experiencing divorce as in Anne Fine's *Madame Doubtfire* to the childcare problems highlighted in Jacqueline Wilson's *Tracy Beaker* it might seem that the traditional family and the ideals that accompany it have long vanished. However in *The Family in English Children's Literature* Ann Alston argues that this is far from the case. She suggests that despite the tales of family woe portrayed in children's literature the desire for the happy contented nuclear family remains inherent within the ideological subtexts of children's literature. Using 1818 as a starting point Alston investigates families in children's literature at their most intimate focusing on how they share their spaces their ideals of home and even on what they eat for dinner. What emerges from Alston's study are not so much the contrasts that exist between periods but rather the startling similarities of the ideology of family intrinsic to children's literature. *The Family in English Children's Literature* sheds light on who maintains control who behaves and how significant children's literature is in shaping our ideas about what makes a family good.

Rusty Cindy Devereaux, 2013-08-06 My little dog's heartbeat at my feet. Edith Wharton. This story begins in Brooklyn New York. Rusty a terrier chow mix could be described as a family member loyal companion teacher best friend and quite possibly the neighborhood mascot. If the proverb it takes a village to raise a child could be paraphrased and dog substituted for child it would describe Rusty's relationship with his neighbors. They looked after him as if he were their own giving him walks rides play dates and treats. His owners adored him. Children made sure to visit him every day on their way home from school and on those rare occasions when he ran away search parties were formed to bring him back home. He was known for his playfulness and sweet disposition. When family members had emotional challenges he stayed by their sides. A channeled message from Archangel Michael at an International Angel Day workshop said Don't worry about Rusty the angels are looking after him. The reason for this message became clear two years later when Rusty's idyllic lifestyle was surprisingly interrupted. That situation was turned around when one of his owners remembered to call on the angels. They answered saved him and fulfilled Archangel Michael's promise. That is why his story is called *Rusty A Dog and His Angels*.
