## Season Out Of Time:

The Awakening Ronnie V. Broadus, 2009-12 Ronnie Broadus was around 10 years old when he first became aware of God's presence in his life. There were four significant seasons during his life when His presence was directing him. God has been very real to the author every since he awakened to this journey that we call life. The Awakening is about that journey. This book is for everyone whether you have given your life to Christ and have decided to follow Him or you are still searching for the answer. The Awakening is especially written for the physically challenged souls of this world. This book should inspire you to never, never, never give up for it is not the end but merely the beginning of your journey. The Awakening will help you understand that there is someone watching out for you, someone who is there for you and holds the key to the answers that you have been seeking. He will show you the way to the life that you are supposed to live. Awaken your spirit and your soul so that you can discover the life and the truth of your being. Read and absorb The Awakening; it will surely help you to bring Him into your life.

**2 Timothy and Titus** Aida Besancon Spencer, 2014-05-16 A thorough and insightful commentary on Paul's letter to his coworker Timothy which the apostle wrote before and during Nero's persecution. Spencer carefully examines each part of the letter and relates it to the overall flow of the argument and in light of the larger biblical, historical, social, and cultural contexts. How Paul's writing related to the ancient communities is highlighted in the light of original data gleaned from her explorations on location in Crete, Ephesus, and Rome. In addition, Paul's rhetorical and ministry strategies, especially as they relate to women and their role in the church, are explored. Throughout, Spencer presents an in-depth exegesis in a readable format enhanced by forty years of ministry.

Arcangeli, 2003-12-18 In Renaissance Europe when leisure classes used social gathering to define civility and the commercialization of leisure was beginning, the human need for recreation became a cultural topos. The book explores the vocabulary of play and games, the spectrum of leisure activities often gender specific or appropriate to particular social groups, the medical discourse on the preservation of health where amusements were assessed as physical exercise, the moral approach to play, legal treatises on gambling, and the visual representation of leisure.
