**The Belly of a Woman** Shanet Dennis, 2009 This book is a collection of poetry chronicling my life's experiences It's geared towards women empowerment I talk about a lot of taboo subject like abortion fornication adultery vanity and betrayal As well as spirituality love motherhood entrepreneurship and life purpose Not only do I talk about these things but I explain how I have learned from them Gut wrenching issues told in the rawest form Things only a woman can give birth to 13 13 13 13 The Belly of a Woman 13 13 In this no holds barred tell all Shanet Dennis gives you her gut wrenching story in the rawest of forms The Belly of a Woman is more than an autobiographical poetry book This collection of poetry chronicles the life experiences of a young woman loved scorned betrayed scarred by abortion weakened from giving her power to men and searching for a purpose in life Growing tired of shouldering her problems she inherited a desire and unfailing courage to finally change her situation for the better 13 13 Shining light on the behavior and reasons why so many young women and men are unhappy and go through life not realizing not knowing that they have choices The Belly of a Woman encourages that even happiness can be a choice it just takes work to get there but it's so worth it Anne Kempner Fisher Literary Editor 13

**the ages. Compiled by W. Eunson** William Eunson,1898      **The Madwoman in the Attic** Sandra M. Gilbert,Susan Gubar,2020-03-17 A feminist classic Judith Shulevitz New York Times Book Review A pivotal book one of those after which we will never think the same again Carolyn G Heilbrun Washington Post Book World A pathbreaking book of literary criticism is now reissued with a new introduction by Lisa Appignanesi that speaks to how *The Madwoman in the Attic* set the groundwork for subsequent generations of scholars writing about women writers and why the book still feels fresh some four decades later      *The Seam Line* Israel Drori,2000 Many Arab communities in Israel s Galilee region are home to export oriented textile factories owned by multinational corporations whose Jewish managers employ local Arab and Druse women as seamstresses and low level work supervisors Based on five years of ethnographic research this book explores how these managers and workers negotiate the terms and meanings of factory work integrating work culture with the norms and values of the host towns in order for employment arrangements to succeed The entrance of industrial corporations into developing areas of the world particularly in those industries employing primarily women has generated tension between traditional familial and social roles and the demands of industrial working life In Israel these tensions are further complicated by the social and political dynamics of Arab Jewish conflict as well as the strictly demarcated roles of women and men in traditional Arab society The resolution of these tensions on the shop floor shapes the social relations of production the factories management systems family life in the industrial towns and individual status and autonomy The negotiation involves unequal power relations manifested in a dual patriarchal structure the Arab cultural practice of male domination of women as well as the formal management system of the textile concern which dictates the nature of relationships between Jewish managers and Arab women workers To meet their business goals the managers must cooperate with the community that provides their workforce adapting its norms and appropriating its worldview The managers are constrained by the strict social rules of Arab and Druse society and respond by attempting to harness and manipulate local family values to foster personal commitment furthering production goals through paternal control The consequence of this paternalism is a workforce that relates to the organization as family identifies with its goals and internalizes feelings of loyalty However the workforce also uses the plant as the arena for developing self awareness and enhancing personal independence and status within the family The seamstresses emerge as active shapers of the organizational culture forcing the managers to adapt to and comply with their personal needs and perceptions of work      *Arthur's Illustrated Home Magazine* ,1880      **Arthur's Home Magazine** ,1853
