Balinese Discourses on Music and Modernization Brita Heimarrck Renee,2013-08-21 While many Western scholars have
discussed the technical aspects of Balinese music or the traditional contexts for performance little has been written in
Western languages about Balinese discourses on their music This dissertation seeks to understand the experience of music in
Bali according to Balinese voices through an analysis of oral and written dialogues on music mainly by musicians and dalangs
shadow play puppeteers from the village of Sukawati scholars teachers administrators and students from the Indonesian
College of the Arts STSI in the City of Denpasar The study examines the influence of modernization on the traditional arts
and their role in society A concentration on Balinese discourses enables individual performers and scholars to represent
themselves to a greater extent than previously seen in ethnomusicological scholarship making this study more of a critical
discussion among equals than a Western interpretation of others This approach permits a rare view into contemporary
Balinese conceptions and practices of music **Book Review Index - 2009 Cumulation** Dana Ferguson,2009-08 Book
