Is My Native Land Lewis H. Siegelbaum, Leslie Page Moch, 2015-02-06 Whether voluntary or coerced hopeful or desperate people moved in unprecedented numbers across Russia's vast territory during the twentieth century *Broad Is My Native Land* is the first history of late imperial Soviet and post Soviet Russia through the lens of migration Lewis H Siegelbaum and Leslie Page Moch tell the stories of Russians on the move capturing the rich variety of their experiences by distinguishing among categories of migrants settlers seasonal workers migrants to the city career and military migrants evacuees and refugees deportees and itinerants So vast and diverse was Russian political space that in their journeys migrants often crossed multiple cultural linguistic and administrative borders By comparing the institutions and experiences of migration across the century and placing Russia in an international context Siegelbaum and Moch have made a magisterial contribution to both the history of Russia and the study of global migration The authors draw on three kinds of sources letters to authorities typically appeals for assistance the myriad forms employed in communication about the provision of transportation food accommodation and employment for migrants and interviews with and memoirs by people who moved or were moved often under the most harrowing of circumstances Taken together these sources reveal the complex relationship between the regimes of state control that sought to regulate internal movement and the tactical repertoires employed by the migrants themselves in their often successful attempts to manipulate resist and survive these official directives **My Native Land** Literacy Volunteers of New York City Staff, 1992 Collections of stories and essays by adult new writers Each piece captures a memory of the writer's homeland **Russia at War, 1941-1945** Alexander Werth, 2017-03-14 In 1941 Russian born British journalist Alexander Werth observed the unfolding of the Soviet German conflict with his own eyes What followed was the widely acclaimed book *Russia at War* first printed in 1964 At once a history of facts a collection of interviews and a document of the human condition *Russia at War* is a stunning modern classic that chronicles the savagery and struggles on Russian soil during the most incredible military conflict in modern history As a behind the scenes eyewitness to the pivotal shattering events as they occurred Werth chronicles with vivid detail the hardships of everyday citizens massive military operations and the political movements toward diplomacy as the world tried to reckon with what they had created Despite its sheer historical scope Werth tells the story of a country at war in startlingly human terms drawing from his daily interviews and conversations with generals soldiers peasants and other working class civilians The result is a unique and expansive work with immeasurable breadth and depth built on lucid and engaging prose that captures every aspect of a terrible moment in human history Now newly updated with a foreword by Soviet historian Nicolas Werth

the son of Alexander Werth this new edition of Russia at War continues to be indispensable World War II journalism and the definitive historical authority on the Soviet German war Letters: Summer 1926 Boris Pasternak, Marina

Tsvetayeva, Rainer Maria Rilke, 2001-10-31 Edited by Yevgeny Pasternak Yelena Pasternak and Konstantin M Azadovsky The summer of 1926 was a time of trouble and uncertainty for each of the three poets whose correspondence is collected in this moving volume Marina Tsvetayeva was living in exile in France and struggling to get by Boris Pasternak was in Moscow trying to come to terms with the new Bolshevik regime Rainer Maria Rilke in Switzerland was dying Though hardly known to each other they began to correspond exchanging a series of searching letters in which every aspect of life and work is discussed with extraordinary intensity and passion Letters Summer 1926 takes the reader into the hearts and minds of three of the twentieth century's greatest poets at a moment of maximum emotional and creative pressure **Documents of**

Russian History, 1914-1917 Frank Alfred Golder, 1927 **Freedom and Terror in the Donbas** Hiroaki Kuromiya, 1998

This book discusses both the freedom of the Ukrainian Russian borderland of the Donbas and the terror it has suffered because of that freedom In a detailed panorama the book presents the tumultuous history of the steppe frontier land from its foundation as a modern coal and steel industrial center to the post Soviet present Wild and unmanageable this haven for fugitives posed a constant political challenge to Moscow and Kiev In light of new information gained from years of work in previously closed Soviet archives including the former KGB archives in the Donbas the book presents from a regional perspective new interpretations of critical events in modern Ukrainian and Russian history the Russian Revolution the famine of 1932-33 the Great Terror World War II collaboration the Holocaust and de Stalinization **The Unknown Tsesarevich.**

Reminiscences and Considerations on V. K. Filatov's Life and Times Oleg Filatov, 2019-01-24 The book is about the rescue of Tsesarevich The central part is the reminiscences of O Filatov The I chapter The Sources gives the archive information about the course of events on 1918 in Ekaterinburg The II chapter Relations with Other People is a description of the life of the family in the Urals The III chapter The North Star is about the life of the family in the north of Russia The IV chapter The Royal Blood Must be examined is about the identification of Tsesarevich George Kennan and the Dilemmas of US Foreign Policy David Mayers, 1990-04-12 One of a select group of American foreign service officers to receive specialized training on the Soviet Union in the late 1920s and early 1930s George Frost Kennan eventually became the American government's chief expert on Soviet affairs during the height of the Cold War Drawing upon a wealth of original research David Mayers' fascinating life of George Kennan examines his high level participation in foreign policy making and interprets his political and philosophical development within a historical framework Mayers presents an engaging and lucid account of Kennan's training his rise to prominence during the late 1940s and his policy failures and his later roles as critic of America's external policy advocate of détente with the Soviet Union and proponent of nuclear arms limitation Mayers also explores Kennan's complicated relationships with such important political figures and analysts as Dean Acheson John Foster Dulles

and Walter Lippmann **Historic Studies in Vaud, Berne, and Savoy** John Meredith Read,1897 **The Westminster Review** ,1880 Westminster and Foreign Quarterly Review ,1880 **Air University Library Index to Military Periodicals** ,1965 **Russia as Seen and Described by Famous Writers** Esther Singleton,1904 **Beginnings of Russian Industrialization, 1800-1860** William L. Blackwell,2015-12-08 Since Russian tradition and institutions resemble those of Asia and Africa as much if not more than the patterns of Western societies the pre 1917 industrial history of Russia as the last part of the tsarist regime provides one of the most important examples of early industrialization in world history In this broad ambitious reconstruction of the early stages of Russia s industrial development English Professor Blackwell shows that the period from 1800 to 1860 was one of necessary preparation for the rapid industrialization of the later 19th century The book is based upon a wide variety of primary and secondary sources in the Russian language Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Russo-Turkish War: including an account of the rise and decline of the Ottoman power and the history of the eastern question** Henry Montague Hozier,1878 *The New Migration in Europe* Khalid Koser,Helma Lutz,1998-06-12 Recent migration in Europe has a whole range of characteristics which are said to distinguish it from earlier migration and the description new migration is often used Based on a wide range of empirical case studies of the new migration this book asks three critical questions To what extent is the description new conceptually valid How is the new migration defined and by whom How is the new migration experienced by migrants themselves
