## **Search And Clear Critical Responses To Selected Literature And Films Of The Vietnam War:**

**Search and Clear** William J. Searle, 1988 *Search and Clear* demonstrates that the seeds of war were implicit in American culture distinguishes between literature spawned by Vietnam and that of other conflicts reviews the literary merits of works both well and little known and explores the assumptions behind and the persistence of stereotypes associated with the consequences of the Vietnam War It examines the role of women in fiction the importance of gender in Vietnam representation and the mythic patterns in Oliver Stone's *Platoon* Essayists sharply scrutinize American values conduct and conscience as they are revealed in the craft of Tim O'Brien Philip Caputo Michael Herr Stephen Wright David Rabe Bruce Weigl and others *M.I.A., Or, Mythmaking in America* Howard Bruce Franklin, 1993 This paperback edition of *M I A* or *Mythmaking in America* adds major new material about Ross Perot's role the 1991-1992 Senate investigation and illegal operations authorized by Ronald Reagan An important and compelling book Franklin raises and answers all of the hardest questions about an enduring piece of political mythology *The Philadelphia Inquirer* A calm and thoughtful book on a firestorm of a subject Intelligent provocative and courageous *Kirkus Reviews* **Vietnam War Stories** Tobey C. Herzog, 2017-01-27 Dealing with ten key narratives including novels and personal accounts Herzog locates them in the tradition of war literature as well as recent cinema and charts the transformations of the American nation in its experience of modern war **Friendly Fire** Katherine Kinney, 2000 *Friendly Fire* refers not merely to a tragic error of war witnessed at least as much in Vietnam as in American wars prior and following it also refers metaphorically to America's war with itself during the Vietnam years

*Re-writing America* Philip D. Beidler, 1991 With his first book *American Literature and the Experience of Vietnam* Philip Beidler offered a pioneering study of the novels plays poetry and literature of witness that sprang from the United States involvement in the Vietnam War Reviewing the book the journal *American Literature* declared It is more than just an introductory act It also sets forth what are sure to be lasting types of American literary response to Vietnam and of the scholarly response to the emerging literature of the war In *Re Writing America* Beidler charts the ongoing achievements of the men and women who first gained public notice as Vietnam authors and who are now recognized as major literary interpreters of our national life and culture at large These writers among them Tim O'Brien Philip Caputo Winston Groom David Rabe John Balaban Robert Stone Michael Herr Gloria Emerson and Frances Fitzgerald have applied in their later efforts says Beidler many of the hard won lessons of literary sense making learned in initial works attempting to come explicitly to terms with Vietnam Beidler argues that the Vietnam authors have done much to reenergize American creative writing and to lead it out of the poststructuralist impasse of texts as endless critiques of language representation and authority With their direct experience of a divisive and frustrating war a war not of their own making but of the making of politicians and experts a war of ancient animosities that cost nearly everything for those involved and settled virtually nothing these writers in many ways resemble the celebrated generation of poets and novelists who emerged from World War

I Like their forebears of 1914 18 those of the Vietnam generation have undertaken a common project of cultural revision to re write America to create an art that even as it continues to acknowledge the war s painful memory projects that memory into new dimensions of mythic consciousness for other and better times Beidler fills his book with detailed illuminating analyses of the writers works which as he notes have moved across an almost infinite range of subject genre and mode From David Rabe for example have come innovative plays in which overt statements on the traumas of Vietnam The Basic Training of Pavlo Hummel Streamers have made way for broader commentaries on sex power and violence in American life In the Boom Boom Room HurlyBurly Winstom Groom has moved from Better Times Than These a rather traditional even anachronistic war novel to further reaches of rambunctious humor in Forrest Gump And journalist Michael Herr whose Dispatches memorably defined a Vietnam landscape at once real and hallucinatory carried his vision into collaborations on the films Apocalypse Now and Full Metal Jacket As Beidler notes the immense price that Vietnam exacted from the American soul continues to draw a plethora of interpretations and depictions Vietnam authors remind us in Tim O Brien s words of the things they carried But as Beidler makes clear they now command us not only to remember but to imagine new possibilities as well

*Rotating Back to the World* James McKenzie, 2021-09-20 Why do people go to war To test themselves to prove themselves to hurt themselves to hurt others And what happens when they come home According to Tim O'Brien the award winning Vietnam veteran storyteller they are fundamentally and irredeemably changed Tim O'Brien makes the argument that war is very much like ordinary life There are moments of greatness and moments of cowardice There are moments of success and failure trust and betrayal celebration and regret victory and defeat O'Brien depicts the true cost of war At the end of the day there is healing but so often too there is irreparable damage All of this can be found in the novels and stories of Tim O'Brien *Rotating Back to the World* is an examination and re-evaluation of the work of Tim O'Brien and his so called war stories By drawing upon a number of artistic psychological and real world phenomena James McKenzie investigates the intersections between O'Brien's subtle and complex narrativizations of the Vietnam War

and current trauma theory Through a close analysis of O'Brien's four Vietnam war novels McKenzie examines how O'Brien successfully navigates the writerly pitfalls of representing trauma without betraying the manifold and incommensurable nature of individual traumatic experience In particular McKenzie pays attention to O'Brien's ludic art of storytelling and his increasing use of narratological experimentation and metafictional commentary McKenzie examines these literary practices in order to consider how they are deployed as an artistic means of representing the full range of combat experience and its traumatic aftermath This study also explores O'Brien's own paradoxical relationship with his readers manifested through a depiction of the seemingly insurmountable challenge of expressing the inexpressible Finally McKenzie returns to the main idea that in the desire to both relate and understand traumatic experience as O'Brien concludes stories can save us James McKenzie is a former infantry soldier and now senior lecturer in Anglophone Literature at the University of Hildesheim
