

THE FIRST BILINGUAL VOLUME OF POEMS BY LEADING
IRISH TWENTIETH-CENTURY POET SEÁN Ó RÍORDÁIN,
NOW AVAILABLE IN PAPERBACK.

"Spanning all four of [Seán] Ó Ríordáin's collections, totalling over 250 pages and even offering a translation of the poet's insightful essay, 'What is Poetry?', this volume is hugely important, not just for bringing to a wider audience the work of one of Ireland's greatest twentieth-century poets, but for celebrating his influence on future generations."

Seán Hewitt, *Modern Poetry in Translation*

"Yale and Frank Sewell have created a serious memorial to one survivor poet, a soul of unbridled imagination." *Irish Examiner*

"Many of Ó Ríordáin's best-loved poems, and some lesser-known works, are given a jolt of newness in their unfamiliar cloak of English."

Róisín Ní Ghaibhí, *Irish Times*

"A significant voice in Irish writing." Seamus Heaney, *Fortnight*

"With Seán Ó Ríordáin one is aware of being at a frontier both of language and sensibility. The interaction of these has produced poems at times elusive and obscure but his extension of both language and sensibility marks one of the finer achievements in Irish writing over the past thirty years."

Eoghan Ó hAnluain, *Gaelic Literature Surveyed*

"This volume of vibrant translations is essential reading for anyone concerned with twentieth-century Irish culture."

Brian Ó Conchubhair, University of Notre Dame

SEÁN Ó RÍORDÁIN (1916–1977) completed four volumes of poetry, the last—*Tar Éis Mo Bháis*—published posthumously. He also wrote powerful opinion pieces for the *Irish Times* during his later years.

FRANK SEWELL is a poet, translator, critic, and academic.

Sean Oriordan A Theologian Of Development Selected Ebays

James F. Keenan

Sean Oriordan A Theologian Of Development Selected Ebays:

Sean O'Riordan, a Theologian of Development Raphael and Sean Cannon Gallagher, Séan Cannon, 1998 **Sean O'Riordan, a Theologian of Development** Sean O'Riordan, 1998 Sean O Riordan 1916 1998 was among the most gifted theologians of his generation His particular theological style was the development of a scientifically based discourse with a pastoral purpose It is this pastoral thrust that distinguishes him as a theologian the desire to see how theology is at the service of all that is concrete dynamic and historical in the life of the Church This unique book gathers together for the first time some of Sean O Riordan s more significant essays over a thirty year period **Diverse Voices in Modern US Moral Theology** Charles E. Curran, 2019-02-15 In Charles E Curran s latest book *Diverse Voices in Modern US Moral Theology* he presents the diverse voices of US Catholic moral theologians from the mid twentieth century to the present The book discusses eleven key individuals in the development and evolution of moral theology as well as the New Wine New Wineskins movement This diversity which differs from the monolithic understanding of moral theology that prevailed until recently comes from the diverse historical circumstances or *Sitz im Leben* of the authors Each of these theologians developed her or his approach in light of these circumstances and in response to shifts in the three audiences of moral theology the Church the academy and the broader society By exploring this diversity Curran recognizes the deep divisions that exist within Catholic moral theology between the so called liberal and conservative approaches and acknowledges the need for greater dialogue between them providing a deeper understanding of the methods and approaches of these significant figures This new book from a major figure in the field will be an important resource for students and scholars of US Catholic moral theology and for anyone seeking to understand the current state of moral theology in America today *Keeping Faith in Practice* James Sweeney, Gemma Simmonds, David Lonsdale, 2009-12-01 *Keeping Faith in Practice* is a Roman Catholic reflection on Practical and Pastoral Theology This book presents an exploration of how theology engages with the dimension of practice in the life of the Church and contemporary society and culture It covers the main focal points of a Catholic view of pastoral practical theology **GRADIVA JOURNAL OF CONTEMPORARY THEORY AND PRACTICE**, 2000 *Studies*, 1999 An Irish quarterly review **A History of Catholic Moral Theology in the Twentieth Century** James F. Keenan, 2010-01-17 This is an historical survey of 20th Century Roman Catholic Theological Ethics also known as moral theology The thesis is that only through historical investigation can we really understand how the most conservative and negative field in Catholic theology at the beginning of the 20th could become by the end of the 20th century the most innovative one The 20th century begins with moral manuals being translated into the vernacular After examining the manuals of Thomas Slater and Henry Davis Keenan then turns to three works and a crowning synthesis of innovation all developed before during and soon after the Second World War The first by Odon Lottin asks whether moral theology is adequately historical Fritz Tillmann asks whether it s adequately biblical and Gerard Gilleman whether it s adequately spiritual Bernard Haering integrates these

contributions into his Law of Christ Of course people like Gerald Kelly and John Ford in the US are like a few moralists elsewhere classical gate keepers censoring innovation But with Humanae vitae and successive encyclicals bishops and popes reject the direction of moral theologians At the same time moral theologians like Josef Fuchs ask whether the locus of moral truth is in continuous universal teachings of the magisterium or in the moral judgment of the informed conscience In their move toward a deeper appreciation of their field as forming consciences they turn more deeply to local experience where they continue their work of innovation Each continent subsequently gives rise to their own respondents In Europe they speak of autonomy and personalism in Latin America liberation theology in North America Feminism and Black Catholic theology and in Asia and Africa a deep post colonial interculturatism At the end I assert that in its nature theological ethics is historical and innovative seeking moral truth for the conscience by looking to speak crossculturally

Subject Guide to Books in Print ,2001 **A Morally Complex World** James T. Bretzke,2004 A Morally Complex World covers the methodology of moral theology basic concepts such as conscience and moral agency natural law and moral norms how the Bible can be used in Christian ethics how to dialogue on contested ethical issues how to consider sin and moral failure and how to mediate moral principles and moral teaching in a pastorally sensitive manner in concrete life situations

Environmental Ethics Robin Attfield,2014-04-03 In this clear concise comprehensively revised and up to date introduction to environmental ethics Robin Attfield guides the student through the key issues and debates in this field in ways that will also be of interest to a wide range of scholars and researchers The book introduces environmental problems and environmental ethics and surveys theories of the sources of the problems Attfield also puts forward his own original contribution to the debates advocating biocentric consequentialism among theories of normative ethics and defending objectivism in meta ethics The possibilities of ethical consumerism and investment are discussed and the nature and basis of responsibilities for future generations in such areas as sustainable development are given detailed consideration Attfield adopts an inclusive cosmopolitan perspective in discussions of global ethics and citizenship and illustrates his argument with a discussion of global warming mitigation adaptation and global justice The revised edition features a new chapter on climate change new treatments of animal issues ecofeminism environmental aesthetics invasion biology and virtue ethics and new applications of the precautionary principle to fisheries genetic engineering and synthetic biology The glossary and bibliography have been updated to assist understanding of these themes The text uses a range of devices to aid understanding such as summaries of key issues and guides to further reading and relevant websites It has been written particularly with a view to the needs of students taking courses in environmental ethics and will be of interest to students and scholars of philosophy ethics geography religion and environmental studies
