*Introduction to Healthcare for Russian-speaking Interpreters and Translators* Ineke H.M. Crezee, Johanna Hautekiet, Lidia Rura, 2021-11-15 Health interpreters and translators often face unpredictable assignments in the multifaceted healthcare setting. This book is based on the very popular international publication *Crezee 2013* and has been supplemented with commonly asked questions and glossaries in Russian. Just like the 2013 textbook, this practical resource will allow interpreters and translators to quickly read up on healthcare settings, familiarizing themselves with anatomy, physiology, medical terminology and frequently encountered medical conditions, diagnostic tests and treatment options. This is an exceptionally useful and easily accessible handbook, in particular for interpreters, translators, educators and other practitioners working between Russian and English. Russian speakers represent a rich and diverse range of historical, religious and cultural traditions. This book covers some of those while also describing the Russian health system and touching on cultural beliefs and natural medicine approaches. This unique book is an indispensable *vade mecum* for anyone wanting to navigate language access involving speakers of Russian in the health setting.      *Russian Writers on Translation* Brian James Baer, Natalia Olshanskaya, 2014-07-16 Since the early eighteenth century, following Peter the Great's policy of forced westernization, translation in Russia has been a very visible and much discussed practice. Generally perceived as an important

service to the state and the nation translation was also viewed as a high art leading many Russian poets and writers to engage in literary translation in a serious and sustained manner As a result translations were generally regarded as an integral part of an author s oeuvre and of Russian literature as a whole This volume brings together Russian writings on translation from the mid 18th century until today and presents them in chronological order providing valuable insights into the theory and practice of translation in Russia Authored by some of Russia s leading writers such as Aleksandr Pushkin Fedor Dostoevskii Lev Tolstoi Maksim Gorkii and Anna Akhmatova many of these texts are translated into English for the first time They are accompanied by extensive annotation and biographical sketches of the authors and reveal Russian translation discourse to be a sophisticated and often politicized exploration of Russian national identity as well as the nature of the modern subject Russian Writers on Translation fills a persistent gap in the literature on alternative translation traditions highlighting the vibrant and intense culture of translation on Europe s periphery Viewed in a broad cultural context the selected texts reflect a nuanced understanding of the Russian response to world literature and highlight the attempts of Russian writers to promote Russia as an all inclusive cultural model

Translation in Russian Contexts Brian James Baer, Susanna Witt, 2017-07-28 This volume represents the first large scale effort to address topics of translation in Russian contexts across the disciplinary boundaries of Slavic Studies and Translation Studies thus opening up new perspectives for both fields Leading scholars from Eastern and Western Europe offer a comprehensive overview of Russian translation history examining a variety of domains including literature philosophy and religion Divided into three parts this book highlights Russian contributions to translation theory and demonstrates how theoretical perspectives developed within the field help conceptualize relevant problems in cultural context in pre Soviet Soviet and post Soviet Russia This transdisciplinary volume is a valuable addition to an under researched area of translation studies and will appeal to a broad audience of scholars and students across the fields of Translation Studies Slavic Studies and Russian and Soviet history Chapter 1 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com/books/e/9781315305356>

**The Chinese Translation of Russian Literature** Mark Gamsa, 2008 Focusing on the translation and translators of Boris Savinkov Mikhail Artsybashev and Leonid Andreev this book explores the processes of the translation transmission and interpretation of Russian literature in China during the first half of the 20th century

*Translation and the Making of Modern Russian Literature* Brian James Baer, 2015-11-19 Brian James Baer explores the central role played by translation in the construction of modern Russian literature Peter I s policy of forced Westernization resulted in translation becoming a widely discussed and highly visible practice in Russia a multi lingual empire with a polyglot elite Yet Russia s accumulation of cultural capital through translation occurred at a time when the Romantic obsession with originality was marginalizing translation as mere imitation The awareness on the part of Russian writers that their literature and by extension their cultural identity were born in

translation produced a sustained and sophisticated critique of Romantic authorship and national identity that has long been obscured by the nationalist focus of traditional literary studies By offering a re reading of seminal works of the Russian literary canon that thematize translation alongside studies of the circulation and reception of specific translated texts Translation and the Making of Modern Russian Literature models the long overdue integration of translation into literary and cultural studies
