Secession Modern Art And Design In Austria And Germany 1890s 1920s:

Secession Christine Dixon, 2000 Through their daring break from the official academy style and the conservative state controlled art market of the late 19th century the Secession movements in Germany and Austria irrevocably changed the ways in which art design and architecture were conceived and realized in Vienna Munich and Berlin at the turn of the century This volume provides a comprehensive introduction to the Secession movements as well as the applied and fashion design of the Wiener Werkstatte Like the radical composers and musicians disturbing philosophers and psychoanalysts revolutionary writers and scientists of the time Secession artists were transformers of culture As such they were of central importance for the development of modern European art and had a crucial influence on subsequent artistic movements and institutions in 20th century Germany among them Die Brucke Der Blaue Reiter and the Bauhaus Color illustrations effectively render the lasting impact of the Secession's bold experiments in artistic style and design **Vienna 1900 and the Heroes**

of Modernism Hans Bisanz, 2006 Vienna was home to some of the most extraordinary minds of modern times and was a vigorous melting pot of radical new ideas and concepts in every field art architecture literature music politics journalism and theatre Comprising 25 essays on the key movements and figures of the era this profusely illustrated book is a highly readable portrait of this astonishing cultural ferment and its most important protagonists The Female Secession Megan

Brandow-Faller, 2020-06-22 Decorative handcrafts are commonly associated with traditional femininity and unthreatening docility However the artists connected with interwar Vienna's female Secession created craft based artworks that may be understood as sites of feminist resistance In this book historian Megan Brandow Faller tells the story of how these artists disrupted long established boundaries by working to dislodge fixed oppositions between art and craft decorative and profound and masculine and feminine in art Tracing the history of the women's art movement in Secessionist Vienna from its origins in 1897 at the Women's Academy to the Association of Austrian Women Artists and its radical offshoot the Wiener Frauenkunst Brandow Faller tells the compelling story of a movement that reclaimed the stereotypes attached to the idea of Frauenkunst or women's art She shows how generational struggles and diverging artistic philosophies of art craft and design drove the conservative and radical wings of Austria's women's art movement apart and explores the ways female artists and craftswomen reinterpreted and extended the Klimt Group's ideas in the interwar years Brandow Faller draws a direct connection to the themes that impelled the better known explosion of feminist art in 1970s America In this provocative story of a Viennese modernism that never disavowed its ornamental decorative roots she gives careful attention to key primary sources including photographs and reviews of early twentieth century exhibitions and archival records of school curricula and personnel Engagingly written and featuring more than eighty representative illustrations *The Female Secession* recaptures the radical potential of what Fanny Harlfinger Zakucka referred to as works from women's hands It will appeal to art historians working in the decorative arts and modernism as well as historians of Secession era Vienna and gender history

Gustav Klimt Gustav Klimt, Tate Gallery Liverpool, 2008-09 Gustav Klimt 1862 1918 remains one of the most popular artists of the early 20th century Published to accompany a major exhibition at Tate Liverpool a highlight of that city's 2008 Capital of Culture celebrations and the first such show in the UK Gustav Klimt explores the life and work of an intriguing figure at the heart of the cultural transformation of Vienna around 1900 Central to the book is the first thorough examination of the relationship between Klimt's paintings and the work of his close friend the architect and designer Josef Hoffmann Reaching beyond the two dimensional arts it hails the advent of an all inclusive design culture that embraced interiors furniture clothing and jewellery Essays by leading scholars and curators consider key works events and developments the founding of the Viennese Secession the inaugural display of the Beethoven Frieze and a series of collaborative ventures in the creation of total domestic environments for the pursuit of modern life among them the Villa Waerndorfer in Vienna and the Villa Primavesi in rural northern Moravia In addition Klimt is assessed as both an accomplished erotic draughtsman and a seductive landscape painter **BOOK JACKET** **The Bulletin**, 2000-05 **Restless Spirits** Cassi Plate, 2005 In the late 19th century a young sailor and aspiring artist Adolf Gustav Plate boarded a ship bound for Germany's colonies on the other side of the world One hundred years later his granddaughter Cassi Plate retrieved his treasures from the bottom of trunk and was inspired to set out on her own journeys finding her restless spirit Modern Austria Barbara Jelavich, 1987-09-25 An overview of the Austria's recent history written for the general reader and the student **East Central European Art Histories and Austria** Karolina Majewska-Güde, Monika Leisch-Kiesl, 2024-05-06 The specific role of the Austro Hungarian Empire and the later nation of Austria within the formation of regional art histories in East Central Europe has received little attention in art historical research so far Taking into account the era of the Dual Monarchy as well as the period after 1989 the contributions analyze and critically scrutinize the imperial legacies transnational transfer processes and cultural hierarchies in art historiographies artistic practices and institutional histories Consisting of 17 texts with new commissions and one reprint case studies monographic essays and interviews grouped thematically into two sections the anthology proposes a pluriversal narrative on regional cultural and political contexts *Pevsner: The Complete Broadcast Talks* Stephen Games, 2016-04-22 This book brings together the surviving texts of the 113 talks on art and architecture that we know of given by the art historian Sir Nikolaus Pevsner on radio and television between 1945 1977 It includes the seven texts of the 1955 Reith Lectures in their original broadcast form as well as lectures that Pevsner gave in German for the BBC in London and RIAS in Berlin and on the radio in New Zealand These talks are important as an example of the attempt by the BBC in particular to provide intellectual programming for the mass population The talks are important for what they reveal about changing tastes in the treatment of the arts as a broadcast topic as well as offering a case study of the development of one particular historian's approach to a subject that was gaining ground in universities as a direct result of his popularisation of it They show what topics were thought to be central to the artistic agenda in the mid years of the last century whether

from an academic or journalistic perspective and reveal the mode and manner of academic engagement with the public over the period. Forty six of these talks were published in 2002 on the centenary of Pevsner's birth in a trade edition. At the time his reputation as an active force in architectural thinking had long been eclipsed and interest in him had waned. Since then there has been a turn around in tastes and Pevsner's role within his chosen field is now being actively studied and discussed by a new generation for whom he is central to an understanding of the 20th century. There is therefore a real need for this book. In addition to containing twice the number of talks as the previous volume it is supplemented with explanatory introductions, footnotes and citations. It also reveals as far as this is possible alternative versions of Pevsner's texts as they appeared at different stages in the original production process. As such this edition can be relied on by academics as scholarly and
