibilities of medical and non medical intermediary and subordinate personnel the contributors to this volume show how the subjectivity of these agents influenced the manner in which they discharged their

duties and how this in turn shaped policy Even those working as low level assistants and aids were able to affect policy design In this way Public Health in the British Empire brings into sharp relief the disaggregated nature of the empire thereby challenging the understanding of the imperial project as an enterprise conceived of and driven from the center *Origins of Pan-Africanism* Marika Sherwood,2012-07-26 *Origins of Pan Africanism* Henry Sylvester Williams Africa and the African Diaspora recounts the life story of the pioneering Henry Sylvester Williams an unknown Trinidadian son of an immigrant carpenter in the late 19th and early 20th century Williams then a student in Britain organized the African Association in 1897 and the first ever Pan African Conference in 1900 He is thus the progenitor of the OAU AU Some of those who attended went on to work in various pan African organizations in their homelands He became not only a qualified barrister but the first Black man admitted to the Bar in Cape Town and one of the first two elected Black borough councilors in London These are remarkable achievements for anyone especially for a Black man of working class origins in an era of gross racial discrimination and social class hierarchies Williams died in 1911 soon after his return to his homeland Trinidad Through original research *Origins of Pan Africanism* Henry Sylvester Williams Africa and the African Diaspora is set in the social context of the times providing insight not only into a remarkable man who has been heretofore virtually written out of history but also into the African Diaspora in the UK a century ago *Labour and the left in the 1980s* Jonathan Davis,Rohan McWilliam,2017-12-11 This volume of essays constitutes the first history of Labour and left wing politics in the decade when Margaret Thatcher reshaped modern Britain Leading scholars explore aspects of left wing culture activities and ideas at a time when social democracy was in crisis There are articles about political leadership economic alternatives gay rights the miners strike the Militant Tendency and the politics of race The book also situates the crisis of the left in international terms as the socialist world began to collapse Tony Blair s New Labour disavowed the 1980s left associating it with failure but this volume argues for a more complex approach Many of the causes it championed are now mainstream suggesting that the time has come to reassess 1980s progressive politics despite its undeniable electoral failures With this in mind the contributors offer ground breaking research and penetrating arguments about the strange death of Labour Britain **Codename** **Intelligentsia** Russell Campbell,2018-05-01 He was the son of a hereditary peer one of the wealthiest men in Britain His childhood was privileged at Cambridge he flourished At the age of 21 he founded The Film Society and became a pioneering standard bearer for film as art He was a collaborator of Alfred Hitchcock rescuing *The Lodger* and later producing his ground breaking British thrillers *The Man Who Knew Too Much* *The 39 Steps* *Secret Agent* and *Sabotage* He directed comedies from stories by H G Wells worked in Hollywood with Eisenstein and made documentaries in Spain during the Civil War He lobbied for Trotsky to be granted asylum in the UK and became a leading propagandist for the anti fascist and Communist cause Under the nose of MI5 who kept him under constant surveillance he became a secret agent of the Comintern and a Soviet spy He was a man of high intelligence and moral concern yet he was blind to the atrocities of the Stalin regime This is the

remarkable story of Ivor Montagu and of the burgeoning cinematic culture and left wing politics of Britain between the wars
It is a story of restless energy generosity of spirit creative achievement and intellectual corruption Statistics and the Public Sphere Tom Crook, Glen O'Hara, 2012-03-15 Statistics and the Public Sphere is the first scholarly volume to address directly the place and function of numbers in modern British political culture from roughly 1800 through to the present
