Russian and Soviet Painting, 1977 **Russian and Soviet Painting**, 1977 *Russian and Soviet Views of Modern Western Art* Ilia Dorontchenkov, N. A. Gur'ianova, 2009 From the first Modernist exhibitions in the late 1890s to the Soviet rupture with the West in the mid 1930s Russian artists and writers came into wide contact with modern European art and ideas Introducing a wealth of little known material set in an illuminating interpretive context this sourcebook presents Russian and Soviet views of Western art during this critical period of cultural transformation The writings document complex responses to these works and ideas before the Russians lost contact with them almost entirely Many of these writings have been unavailable to foreign readers and until recently were not widely known even to Russian scholars Both an important reference and a valuable resource for classrooms the book includes an introductory essay and shorter introductions to the individual sections *Masterpieces of Soviet Painting and Sculpture* Rena Lavery, Ivan Lindsay, Katia Kapushesky, 2016 This will be the resource book for art historians galleries auctioneers and students of Soviet art history Russian Art and the West Rosalind Polly Blakesley, Susan Emily Reid, 2007 This book addresses the lively artistic dialogue that took place between Russia and the West in particular with the United States Britain and France from the 1860s to the Khrushchev Thaw Offering stimulating new readings of cross cultural exchange it illuminates Russia's compelling and sometimes combative relation with western art in this period of profound cultural transformation Russian Art and the West breaks new ground in the range of its material and its chronological span Attending both to vanguard tendencies and to the official artistic institutions and practices of the tsarist and Soviet eras it casts light on seminal developments little studied in western scholarship while also providing new contexts for and fresh insights into the avant garde of the early twentieth century The book's eleven essays by leading experts on Russian art and design explore painting architecture and the decorative arts considering not only the objects but also the patrons audiences exhibitions and critical readings that together shaped national culture in an international context Written in an accessible style and encompassing a variety of approaches they collectively rethink conventional polarities and influences and unpack the myths of separateness and isolation so often associated with artistic endeavor in late imperial or Soviet Russia This illustrated volume will appeal to students scholars and general readers seeking to understand the fuller context of Russian artistic culture during a remarkable century of social and political change
