Russian Century A History Of The Last Hundred Years

Rodney P. Carlisle, J. Geoffrey Golson

Russian Century A History Of The Last Hundred Years:

The Russian Century Brian Moynahan,1995 Making extensive use of contemporary accounts Moynahan traces Russia's turbulent 20th century from the last days of tsarist rule to the Bolshevik Revolution two world wars and one cold one and to the overthrow of the Communist regime Simultaneously a political social More and oral history this book will quickly become the preeminent short history of Russia's recent past *The Russian Century* Brian Moynahan,1995 Making extensive use of contemporary accounts Moynahan traces Russia's turbulent 20th century from the last days of tsarist rule to the Bolshevik Revolution two world wars and one cold one and to the overthrow of the Communist regime Simultaneously a political social and oral history this book will quickly become the preeminent short history of Russia's recent past Photos [The Russian Century](#) Brian Moynahan,1994 [Turning Points—Actual and Alternate Histories](#) Rodney P. Carlisle,J. Geoffrey Golson,2007-09-26 This fascinating work is a series of explorations of key events in the administrations of Ronald Reagan and George H W Bush each of which speculates on what might have happened if events had unfolded differently The Reagan Era explores a time that saw the rise of the political conservatism that has dominated U S politics in recent years as well as the end of the Cold War which drove American foreign policy for nearly a half century What if Jimmy Carter had successfully navigated the energy shortage and the Iranian hostage crisis What if the assassination attempt on Reagan had succeed What if Iran Contra had not become a scandal These are among the specific topics examined in the book which looks at 11 crucial events and speculates on the effects of alternative outcomes By showing how easily the world might be different The Reagan Era reveals the lasting impact of that era's defining moments **The Russian Revolution** Sean McMeekin,2017-05-30 A powerful revisionist history Times UK illuminating the tensions and transformations of the Russian Revolution In The Russian Revolution acclaimed historian Sean McMeekin traces the events which ended Romanov rule ushered the Bolsheviks into power and introduced Communism to the world Between 1917 and 1922 Russia underwent a complete and irreversible transformation Taking advantage of the collapse of the Tsarist regime in the middle of World War I the Bolsheviks staged a hostile takeover of the Russian Imperial Army promoting mutinies and mass desertions of men in order to fulfill Lenin's program of turning the imperialist war into civil war By the time the Bolsheviks had snuffed out the last resistance five years later over 20 million people had died and the Russian economy had collapsed so completely that Communism had to be temporarily abandoned Still Bolshevik rule was secure owing to the new regime's monopoly on force enabled by illicit arms deals signed with capitalist neighbors such as Germany and Sweden who sought to benefit politically and economically from the revolutionary chaos in Russia Drawing on scores of previously untapped files from Russian archives and a range of other repositories in Europe Turkey and the United States McMeekin delivers exciting groundbreaking research about this turbulent era The first comprehensive history of these momentous events in two decades The Russian Revolution combines cutting edge scholarship and a fast paced narrative to shed new light on one of the most significant turning points of the

twentieth century *Putin* Richard Lourie, 2017-07-18 An electrifying and timely book by leading Russian expert Richard Lourie that explores Putin's failures and whether Trump's election gives Putin extraordinarily dangerous opportunities in our mad new world. A master chronicler of modern Russia. Drawing on his own expertise, Lourie paints a convincing portrait of a ruthless authoritarian leader headed toward failure. This book serves as an essential primer on Putin and, by extension, Russia. Publishers Weekly. For reasons that are made clear in this book, Putin's Russia will collapse just as Imperial Russia did in 1917 and as Soviet Russia did in 1991. The only questions are when, how violently, and with how much peril for the world. The U.S. election complicates everything, including Putin's next land grab. Exploitations of the Arctic, cyber espionage, Putin and China, and many more crucial topics. *Putin: His Downfall and Russia's Coming Crash* is an essential read for everybody bewildered and dismayed by the new world order.

Russia's Bitter Path to Modernity Alexander Chubarov, 2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped, or will it choose its own distinct path of development? In this history of Russia from 1917 to the present, Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia, *The Fragile Empire*. One of the key factors to Russia's distinctiveness is its halfway location in the center of the Eurasian landmass. This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles. Neither approach, says Chubarov, will work on its own. Chubarov offers a balanced view, abstaining from narrow ideologically biased assessments and examining the triumphs, yes, and failures of Russia's Soviet development within Russia's own cultural and historical context. Without ever minimizing the brutalities of the Soviet period—the state terror, the collectivizations, the labor camps, the deportations of whole peoples—Chubarov demonstrates much continuity between tsarist and Soviet Russia, with the latter often repeating the former's mistakes. Russia, says Chubarov, cannot turn its back on its Soviet experience. Far from being a blind alley or aberrant phase, the Soviet period was an organic part of Russia's history and was largely successful in turning Russia and most of the other Soviet republics into modern states.

Moscow Diary. By An American Living in Moscow Francesca de Bardin, 2024-11-13 With both US and French passports, I could live almost anywhere. And I chose Moscow. This is the story of my heart-warming experiences with Russian strangers I met almost daily. You will be surprised and entertained to learn about the challenges I faced and the new discoveries I made as an American living in Moscow.

The Russian Century Pahomov, Lupinin, 2008-09-15 *The Russian Century* is the most comprehensive and accessible collection of readings devoted to Russian culture and civilization. The fascinating first-person accounts paint a vivid picture of the Russian people through the turbulent years of the collapse of the Soviet Union. This book allows readers to see Russia through the private lives of people who come from diverse backgrounds, various educational and socio-economic experiences, and a broad geographic spectrum. Diary entries, personal sketches, memoirs, and letters tell these stories in an intimate and authentic voice of immediate experience rather than the distant general flow of history. Translated into English for the first time, personal

matters as well as the larger social and political context are revealed in a manner that provides significant insight into a powerful distinctive and influential culture All too often the Russian experience has been presented as either horrific or heroic This volume goes beyond that approach and deals with areas which have received little or no attention to existing studies of Russian history and culture love sexuality courtship marriage family life work education and religion *Russian Philosophy in the Twenty-First Century* Mikhail Sergeev, Alexander N. Chumakov, Mary Theis, 2020-11-23 Russian Philosophy in the Twenty First Century An Anthology provides the English speaking world with access to post Soviet philosophic thought in Russia for the first time The Anthology presents the fundamental range of contemporary philosophical problems in the works of prominent Russian thinkers In contrast to the single mindedness of Soviet era philosophers and the bias toward Orthodox Christianity of migr philosophers it offers to its readers the authors plurality of different positions in widely diverse texts Here one finds strictly academic philosophical works and those in an applied pragmatic format secular and religious that are dedicated to complex social and political matters to pressing cultural topics or insights into international terrorism as well as to contemporary science and global challenges *On Russian Music* Richard Taruskin, 2009 This volume gathers 36 essays by one of the leading scholars in the study of Russian music An extensive introduction lays out the main issues and a justification of Taruskin s approach seen both in the light of his intellectual development and in that of the changing intellectual environment

100 Years On: Revisiting the First Russian Art Exhibition of 1922 Isabel Wünsche, Miriam Leimer, 2022-12-12 The First Russian Art Exhibition Erste Russische Kunstausstellung which opened at the Galerie van Diemen in Berlin on October 15 1922 and later travelled to Amsterdam introduced a broad Western audience to the most recent artistic developments in Russia The extensive show more than a thousand works including paintings graphic works sculptures stage designs architectural models and works of porcelain was remarkably inclusive in its scope which ranged from traditional figurative painting to the latest constructions of the Russian avant garde Coming on the heels of the Treaty of Rapallo the exhibition was a first cultural step towards bilateral relations between two young and yet internationally isolated new states the Weimar Republic and the Russian Soviet Republic Moving away from the narrow focus on the avant garde the volume presents new research that examines the exhibition s broader historical scope and cultural implications The reception of the exhibition within artistic circles in Germany Europe the United States and Japan in the 1920s is addressed as well as the disposition of many of the works exhibited The combination of longer thematic essays and short features along with reproductions of newly identified works and a selection of unpublished archival materials make this book valuable to both a scholarly and a general readership

The Wealth and Poverty of Nations: Why Some Are So Rich and Some So Poor David S. Landes, 1999-05-17 New York Times Bestseller Readers cannot but be provoked and stimulated by this splendidly iconoclastic and refreshing book Andrew Porter New York Times Book Review The Wealth and Poverty of Nations is David S Landes s acclaimed best selling exploration of one of the most contentious and hotly debated questions of

our time Why do some nations achieve economic success while others remain mired in poverty The answer as Landes definitively illustrates is a complex interplay of cultural mores and historical circumstance Rich with anecdotal evidence piercing analysis and a truly astonishing range of erudition The Wealth and Poverty of Nations is a picture of enormous sweep and brilliant insight Kenneth Arrow as well as one of the most audaciously ambitious works of history in decades

Russian Church Singing: History from the origins to the mid-seventeenth century Johann von Gardner,1980 The history of church singing in Russia constitutes an essential aspect of that nation s culture and musical history For the first 650 years from the Christianization of Rus in the year 988 liturgical chant was the only documentable art music in that vast territory that eventually became the modern nations of Russia Ukraine and Belarus Indeed in Russia before the revolution of 1917 liturgical musicology was a bona fide scholarly discipline taught in conservatories universities and theological seminaries All activity in the field came to a halt however during the 75 year Soviet era when the study and practice of sacred music was severely repressed for ideological reasons with a resulting lack of published research and secondary material Consequently Russian and Western music historians church musicians and liturgical scholars as well as ordinary church goers whose interest in Orthodox Christianity and its art has been increasing of late have been deprived of reference works that would impart even a general knowledge of the history and development of liturgical singing in the Russian Orthodox Church The present Volume Russian Church Singing Volume 2 is the second installment of Professor Johann von Gardner s monumental work to appear in English translation The 396 page volume translated and edited by Dr Vladimir Morosan considers the development and practice of liturgical chant in the Russian lands from a variety of aspects its origins and the various cultural influences upon its formation extant manuscripts the evolution of the notation and the problematics of deciphering it into modern day notes the forces involved in its performance its stylistic evolution from exclusively monodic forms to improvised and eventually notated polyphony its earliest known composers and performing ensembles its aesthetics in relation to liturgy the language and the various problems that arose over the centuries resulting in the adoption of Westernized stylistic models around the year 1650 which marks the approximate end of the time period covered in this volume Much of this information is made accessible for the first time to the English reader and will be of interest both to the specialist and to the general reader generating a healthy demand for further research and exploration into this fascinating and hitherto unknown field Book jacket [The Routledge Handbook of Russian International Relations Studies](#) Maria Lagutina,Natalia Tsvetkova,Alexander Sergunin,2023-02-27 This handbook examines the study of international relations IR in Russia giving a comprehensive analysis of historical theoretic conceptual geographical and institutional aspects It identifies the place and role of Russia in global IR and discusses the factors that facilitate or impede the development of Russian IR studies The contributors represent diverse Russian regions and IR schools and offer an overview of different intellectual traditions and key IR paradigms in the post Soviet era Filling the vacuum in international understanding of the Russian

perspective on pivotal international issues they demonstrate the continuity and change in Russia's international policy course over the past three decades and explain how different foreign policy schools and concepts have affected Russian foreign policy making and the decision making process Providing a unique contribution to the discussion on non Western IR theory this handbook will appeal to scholars and students of international relations Russian studies world politics and international studies

Listen, Hans Dorothy Thompson, 2019-08-16 In the spring of 1942 Dorothy Thompson began broadcasting to Germany via shortwave radio in an anti Nazi propaganda campaign commissioned by CBS There was no central coordination of propaganda during that first year of America's involvement in the war radio producers and networks were encouraged to develop their own programs with the advice and consent of the Office of War Information Dorothy thought of her speeches as sermons on the evils of Nazism and the inevitability of German defeat They were addressed in German to a fictional Prussian Junker identified only as Hans Hans was really Helmuth von Moltke a Christian and a pacifist and the leader of the so called Kreisau Circle the foremost think tank of the German resistance In 1944 he would lose his life in the mass executions that followed the plot to assassinate Hitler These weekly speeches broadcast from March 27 until September 4 1942 combined argument history analysis polemic and what her publishers called a few Dorothyish shrieks In his own radio broadcasts Goebbels denounced Dorothy Thompson as the scum of America Dorothy Thompson's friend Ernestine Evans had the idea of publishing the broadcasts as a dollar book In August 1942 Dorothy composed a 150 page essay to introduce the speeches She called it *The Invasion of the German Mind* and poured into it her twenty years of knowledge of the German nation A brilliant textbook of timely propaganda New York Times November 29 1942 The Dorothy Thompson whom I have always particularly admired and enjoyed the Dorothy Thompson who does not confuse writing with oratory Writing carefully and exactly she seeks to isolate the quarreling elements that go to make up the mind of the average German individual John Chamberlain New York Times November 28 1942 The Listen Hans introduction is one of the best if not the very best analysis ever written about the German people written by a non German Carl Zuckmayer

Empire of the Periphery Boris Kagarlitsky, 2007-12-20 Leading writer Boris Kagarlitsky offers an ambitious account of 1000 years of Russian history Encompassing all key periods in Russia's dramatic development the book covers everything from early settlers through medieval decline Ivan the Terrible the English Tsar Peter the Great the Crimean War and the rise of capitalism the revolution the Soviet period finally ending with the return of capitalism after 1991 Setting Russia within the context of the World System as outlined by Wallerstein this is a major work of historical Marxist theory that is set to become a future classic

Trust and Western-Russian Business Relationships Angela Ayios, 2018-01-18 Ayios looks at the Western experience of doing business in Russia and how trust between business partners from East and West is created or destroyed within the business relationship This book provides the reader with an in depth look at the key factors that lead international partners to trust each other in a business relationship Detailed data gathered from practitioners during 1996 and 1997 across a variety of industry sectors provides a

thorough account of the cultural difficulties that are encountered in the Russian context and methods that can be employed to enhance trust and increase the chances of business success A final chapter brings the reader up to date with the current business situation and compares the findings from the mid 1990s to the situation today It aims to provide a good understanding of the literature on trust to give anyone with an interest in the development of inter personal trust a firm grounding This is one of the first attempts to gather data at a cross cultural level on determinants of trust and will be of interest to people working in cross cultural business studies east west studies international management international trust international business ethics and trust

Nureyev, His Life Diane Solway,1998 Traces the legendary Russian dancer s climb out of poverty in the war torn Soviet Union to become one of the century s most popular and influential artists In order to separate reality from myth the author draws on Soviet archives family documents diaries correspondence and about 200 interviews with his friends peers family partners and professional colleagues She takes us inside the great companies and shows how Nureyev changed the face of ballet and transformed the role of the male dancer Annotation copyrighted by Book News Inc Portland OR

Between the Icon and the Idol Artur Mrowczynski-Van Allen,2013-11-14 The totalitarian state clearly intends to eliminate all those forms of organic community that rival the absolute loyalty of the individual to the state This god is a jealous god Mrowczy ski Van Allen s diagnosis is therefore no less relevant after the fall of the Berlin Wall And his proposed cure is no less salutary He appeals to the work of Grossman and other voices from the East to oppose the idolatry of the deified self with the icon which opens up a distance in which giving and forgiving can occur Eastern voices are so helpful because they refuse to quarantine theological questions the borders between theology politics and literature are fluid and porous because they are all a part of an integrated life The holism of totalitarianism must be opposed by another kind of holism that replaces the idol with the icon At the same time the aspiration of secularism to separate politics from theology and power from love must be opposed by a politics based on an opening of human persons to God and to each other the kind of self donation found in Grossman and for Christians on the Cross From the Foreword by William T Cavanaugh

Right here, we have countless ebook **Russian Century A History Of The Last Hundred Years** and collections to check out. We additionally meet the expense of variant types and next type of the books to browse.
