Samuelbooks I ii:

I & II Samuel A. Graeme Auld,2012-10-31 In this new addition to the Old Testament Library series Graeme Auld writes This book is about David The author demonstrates how all the other personalities in First and Second Samuel including Samuel for whom the books were named are present so that we may see and know David better These fascinating stories detail the lives of David his predecessors and their families Auld explains that though we read these books from beginning to end we need to understand that they were composed from end to beginning By reconstructing what must have gone before the story of David sets up and explains the succeeding story of monarchy in Israel **1, 2 Samuel** Robert D. Bergen,1996-12-13 One in an ongoing series of esteemed and popular Bible commentary volumes based on the New International Version text **1 & 2 Samuel** James E. Smith,2000 **1-2 Samuel** J. Robert Vannoy,2018-02-06 The Cornerstone Biblical Commentary series provides students pastors and laypeople with up to date accessible evangelical scholarship on the Old and New Testaments Presenting the message for each passage as well as an overview of other issues relevant to the text each volume equips pastors and Christian leaders with exegetical and theological knowledge so they can better understand and apply God's Word This volume includes the entire NLT text of 1 and 2 Samuel J Robert Vannoy Th D Free University of Amsterdam is Professor Emeritus and Allan A MacRae Chair of Biblical Studies at Biblical Theological Seminary He has over 40 years of experience in teaching and has served as a translation consultant for the NIV TNIV and NLT He has also contributed articles to various publications including reference works such as the Baker Encyclopedia of the Bible and the Evangelical Dictionary of Biblical Theology scholarly journals and magazines He and his wife are blessed with four children and over 10 grandchildren Outside of Old Testament studies Robert enjoys family gardening photography hiking and exploring islands on the Maine coast **I & II Samuel** R. P. Gordon,1999-10-13 Robert P Gordon has provided us with a substantial commentary on the English text of the books of Samuel concentrating on exegesis but also paying attention to linguistic and textual problems I have not tried to Christianize 1 and 2 Samuel at every conceivable point Often as I have sought to show in the brief introductory section comparison and the only way to arrive at sensible conclusions in this matter is first to appreciate the Old Testament for its own sake that is in its own literary historical cultural and theological contexts That is principally what this commentary is about **First and Second Samuel** David C. Hester,2005-06-01 Originally published Louisville Ky Geneva Press 2000 The Seventy's Course in Theology (First Year) B. H. Roberts,2019-11-19 In The Seventy's Course in Theology First Year B H Roberts meticulously constructs an educational framework for understanding Latter day Saint theology utilizing an expository literary style that is both accessible and authoritative Through a systematic examination of foundational principles doctrines and historical contexts Roberts engages the reader with a blend of scholarly rigor and spiritual insight aimed particularly at preparing members of the Seventy an important leadership body within the Church of Jesus Christ of Latter day Saints The book is infused with doctrinal teachings

scriptural references and ecclesiastical history making it a pivotal text for theological education within the LDS tradition during a time of significant ecclesiastical expansion and doctrinal consolidation in the early 20th century As a prominent church leader historian and theologian B H Roberts was deeply influenced by his commitment to the principles of the Latter day Saint faith and his belief in the importance of sound instruction His multifaceted role as a member of the Quorum of the Seventy along with his scholarly pursuits in history and doctrine inspired him to compile this comprehensive course aiming to equip church leaders with a robust understanding of their faith and responsibilities Roberts s work is an essential read for anyone interested in Latter day Saint theology church governance or religious education Its depth and clarity make it a valuable resource for church leaders educators and laypeople alike providing insights that resonate far beyond its original context and continue to inform contemporary discussions in religious circles
