Reuven Firestone,2011-01-18 What Does It Mean to Be Chosen Why Did God Have to Choose To be chosen can have a range of meaning from the mundane to the holy but in all cases it means to be singled out and preferred over others In a deep sense that permeates much or most of Western culture having been chosen communicates a sense of something that is extraordinary is transcendent and entitles a reward What is assumed in this sense of the term is that God has done the choosing and the reward is something that is unequalled for what could possibly equal divinely ordained eternal happiness from the Introduction Religious people who define themselves as monotheists have often advanced the idea that their relationship with God is unique and superior to all others Theirs supersedes those who came before and is superior to those who have followed This phenomenon tends to be expressed in terms not only of supersessionism but also chosenness or election Who is most beloved by God What expression of the divine will is the most perfect Which relationship reflects God's ultimate demands or desire In this fascinating examination of the religious phenomenon of chosenness Reuven Firestone explores the idea of covenant and the expressions of supersessionism as articulated through the scriptures of the three major monotheistic religions Judaism Christianity and Islam He explores how and why the ongoing competition and friction between these religions came about and offers thoughts about how to overcome it **Talking about God** Daniel F. Polish, Ph.D.,2011-11-16 Challenge Yourself to Delve into a Deeper Interfaith Dialogue To wrestle with the ideas these thinkers present is to find ourselves challenged to look at our own religious lives in

new ways and to appreciate the spiritual endeavors of others whatever form their religious expression may take To engage with these thinkers can leave us enlarged in our perception of human religiousness and deepened in our appreciation of it from the Conclusion The modern age of religion is characterized by dialogue Jews and Christians together explore the realities and meaning of living in proximity to one another Yet for all the good will and sincerity of intention too often such discussions fail to progress beyond well intentioned pleasantries to the challenging content that can truly deepen our understanding of each other This fascinating and accessible introduction to the theologies of four modern religious thinkers will help you break through the superficial generalities to plumb the depths of religious differences and embrace the commonalities Examining the lives and works of S ren Kierkegaard Martin Buber Paul Tillich and Abraham Joshua Heschel through the lens of their treatment of the Bible and the biblical patriarch Abraham you will take part in a discussion of the very phenomenon of religion and what part it plays in living a fully engaged human life Beading—The Creative Spirit Rev.
