Holy Visions, Sacred Stories Charles Tidball, 2012-03 Recently a chasm has opened between many of our leaders and those who work for them We have witnessed the sacrifices of airline workers and the unconscionable compensation of top

executives the ideals of Olympic Games and the conduct of certain committee members the sacrament of religion and the priests who abused the sanctity of the human body the needed services of United Way and their extravagant executive perks and hopes for a democratically fair system versus the 2000 presidential election The values of hard work inalienable rights fairness and public service held by most Americans is often lacking in our leaders An ethical chasm has opened up in our midst and unless we do something our future will fall victim to our inadequacies Our standing in the world in years to come will depend less on our military might and more on our moral strength We need to begin a united search for ethical leadership As we take Torin s journey of discovery with him we see the roots of this loss of ethical leadership and begin to understand that there is a way out of this situation by applying the spiritual principles of Rudolf Steiner s spiritual science In *Search for Ethical Leadership* is grounded with practical tools that offer us real hope for the future of ethical leadership

Gutterman,2018-07-05 In an era of military conflict and economic hardship religious and political leaders adamantly speak in the language of crisis Whether one attributes this public religious fervor to a response to the attacks of September 11 2001 millennial hopes and fears a sense of moral decay generally based on either growing economic inequality or the breakdown of the American family or a sign of the normal progression of the stages of history the discourse of religious revival is increasingly prominent And as is amply evident in the United States and throughout the world devout declarations of religious belief in the public sphere can bring intractable passions to politics from Chapter 1 What are the relationships among religion politics and narratives What makes prophetic political narratives congenial or hostile to democratic political life David S Gutterman explores the prophetic politics of four twentieth and twenty first century American Christian social movements the Reverend Billy Sunday and his vision of muscular Christianity Dr Martin Luther King Jr and the Civil Rights movement the conservative Christian male organization

Promise Keepers and the progressive antipoverty organization Call to Renewal Gutterman develops a theory based on the work of Hannah Arendt and others and employs this framework to analyze expressions of the prophetic impulse in the political narrative of the United States In the process he examines timely issues about the tense and intricate relationship between religion and politics Even prior to George W Bush s faith based initiative debates about abortion family values welfare reform and environmental degradation were informed by religious language and ideas In an interdisciplinary and accessible manner Gutterman translates the narratives employed by American Christian social movements to define both the crises in the land and the path to resolving these crises The book also explores the engagement of these prophetic social movements in contentious political issues concerned with sex gender sexuality race and class as well as broader questions of American identity

Yolanda Atkins Cotton, 2022-07-12 Have Denominations Divided the Church If you ask most Christians they usually avoid the subject or claim there is no avoiding it But after fellowshiping with many believers of different denominations evangelist Yolanda Atkins Cotton is convinced that denominations often set up roadblocks rather than pathways to God s truth God s church is not about beautiful buildings and sanctuaries It is not about particular forms of worship symbols liturgies programs or procedures God s church is about the Builder the Chief Cornerstone Christ Jesus God desires that His people walk uprightly for Him not to make believers happy comfortable or rich The joy that comes as a result of knowing God and following His precepts is a blessing from God but it is not the aim This book was written for church leaders saints and true worshippers of the one holy God to examine themselves and their

churches to see if their denominations are lining up with God's word. It is time for believers to search the scriptures for truth and to test what their leaders and traditions are telling them. It is God's will for all believers to be filled with wisdom knowledge and the truth of His word.
