Nancy Lim as well as essays by Solomon Adler Marci Kwon and Helen Molesworth this lavishly illustrated book establishes Brown's relationship to the self and family to art history and to her wider artistic community while examining the unique materiality of her paintings and exploring her singular vision In addition select Brown works will be paired with commentaries by contemporary artists ranging from friends and peers such as Ron Nagle to younger artists inspired by her work such as Woody De Othello **Beyond 2012: Catastrophe or Awakening?** Geoff Stray, 2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar's Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna s timewave zero and Maurice Cotterell's sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date John E. Fetzer and the Quest for the New Age Brian C. Wilson, 2018-08-06 John E Fetzer and the Quest for the New Age is the remarkable story of the spiritual search of one of Michigan's most successful entrepreneurs a search that culminated in the Fetzer Institute whose ambitious mission is nothing less than the spiritual transformation of the world John E Fetzer and the Quest for the New Age follows the spiritual sojourn of John E Fetzer a Michigan business tycoon Born in 1901 and living most of his life in Kalamazoo Fetzer parlayed his first radio station into extensive holdings in broadcasting and other enterprises leading to his sole ownership of the Detroit Tigers in 1961 By the time he died in 1991 Fetzer had been listed in Forbes magazine as one of the four hundred wealthiest people in America And yet business success was never enough for Fetzer his deep spiritual yearnings led him from the Christianity of his youth to a restless exploration of metaphysical religions and movements ranging from Spiritualism Theosophy Freemasonry UFOology and parapsychology all the way to the New Age as it blossomed in the 1980s Author Brian C Wilson demonstrates how Fetzer's quest mirrored those of thousands of Americans who sought new ways of thinking and being in the ever changing spiritual movements of the twentieth century Over his lifetime Fetzer's worldview continuously

evolved combining and recombining elements from dozens of traditions in a process he called freedom of the spirit Unlike most others who engaged in a similar process Fetzer's synthesis can be documented step by step using extensive archival materials providing readers with a remarkably rich and detailed roadmap through metaphysical America The book also documents how Fetzer's wealth allowed him to institutionalize his spiritual vision into a thriving foundation the Fetzer Institute which was designed to carry his insights into the future in hopes that it would help catalyze a global spiritual transformation John E Fetzer and the Quest for the New Age offers a window into the rich and complex history of metaphysical religions in the Midwest and the United States at large It will be read with interest by those wishing to learn more about this enigmatic Michigan figure as well as those looking for an engaging introduction into America's rapidly shifting spiritual landscape A Hermit in the Himalayas Paul Brunton, 2016-12-15 The introductory account of Mr Brunton s pony back journey up the mountainside has real charm One of his most interesting chapters gives a practical minded consideration to the probable future of Tibet New York Times Paul Brunton was one of a very small number of his generation to travel in India and Tibet so extensively at a time when very few were doing so with such insight and discernment His journalistic skills produced magnificent descriptions of the snowy peaks and high desert landscapes of the Himalayan region but it was the lessons he learned from the holy men he met on his journey that transformed him into one of the great interpreters of the East In this magnificent spirituality classic he explains that we all need oases of calm in a world of storm no matter what era we are living in and that to retreat from our everyday lives for a while is not weakness but strength By taking the trouble to discover the deep silence within us we will find the benefits of being linked to an infinite power an infinite wisdom an infinite goodness A Hermit In The Himalayas is a fascinating blend of travel writing and profound spiritual experience As we accompany the author on his journey through the vast Himalayas ranges towards Mount Kailas in Tibet he also shows us an even more remarkable and timeless inner path which will help us cope with the ups and downs of our **The Wisdom of the Overself** Paul Brunton, 2015-05-26 Inspired by Paul Brunton's years spent with contemporary world sages in Asia The Wisdom of the Overself and its companion volume The Hidden Teaching Beyond Yoga were written at the request of these remarkable teachers who recognized that Brunton had a significant role to play in the transmission of traditional wisdom to the West Here is a profound re creation of these teachings brought to life and made accessible by Brunton's insights In print since the 1940s Brunton's works are considered to be among the most comprehensive clear and practical guides on the path to enlightenment Brunton unfolds the grand vision for human development by investigating consciousness as the source of all experience how to move from ego centered life to the transcendent reality the interplay of karma free will and grace the nature of evil and suffering how to awaken intuition and penetrative insight the passage through death to rebirth and psychic experiences and mystic visions He also provides seven ultramystic exercises to open the door to higher consciousness including a healing meditation on the sun practices for transforming the future dream and sleep

temple and the sand ridge of Hopi ceremonial practice in their Kivas is explored and more including DNA The journey then takes us to the here and now how the Shemsu Hor have planted clues in stone for us to decipher regarding events unfolding today Perhaps we are not alone as well on our journey as human beings Atlantis Emmet John Sweeney, 2010 Historian Emmet Sweeney persuasively intertwines history and literary references with hard science from archaeology and anthropology to genetics and geology to prove the existence of an ancient trans Atlantic link between the Old World and the New Sweeney examines The geological certainty of a sunken island in the Azores The Human Genome Project's startling revelation that 3% of Native American DNA is characteristic of people of south west Europe and the Atlas Mountains whose inhabitants as late as Roman times called themselves Atlanteans Archaeological and cultural proof of a relationship between the Stone Age and Early Bronze Age civilizations of North America and South West Europe The occurrence of cocaine and tobacco two American narcotics in many Egyptian mummies Piece by piece Sweeney constructs a compelling case for not just the probability but the necessity of an Atlantic stepping stone the missing link that transmitted both the culture and biology of Europe to America millennia before Columbus Atlantis The Evidence of Scienceargues as never before that Atlantis should rise to take its place in history not myth **Sufism and Zen in the West** Saeko Yazaki, Michael Conway, 2025-02-20 Historically and culturally Sufism and Zen may not seem to have anything in common However in the West their spiritual messages are often perceived as strikingly similar In this book scholars analyse the ways in which Sufism and Zen were introduced to and developed in the West The collection shows that the popularity of these religions arose not because of the substantive shared elements within the two traditions but because their promoters in the West employed similar strategies to respond to the interests of a modern Western audience The first book to make a close comparison of Sufism and Zen this study is an important contribution to understanding Western religious life and processes of easternisation It sheds new light on how Sufism and Zen came to represent a spirituality that is both countercultural and in touch with modern sensitivities

Mystics and Messiahs Philip Jenkins, 2000-04-06 In Mystics and Messiahs the first full account of cults and anti cult scares in American history Philip Jenkins shows that contrary to popular belief cults were by no means an invention of the 1960s In fact most of the frightening images and stereotypes surrounding fringe religious movements are traceable to the mid nineteenth century when Mormons Freemasons and even Catholics were denounced for supposed ritualistic violence fraud and sexual depravity But America has also been the home of an often hysterical anti cult backlash Jenkins offers an insightful new analysis of why cults arouse such fear and hatred both in the secular world and in mainstream churches many of which were themselves originally regarded as cults He argues that an accurate historical perspective is urgently needed if we are to avoid the kind of catastrophic confrontation that occurred in Waco or the ruinous prosecution of imagined Satanic cults that swept the country in the 1980s Without ignoring genuine instances of aberrant behavior Mystics and Messiahs goes beyond the vast edifice of myth distortion and hype to reveal the true characteristics of religious fringe movements and
