Sacramental Orders

Paul Haffner

Sacramental Orders:

Sacramental Orders Susan K. Wood, 2000 Ordained ministry cannot be understood by itself or only in its relationship with Christ. It must find its identity in relationship to the Church for it exists to serve and build up the Church. In *Sacramental Orders* Susan Wood places the theology of ordained ministry within its ecclesial foundations, identifying four concepts that shed light on different aspects of ordained ministry and its relationship to the Church: a monarchical and hierarchical concept, a eucharistic collegial model of ministry representing the communion of particular Churches, the priest, prophet, and king, which structures the concept of the Church as the people of God, and a theology of the Church as a sacrament of Christ, and ordained ministry as a sacrament of the Church. *Sacramental Orders* is a liturgical and theological study of ordained ministry grounded in the liturgy of the 1990 typical edition of the rites. It addresses the three Orders within the one Sacrament of Order: bishop, presbyter, and deacon. By including each order with this study, the interrelationship between the three becomes more apparent, and the theology of one is allowed to inform the theology of the others. Wood points out that one of the challenges in theologies of ordained ministry today is to distinguish a bishop from a presbyter when both are ordinations to the priesthood, and presbyters are assuming a greater ministry of oversight as they pastor more than one parish, and to distinguish deacons from presbyters at a time in church history when deacons are assuming more presbyteral functions. *Sacramental Orders* also focuses on the mutual reciprocity in the relationship between liturgical rite and the theology of the sacrament as explained in ecclesial documents. The ordination rites reflect the theology expressed by Vatican II and yet also present a theology of the sacrament embedded in the liturgical texts and actions. Chapters are: The Ecclesiological Foundations of Ministry; The Liturgical Rite of the Ordination of a Bishop; The Sacramentality of Episcopal Consecration; The Liturgical Rite of the Ordination of Presbyters; Theology of the Presbyterate; The Liturgical Rite of the Ordination of Deacons; and Questions Concerning the Diaconate. Susan K. Wood, SCL, PhD, is Associate Professor of Theology at St. John's University, Collegeville, MN. She is the author of articles published in *Theological Studies*, *Pro Ecclesia*, *One in Christ*, *Worship*, *Studia liturgica*, *Communio*, and *Studio Canonica*. She is a member of the U.S. Lutheran-Roman Catholic Dialogue. *Understanding the Sacraments: Holy Orders* Lawrence E. Mick, 2007 *Holy Orders* **The Sacramental Mystery** Paul Haffner, 1999 The seven sacraments lie at the centre of Christian life and experience for here God, the Holy Trinity, touches human lives and hearts. This book is one of the few at the present time to offer a global synthesis of the main themes in the sacramental mystery in which the human and divine, the material and the spiritual realms are intimately intertwined. Paul Haffner outlines how the sacraments are the chief means in the Church through which God's people are reconciled to the Father through His Son by the power of the Holy Spirit. The book illustrates classical issues like the conditions for the validity and the efficacy of the sacraments as well as the minister, recipient, and effects of these sacred mysteries. It deals with particular topics like the necessity of Baptism, the sacrificial character of the Eucharist, and the nature of marriage. As he examines each sacrament in

turn the author also explores how new ecumenical questions affect Christian sacramental understanding I warmly commend this work on the subject of sacramental theology Archbishop Csaba Ternyak Secretary of the Vatican Congregation of the Clergy Paul Haffner is lecturer in systematic and dogmatic theology at the Pontifical Gregorian University the Pontifical Lateran University the Pontifical Athenaeum Regina Apostolorum and the Pontifical Institute Regina Mundi in Rome His publications include *The Mystery of Creation* *The Mystery of Reason* and *The Mystery of Mary* all also published by Gracewing

Deconstructing Sacramental Theology and Reconstructing Catholic Ritual Joseph Martos, 2015-05-12 Catholic sacramental doctrine has lost much of its credibility Baptized people leave the church adolescents stop attending shortly after they are confirmed supposedly indissoluble marriages regularly dissolve few go to confession and many do not believe in transubstantiation Drawing upon his decades long study of the sacraments Martos reveals how teachings that seemed rooted in the scriptures and Catholic life have become unmoored from the contexts in which they arose and why seemingly eternal truths are actually historically relative After carefully constructing Catholic teaching from the church's own documents he deconstructs it by demonstrating how biblical passages were misconstrued by patristic authors and how patristic writings were misunderstood by medieval scholastics The long process of misinterpretation culminated in the dogmatic pronouncements of the Council of Trent which continues to dominate Catholic thinking about the church's religious ceremonies If the sacraments are released from their dogmatic baggage Martos believes that the spiritual realities they symbolize can be celebrated in any human culture without being tied to their traditional rites

The Seven Sacraments of the Catholic Church Romanus Cessario, 2023-06-20 There are seven sacraments administered in the Catholic Church What are they and what do they do Why do human beings require sacramentalized visible realities to seal their confession of faith in Jesus Christ Why does the Catholic Church administer the sacraments in the way that it does Leading Catholic theologian Romanus Cessario OP offers an in depth explanation of the seven sacraments celebrated in the Catholic Church He addresses the rationale for the sacraments and provides detailed exposition of each one highlighting the importance of the Catholic tradition and of Thomas Aquinas in particular for contemporary reflection on the sacraments This book examines why participation in the sacramental life of the Church is required for the believing Christian and helps readers understand the role the sacraments play in the sanctification of the world

Touched by Christ: The Sacramental Economy Lawrence Feingold, 2021-05-07 The sacramental economy was instituted by Christ and entrusted to His Church in order to build up the Body of Christ in a twofold communion binding the members together with God and one another Touched by Christ The Sacramental Economy is an introductory course on Sacramental Theology suitable for all who seek a deeper understanding of how the Church's sacraments constitute channels of grace nurture supernatural life and heal us from our sins Lawrence Feingold expertly describes the nature of the sacraments their purpose fittingness and relationship with Christ and the New Covenant their relationship with the Old Covenant rites that prefigured them the character and grace that they communicate

and the nature of their causality Touched by Christ shows that the sacraments of the New Covenant should be understood as instruments of Christ's humanity that are used as words of power to communicate the sanctification that they signify infuse grace communicate the Holy Spirit and build up ecclesial communion in those who receive them with the right dispositions

Ditewig, 2007 Sketches the current state of the permanent diaconate especially in the United States then offers the historical developments which led to the contemporary diaconate and finally suggests a vision of the diaconate for the future always within the matrix of a servant ecclesiology which should characterize the entire Church
