H. McLeod,2009-07-24 Contrary to popular opinion there is more to Sikhism than the distinctive dress First of all there is the emergence of Guru Nanak the founder of Sikhism and the long line of his successors There are the precepts many related to liberation through the divine name or nam There is a particularly turbulent history in which the Sikhs have fought to affirm their beliefs and resist external domination that continues to this day There is also more recently the dispersion from the Punjab throughout the rest of India and on to Europe and the Americas With this emigration Sikhism has become considerably less exotic but hardly better known to outsiders This reference is an excellent place to learn more about the religion It provides a chronology of events a brief introduction that gives a general overview of the religion and a dictionary with several hundred entries which present the gurus and other leaders trace the rather complex history expound some of the precepts and concepts describe many of the rites and rituals and explain the meaning of numerous related expressions All this along with a bibliography provides readers with an informative and accessible guide toward understanding Sikhism

Sacred and Secular Musics Virinder S. Kalra,2014-11-20 How does the sacred secular opposition explain itself in the context of musical production This volume traces this binary as it frames Western Classical music and Indian Classical music in the 18th and 19th centuries laying the ground for a contemporary exploration of what is ostensibly sacred music in South Asia Offering a potent critique of musicological knowledge making Virinder S Kalra explores examples of South Asian musics

in various domains and traverses a new cartography of music in which the sacred and the secular overlap Drawing on examples which include Qawwali kirtan and popular devotional genres Sacred and Secular Musics offers new empirical material as well as new insights into conceptualising religion and music and the ways in which music performs sacredness and secularity across the contested India Pakistan border in the region of Punjab Through its deconstruction of the sacred secular opposition Sacred and Secular Musics explores the relationship of religion and music to wider questions of religion and politics Its postcolonial approach brings Asia into the Western sacred secular opposition and provides a set of analytical tools a language and range of theories to allow further exploration of non western religious music *Asa Di Var* Sohan Singh (Director),1982 Sacred Asa Di Var H. Do I Kneel or Do I Bow? Akasha Lonsdale, 2010-03-01 In today's multicultural society we are increasingly likely to meet and become friends with people from different religious backgrounds and to find ourselves attending an unfamiliar ceremony When this happens there can be few of us who know exactly what to expect or are confident about how to behave This book will help you to understand the backgrounds to the key festivals ceremonies and practices of the major world religions to participate in the main holidays and festivals of the different religious calendars to know what to expect and how to behave when invited to attend a Protestant Catholic Christian Orthodox Jewish Muslim Hindu Sikh or Buddhist service to join in the family celebrations of friends from different backgrounds Armed with this basic information you will feel relaxed enough to enjoy the occasion and perhaps inspired to discover more about the spiritual world view of another cultural tradition It is very easy to potentially give offence when you are unfamiliar with another's faith tradition So here's some quick Top Tips 1 Don't take alcohol to a Muslim celebration 2 Never point your feet at the Murti sacred deity in a Hindu Temple 3 Be prepared to stand for up to three hours at an Orthodox Christian wedding 4 Don't take flowers to a Jewish funeral 5 Keep your head covered at all times inside a Sikh Gurdwara Temple 6 Flowers are welcome at a Catholic or Protestant funeral 7 Be prepared to be gender segregated at a Muslim wedding 8 Cover your arms legs and chest but not your head at a Buddhist Temple

Encyclopedia of Diasporas Melvin Ember, Carol R. Ember, Ian Skoggard, 2004-11-30 Immigration is a topic that is as important among anthropologists as it is the general public Almost every culture has experienced adaptation and assimilation when immigrating to a new country and culture usually leaving for what is perceived as a better life Not only does this diaspora change the country of adoption but also the country of origin Many large nations in the world have absorbed and continue to absorb large numbers of immigrants The foreseeable future will see a continuation of large scale immigration as many countries experience civil war and secessionist pressures Currently there is no reference work that describes the impact upon the immigrants and the immigrant societies relevant to the world's cultures and provides an overview of important topics in the world's diasporas The encyclopedia consists of two volumes covering three main sections Diaspora Overviews covers over 20 ethnic groups that have experienced voluntary or forced immigration These essays discuss the history behind the social economic and

political reasons for leaving the original countries and the cultures in the new places Topics discusses the impact and assimilation that the immigrant cultures experience in their adopted cultures including the arts they bring the struggles they face and some of the cities that are in the forefront of receiving immigrant cultures Diaspora Communities include over 60 portraits of specific diaspora communities Each portrait follows a standard outline to facilitate comparisons The Encyclopedia of Diasporas can be used both to gain a general understanding of immigration and immigrants and to find out about particular cultures topics and communities It will prove of great value to researchers and students curriculum developers teachers and government officials It brings together the disciplines of anthropology social studies political studies international studies and immigrant and immigration studies **Kundalini Yoga** Shakti Parwah Kaur Khalsa,1998-08-01

Kazemipur,2022-02-28 Debates about Islam and Muslim societies have intensified in the last four decades triggered by the 1979 Islamic Revolution in Iran and later by the events of 9 11 Too often present in these debates are wrongheaded assumptions about the attachment of Muslims to their religion and the impossibility of secularism in the Muslim world At the heart of these assumptions is the notion of Muslim exceptionalism the idea that Muslims think believe and behave in ways that are fundamentally different from other faith communities In Sacred as Secular Abdolmohammad Kazemipur attempts to debunk this flawed notion of Muslim exceptionalism by looking at religious trends in Iran since 1979 Drawing on a wide range of data and sources including national social attitudes surveys collected since the 1970s he examines developments in the spheres of politics and governance schools and seminaries contemporary philosophy and the self expressed beliefs and behaviours of Iranian men women and youth He reveals that beneath Iran s religious facade is a deep secularization that manifests not only in individual beliefs but also in Iranian political philosophy institutional and clerical structures and intellectual life Empirically and theoretically rich Sacred as Secular looks at the place of religion in Iranian society from a sociological perspective expanding the debate on secularism from a predominantly West centric domain to the Muslim world

Beyond Religion in India and Pakistan Virinder S. Kalra,Navtej K. Purewal,2019-12-12 Drawing on insights from

theoretical engagements with borders and subalternity *Beyond Religion in India and Pakistan* suggests new frameworks for understanding religious boundaries in South Asia. It looks at the ways in which social categories and structures constitute the bordering logics inherent within enactments of these boundaries and positions hegemony and resistance through popular religion as an important indication of wider developments of political and social change. The book also shows how borders are continually being maintained through violence at national, community and individual levels. By exploring selected sites and expressions of piety including shrines, texts, practices and movements, Virinder S. Kalra and Navtej K. Purewal argue that the popular religion of Punjab should neither be limited to a polarised picture between formal institutional religion nor the enchanted universe of rituals, saints, shrines and village deities. Instead, the book presents a picture of religion as a realm of movement, mobilization, resistance and power in which gender and caste are connate of what comes to be known as religious. Through extensive ethnographic research, the authors explore the reality of the complex, dynamic and contested relations that characterize everyday material and religious lives on the ground. Ultimately, the book highlights how popular religion challenges the borders and boundaries of religious and communal categories, nationalism and theological frameworks while simultaneously reflecting gender, caste, society.
