The Collection of First Editions of American Authors Formed by the Late Arthur Swann Arthur Swann,1953 **Julian**

Onderdonk in New York James Graham Baker,2014-04-25 Famed for his bluebonnet landscapes San Antonio native Julian Onderdonk may be the most well known artist Texas has ever produced Onderdonk spent several years outside the state though seeking to make a name for himself in New York City He spent much of his time in New York as the very definition of a starving artist In Julian Onderdonk The Lost Years the Lost Paintings James Graham Baker explores the artist s New York years so often neglected by previous scholars Through painstaking research Baker reveals that Onderdonk painted hundreds of images under pseudonyms during his time in New York These images not only reveal the means by which the artist struggled to make ends meet but add another dimension to our understanding of the artist s oeuvre It is not possible to appreciate and understand Julian Onderdonk and his art without including these works Largely composed of landscapes and marine scenes depicting the vanishing rural areas and shorelines around New York City they show that Onderdonk was more than simply a bluebonnet painter **The Transfigured Kingdom** Ernest A. Zitser,2018-09-05 In this richly comparative analysis of late Muscovite and early Imperial court culture Ernest A Zitser provides a corrective to the secular bias of the scholarly literature about the reforms of Peter the Great Zitser demonstrates that the tsar s supposedly secularizing reforms rested on a fundamentally religious conception of his personal political mission In particular Zitser shows that the carnivalesque and often obscene activities of the so called Most Comical All Drunken Council served as a type of Baroque political sacrament a monarchical rite of power that elevated the tsar s person above normal men guaranteed his prerogative over church affairs and bound the participants into a community of believers in his God given authority charisma The author suggests that by implicating Peter s royal priesthood in taboo breaking libertine ceremonies the organizers of such sacred parodies inducted select members of the Russian political elite into a new system of distinctions between nobility and baseness sacrality and profanity tradition and modernity Tracing the ways in which the tsar and his courtiers appropriated aspects of Muscovite and European traditions to suit their needs and aspirations The Transfigured Kingdom offers one of the first discussions of the gendered nature of political power at the court of Russia s self proclaimed Father of the Fatherland and reveals the role of symbolism myth and ritual in shaping political order in early modern Europe *Georges Seurat* Michelle Foa,2015-07-14 This revelatory study of Georges Seurat 1859 1891 explores the artist s profound interest in theories of visual perception and analyzes how they influenced his celebrated seascape urban and suburban scenes While Seurat is known for his innovative use of color theory to develop his pointillist technique this book is the first to underscore the centrality of diverse ideas about vision to his seascapes figural paintings and drawings Michelle Foa highlights the importance of the scientist Hermann von Helmholtz whose work on the physiology of vision directly shaped the artist s

approach Foa contends that Seurat's body of work constitutes a far reaching investigation into various modes of visual engagement with the world and into the different states of mind that visual experiences can produce Foa's analysis also brings to light Seurat's sustained exploration of long standing and new forms of illusionism in art Beautifully illustrated with more than 140 paintings and drawings this book serves as an essential reference on Seurat *Proceedings of Our National Landscape*, 1979 *The Tourism Imaginary and Pilgrimages to the Edges of the World* Nieves Herrero, Sharon R. Roseman, 2015-06-01 This book examines how the growth of tourism in locations that have historically been considered geographically remote plays a major role in the consolidation and transformation of often longstanding and powerful cultural imaginaries about the edges of the world The contributors examine the attraction of the sublime remoteness continental border points and the dangers of the sea in Finisterre or Fisterra in Galicia Spain Finistère in Brittany France Land's End Cornwall England Lough Derg Ireland Nordkapp or North Cape Norway Cape Spear Newfoundland Canada and Tierra del Fuego Argentina While those travelling to these locations can be seen to be conducting some form of religious or secular pilgrimage those who live in them have long contended with the implications of economic and political marginalization within global political economies *Catalog of Copyright Entries* Library of Congress.
