Mommen**

Russian Regions And Regionalism:

Russian Regions and Regionalism Anne Aldis, Graeme P. Herd, 2003-08-29 The emergence of large regions within Russia as centres of gravity for political and international power and the changing relationship between these emerging regions and the centre are critically important factors currently at work within Russia This book examines the whole question of Russian regions and regionalism It considers important themes related to regionalism including demography security military themes and international relations and looks at a wide range of particular regions as case studies It discusses the extent to which regions have succeeded in establishing themselves as centres of power and assesses the degree to which President Putin is succeeding in incorporating regions into a hierarchy of power in which the primacy of the centre is retained **Russia's**

Regional Identities Edith Clowes, Gisela Erbslöh, Ani Kokobobo, 2018-01-17 Contemporary Russia is often viewed as a centralised regime based in Moscow with dependent provinces made subservient by Putin's policies limiting regional autonomy This book however demonstrates that beyond this largely political view by looking at Russia's regions more in cultural and social terms a quite different picture emerges of a Russia rich in variety with different regional identities cultures traditions and memories The book explores how identities are formed and rethought in contemporary Russia and outlines the nature of particular regional identities from Siberia and the Urals to southern Russia from the Russian heartland to the non Russian republics The Decline of Regionalism in Putin's Russia J. Paul Goode, 2011-05-11 This book reassesses Putin's attempt to reverse the decentralization of power that characterised centre regional relations in the 1990s focusing on regional responses to Putin's federal reforms It explains the decline of regionalism after 2000 in terms of the dynamics of regional boundaries understood as the juridical boundaries which demarcate a region's territorial extent and its resources institutional boundaries that sustain regional differences and cultural boundaries that define the ethnic or technocratic principles on which a region could claim legitimate existence The book questions the conventional wisdom regarding the success of Putin's regime It shows how regional governors responded not by attempting to deflect the reforms with outright resistance but by mimicking Putin's centralisation of power at the regional level In turn this facilitated the homogenisation of regional political regimes and regional mergers The book demonstrates how the reordering of regions advanced sporadically how pockets of resistance persist and how the potential for the revival of regionalism continues **Russian Regional**

Politics under Putin and Medvedev Cameron Ross, 2014-06-03 Many authors have alluded to the unique nature of Russia's dual transition and its difficult task of simultaneously reforming its economy and polity But there is in fact a third transition still far from completed that is of no less importance the need to reconfigure central regional relations and to create a stable and viable form of federalism There are vast economic demographic and political variations across the Russian federation Therefore an understanding of regions and the causes and consequences of cross regional diversity is a vitally important dimension of Russian politics that should not be overlooked It is only by studying regional level politics that we can gain a full

understanding of the complexities of Russia's protracted transition. This edited volume examines regional politics and centre-regional relations over the period 2000-2010 including the most recent developments which have taken place under the new dual leadership of Medvedev and Putin. All eight chapters have been written by leading experts in the field of Russian politics. In addition to chapters on regional elections, parties, regional governors and local politics, there are three chapters devoted to the important developments which are currently taking place in the Caucasus. This book was published as a special issue of *Europe Asia Studies*.
Imagining Russian Regions Susan Smith-Peter, 2017-10-02. In *Imagining Russian Regions*.

Subnational Identity and Civil Society in Nineteenth Century Russia Susan Smith-Peter shows how ideas of civil society encouraged the growth of subnational identity in Russia before 1861. Adam Smith and G. W. F. Hegel's ideas of civil society influenced Russians and the resulting plans to stimulate the growth of civil society also formed subnational identities. It challenges the view of the provinces as empty space held by Nikolai Gogol who rejected the new, non-noble provincial identity and welcomed a noble-only district identity. By 1861, these non-noble and noble publics would come together to form a multi-estate provincial civil society whose promise was not fulfilled due to the decision of the government to keep the peasant estate institutionally separate.

Regions and Regionalism in Europe Michael Keating, 2004. The last half century has seen the rise across Europe of a new intermediate level of government and politics usually referred to as a region. However, the term region means many different things and can be approached from many different angles: geographical, historical, cultural, social, economic and political. Although it is in Europe that regionalism as a multiform phenomenon has developed furthest, the European experience resonates in other parts of the world where some of these elements also exist. In this volume, Michael Keating has selected some of the most significant previously published articles which provide a comprehensive overview of past and current thinking on this subject.

Regional and National Elections in Eastern Europe Arjan H. Schakel, 2017-02-11. This book is the second of two studies which systematically explore territoriality of the vote in Europe. They investigate when and where voters treat regional elections differently from national contests and aim to increase our understanding of the dynamics of electoral competition which have become increasingly multifarious and complex in many countries due to the establishment and strengthening of regional government. This volume brings together leading experts on elections who analyze differences between regional and national electoral outcomes in ten East European countries since 1990. Based on a common analytical framework, each chapter investigates congruence between regional and national elections and traces and explains second-order and regional election effects. The editors applied a similar analytical framework in *Regional and National Elections in Western Europe* (Palgrave, 2013) which focused on 13 West European countries, enabling the authors to compare regional-electoral dynamics between Eastern and Western Europe and observe to what extent explanations for territorial heterogeneity in the vote in the West also apply to the East. This book will be of particular interest to advanced students and scholars in the fields of comparative politics, regional studies, Eastern European

politics and democratization *Regionalization and Globalization in the Modern World Economy* Alex E. Fernandez Jilberto, Andre Mommen, 2002-01-22 This collection explores the importance of regionalization and globalization to the world economy particularly questioning whether the world economy is characterized by increasing regionalization rather than globalization International contributors explore the processes in the Pacific area the Americas Africa and Europe and make an important contribution to current debates in development economics *Regionalization of the World* Pierre Beckouche, Yann Richard, 2024-05-29 On the world map macro regions or global regions have gradually emerged with varying degrees of success and following different trajectories The authors of this book attempt to determine whether within the context of globalization these macro regions have become an additional level in the spatial deployment of numerous actors and whether they have come to stand between the national and global levels This question has arisen because the increasing scales of trade environmental problems migration routes energy distribution the construction of major infrastructures etc transcend national boundaries and are leading states to implement macro regional cooperation The authors ask whether these large regional groupings are becoming genuine territories and are the fruit of in depth regional integration economic institutional legal normative political cultural and in terms of identity If so these global regions would therefore become referents that make sense and take root in social representations *The Regional Roots of Russia's Political Regime* William M. Reisinger, Bryon J Moraski, 2017-01-09 Insightful analysis of how regional politics shaped the executive branch's ability to retain power and govern under Yeltsin and Putin *Central Asia and Regional Security* Mr P L Dash, Ms Anita Sengupta, Mr Murat M Bakhadirov, 2014-02-15 While security concerns have assumed salience across the globe Afghanistan's proximity to Central Asia has meant that security or perceptions of insecurity dominate the strategic discourse in the region Issues that stand out include the challenges that the Central Asian states will face in terms of stability ethnic tensions radicalization of youth destabilization of commodity flows and energy security and the impact that these could have on Central Asian society However security cannot just be defined in terms of security at the borders It needs to be defined in cosmopolitan terms through an array of issues like movements across borders radicalism within states the sharing of water and various multilateral attempts at combating insecurity This volume is an attempt to focus on some of these issues that reflect on perceptions of security principally from Indian and Uzbek positions It examines shifts over the last two decades from debates on the geopolitical importance of the region from a great game perspective to the salience of new engagements within the international arena *Key Players and Regional Dynamics in Eurasia* M. Freire, R. Kanet, 2010-10-20 Explores Russia's re emergence as a major actor in Central Asia and the Caucasus a re emergence which is limited by the involvement and influence of external state and non state actors including China the USA and foreign energy companies **Regionalization and Globalization in the Modern World Economy** Alex E. Fernández Jilberto, André Mommen, 2017-03-16 Originally published in 1998 This collection of outstanding essays explores the importance of regionalization and globalization to the

world economy International contributions explore the process of regionalization in the Pacific Area The Americas Africa and Europe and question whether the world economy is characterized by increasing regionalization rather than globalization The book is an excellent contribution to debate on development economics It investigates how the processes of globalization and regionalization driven by liberalization of trade and capital markets weaken nationally established monopolies and protected industries and it looks at the challenge to Third World nations and the countries of the former socialist bloc **The**

Political Economy of Regionalism Michael Keating, John Loughlin, 2013-07-04 Examining the effects of economic and political restructuring on regions in Europe and North America the main themes here are international economic restructuring political realignments questions of territorial identity and policy choices and policy conflicts in regional development Russia after the Cold War Mike Bowker, Cameron Ross, 2014-06-17 In Russia after the Cold War the editors

provide an accessible and comprehensive survey of the state of Russia at the end of the twentieth century as it seeks to come to terms with its new status in the world community the pressures and tensions arising from economic and social change and with the problems of ensuring a democratic future Written by a specially commissioned team of internationally respected experts on contemporary Russia Russia after the Cold War is ideally suited as a main text for introductory courses on modern Russia within a politics Area Studies or combined social science degree Contributors Alexei Avtonomov Edwin Bacon John Berryman Christoph Bluth Michael Cox Nadia Davidova Mark Galeotti James Hughes Roger E Kanet Julie A Lund Nick Manning Andrew Patmore Anthony Phillips Richard Sakwa Peter Shearman Mark Webber Stephen Webber Stephen White Matthew Wyman **Regional politics in Russia** Cameron Ross, 2024-06-04 This innovative multi contributed book now

available in paperback argues convincingly that Russia will never be able to create a viable democracy as long as authoritarian regimes are able to flourish in the regions The main themes covered are democratisation at the regional level and the problems faced by the federal states in forging viable democratic institutions in what is now a highly asymmetrical Federation A major strength of the book lies in its combination of thematic chapters with case studies of particular regions and republics Very little has been published to date on the actual processes of democratisation in particular republics and regions The book takes into account the literature available on the new institutionalism and outlines the importance of institutions in developing and maintaining democracy It looks at the importance of sovereignty federalism and democratic order and considers the distinct problems of party building in Russia s regions Electoral politics are also considered fully before the book goes on to consider the whole issue of regional politics and democratisation in five particular areas of Russia Novgorod the Komi Republic Russia s Far East Tatarstan and Bashkortostan The authors the majority of whom are internationally recognised experts in their field have been drawn from Britain the USA Russia and Germany giving the book a truly global perspective *Regionalism and Modern Europe* Xosé M. Núñez Seixas, Eric Storm, 2018-12-13 Providing a valuable overview of regionalism throughout the entire continent Regionalism in Modern Europe combines both geographical

and thematic approaches to examine the origins and development of regional movements and identities in Europe from 1890 to the present. A wide range of internationally renowned scholars from the USA, the UK and mainland Europe are brought together here in one volume to examine the historical roots of the current regional movements and to explain why some of them, Scotland, Catalonia and Flanders among others, evolve into nationalist movements and even strive for independence while others, Brittany, Bavaria, do not. They look at how regional identities through regional folklore, language, crafts, dishes, beverages and tourist attractions were constructed during the 20th century and explore the relationship between national and subnational identities as well as regional and local identities. The book also includes 7 images, 7 maps and useful end of chapter further reading lists. This is a crucial text for anyone keen to know more about the history of the topical and at times controversial subject of regionalism in modern Europe.

Regions and Powers Barry Buzan, Ole Wæver, 2003-12-04. This book develops the idea that since decolonisation, regional patterns of security have become more prominent in international politics. The authors combine an operational theory of regional security with an empirical application across the whole of the international system. Individual chapters cover Africa, the Balkans, CIS, Europe, East Asia, EU, Europe, the Middle East, North America, South America and South Asia. The main focus is on the post Cold War period but the history of each regional security complex is traced back to its beginnings. By relating the regional dynamics of security to current debates about the global power structure, the authors unfold a distinctive interpretation of post Cold War international security, avoiding both the extreme oversimplifications of the unipolar view and the extreme deterritorialisations of many globalist visions of a new world disorder. Their framework brings out the radical diversity of security dynamics in different parts of the world.

Security and Cross-Border Cooperation in the EU, the Black Sea Region and Southern Caucasus A. Ergun, H. Isaxanli, 2013-02-28. Cross border cooperation is vital to overcoming obstacles to security building and the consolidation of stability, particularly in regions prone to political upheaval and conflict. This book presents papers from the NATO Advanced Research Workshop entitled 'Security and Cross Border Cooperation in the EU, Black Sea Region and Southern Caucasus'. This workshop was part of the NATO Science for Peace and Security Programme and was held in Ankara, Turkey, in September 2011. It focused on developing a future research agenda, strengthening regional studies and increasing interdisciplinarity and the means to improve cross border cooperation and was aimed at providing a comprehensive, interactive and interdisciplinary account of security building and cross border cooperation in which domestic, regional and international dimensions were discussed. The book is divided into three sections. The first provides an analysis of the role of international and domestic actors in contributing to security building in the Euro Atlantic, the Black Sea and the Southern Caucasus regions. The second section discusses the patterns of cross border cooperation in Eastern and Central Europe and the wider Black Sea region, concentrating on Romania, Moldova, Ukraine, Georgia and the Russian Federation. With references to the nature of international involvement in conflict resolution, the last section focuses on cross border cooperation in the Southern Caucasus.

where conflicts have an enormous impact on nation building state building and democratization and where prospects for stability and a viable peace remain in serious question This book is a valuable contribution to the literature on area studies cross border cooperation security and peace studies *Regional Cooperation in the South Caucasus* Tracey German, 2016-04-08 The South Caucasus region comprising the former Soviet states of Armenia Azerbaijan and Georgia occupies a key strategic location squeezed between the Black and Caspian Seas Iran Russia and Turkey Since the disintegration of the Soviet Union in 1991 the region has become an arena of geopolitical confrontation with regional powers such as Russia Turkey and Iran vying for influence in the face of growing Western involvement The Russian military intervention in Georgia in 2008 not only raised questions about Moscow s intentions towards its Near Abroad and the future direction of its foreign policy it also demonstrated that ostensibly local separatist disputes have serious ramifications for regional relations and the wider international community In this book German explores the extent of regional cooperation in the South Caucasus analyses the reasons for the relative lack of regional cooperation and assesses the potential for deeper cooperation in the future

The Enigmatic Realm of **Russian Regions And Regionalism**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Russian Regions And Regionalism** a literary masterpiece penned by way of a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those who partake in its reading experience.

Russian Regions And Regionalism Introduction

In the digital age, access to information has become easier than ever before. The ability to download Russian Regions And Regionalism has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Russian Regions And Regionalism has opened up a world of possibilities. Downloading Russian Regions And Regionalism provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Russian Regions And Regionalism has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Russian Regions And Regionalism. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Russian Regions And Regionalism. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Russian Regions And Regionalism, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability

to download Russian Regions And Regionalism has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Russian Regions And Regionalism Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Russian Regions And Regionalism is one of the best book in our library for free trial. We provide copy of Russian Regions And Regionalism in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Russian Regions And Regionalism. Where to download Russian Regions And Regionalism online for free? Are you looking for Russian Regions And Regionalism PDF? This is definitely going to save you time and cash in something you should think about.
