Secular Vocations Intellectuals Professionalism Culture:

Secular Vocations Bruce Robbins, 1993-07-17 During the 1980s university based intellectuals came under heavy fire from both radicals and conservatives They were accused by the former of betraying their public duty as general critics of society and by the latter of promulgating radical ideologies and corrupting the young In this work the author counters both left and right arguing that the professionalization of literary study was inevitable and fortuitous Robbins undertakes close studies of such figures as Edward Said Fredric Jameson and Raymond Williams while considering the major trends in contemporary cultural studies and giving significant attention to relevant developments in such disciplines as ethnology and sociology *Secular Vocations* ranges over materials from Britain France and the US knitting them together in a synthesis that places in bold relief many of the major controversies in contemporary intellectual life It concludes with a plea for what Robbins calls comparative cosmopolitanism to displace the more militantly particularist projects that have come to dominate the human sciences

Postcolonial Intellectuals in Europe Sandra Ponzanesi,, Adriano José Habed, 2018-08-31 Postcolonial intellectuals have engaged with and deeply impacted upon European society since the figure of the intellectual emerged at the beginning of the nineteenth century Yet a critical assessment and overview of their influential roles is long overdue particularly in the light of contemporary debates in Europe and beyond This book offers an innovative take on the role of intellectuals in Europe through a postcolonial lens and in doing so questions the very definition of public intellectual on the one hand and the meaning of such a thing as Europe on the other It does so not only by offering portraits of charismatic figures such as Stuart Hall Jacques Derrida Antonio Gramsci Frantz Fanon and Hannah Arendt among others but also by exploring their lasting legacies and the many dialogues they have generated The notion of the classic intellectual is further challenged by bringing to the fore artists writers and activists as well as social movements networks and new forms of mobilization and collective engagement that are part of the intellectual scene

Pedagogy, Intellectuals, and Dissent in the Later Middle Ages Rita Copeland, 2001-07-26 This book is about the place of pedagogy and the role of intellectuals in medieval dissent Focusing on the medieval English heresy known as Lollardy Rita Copeland places heretical and orthodox attitudes to learning in a long historical perspective that reaches back to antiquity She shows how educational ideologies of ancient lineage left their imprint on the most sharply politicized categories of late medieval culture and how radical teachers transformed inherited ideas about classrooms and pedagogy as they brought their teaching to adult learners The pedagogical imperatives of Lollard dissent were also embodied in the work of certain public figures intellectuals whose dissident careers transformed the social category of the medieval intellectual Looking closely at the prison narratives of two Lollard preachers Copeland shows how their writings could serve as examples for their fellow dissidents and forge a new rapport between academic and non academic communities

Public Intellectuals Richard A. Posner, 2009-07-01 In this timely book the first comprehensive study of the modern American public intellectual that individual who speaks to the public on issues of

political or ideological moment Richard Posner charts the decline of a venerable institution that included worthies from Socrates to John Dewey This edition contains a new preface and a new epilogue Film and the Anarchist Imagination Richard Porton,1999 From the early cinema of Griffith and Ren Clair to the work of Godard Lina Wertmuller and Ken Loach this book offers a comprehensive survey of anarchism in film **Postmodernism and China** Xudong Zhang,Arif Dirlik,2000-10-27 This work maps the terrain of the postmodern in China *Amateur Media* Dan Hunter,2013 The rise of Web 2 0 has pushed the amateur to the forefront of public discourse public policy and media scholarship Typically non salaried non specialist and untrained in media production amateur producers are now seen as key drivers of the creative economy But how do the activities of citizen journalists fan fiction writers and bedroom musicians connect with longer traditions of extra institutional media production This edited collection provides a much needed interdisciplinary contextualisation of amateur media before and after Web 2 0 Surveying the institutional economic and legal construction of the amateur media producer via a series of case studies it features contributions from experts in the fields of law economics and media studies based in the UK Europe and Singapore Each section of the book contains a detailed case study on a selected topic followed by two further pieces providing additional analysis and commentary Using an extraordinary array of case studies and examples from YouTube to online games from subtitling communities to reality TV the book is neither a celebration of amateur production nor a denunciation of the demise of professional media industries Rather this book presents a critical dialogue across law and the humanities exploring the dynamic tensions and interdependencies between amateur and professional creative production This book will appeal to both academics and students of intellectual property and media law as well as to scholars and students of economics media cultural and internet studies *Managing Professional Identities* Mike Dent,Stephen Whitehead,2013-04-15 This book addresses the nature of current shifts in professional and managerial knowledge and practice particularly in relation to power and accountability Connecting with current debates concerned with work and identity the book will present a range of theoretical and empirical accounts of the dilemmas and issues facing specialists in various organizational arenas as they seek to adapt to the challenges of organizational and cultural transformation Contributions offer innovative and sophisticated theoretical engagements which draw upon various perspectives including those of post structuralism feminism post marxism and post modernism *The Postcolonial Intellectual* Oliver Lovesey,2016-03-03 Addressing a neglected dimension in postcolonial scholarship Oliver Lovesey examines the figure of the postcolonial intellectual as repeatedly evoked by the fabled troika of Said Spivak and Bhabha and by members of the pan African diaspora such as Cabral Fanon and James Lovesey s primary focus is Ng g wa Thiong o one of the greatest writers of post independence Africa Ng g continues to be a vibrant cultural agitator and innovator who in contrast to many other public intellectuals has participated directly in grassroots cultural renewal enduring imprisonment and exile as a consequence of his engagement in political action Lovesey s comprehensive study concentrates

on Ng g s non fictional prose writings including his largely overlooked early journalism and his most recent autobiographical and theoretical work He offers a postcolonial critique that acknowledges Ng g s complex position as a virtual spokesperson for the oppressed and global conscience who now speaks from a location of privilege Ng g s writings Lovesey shows display a seemingly paradoxical consistency in their concerns over nearly five decades at the same time that there have been enormous transformations in his ideology and a shift in his focus from Africa s holocaust to Africa s renaissance Lovesey argues that Ng g s view of the intellectual has shifted from an alienated nearly neocolonial stance to a position that allows him to celebrate intellectual activism and a return to the model of the oral vernacular intellectual even as he challenges other global intellectuals Tracing the development of this notion of the postcolonial intellectual Lovesey argues for Ng g s rightful position as a major postcolonial theorist who helped establish postcolonial studies

Raymond Williams John Higgins, 2013-06-17
