light on this endlessly intriguing city **Bodies of War** Lisa M. Budreau, 2011-11 World War I marked the first war in which the United States government and military took full responsibility for the identification, burial and memorialization of those killed in battle and as a result the process of burying and remembering the dead became intensely political. The government and military attempted to create a patriotic consensus on the historical memory of World War I in which war dead were not only honored but used as a symbol to legitimize America's participation in a war not fully supported by all citizens. In this book the author unpacks the politics and processes of the competing interest groups involved in the three core components of commemoration: repatriation, remembrance and return. This book emphasizes the inherent tensions in the politics of memorialization and explores how those interests often conflicted with the needs of veterans and relatives **"Liberty to the Downtrodden"** Matthew J. Grow, 2009-02-01 Thomas L. Kane (1822-1883) a crusader for antislavery, women's rights and the downtrodden rose to prominence in his day as the most ardent and persuasive defender of Mormons' religious liberty. Though not a Mormon, Kane sought to defend the much reviled group from the Holy War waged against them by evangelical America. His courageous personal intervention averted a potentially catastrophic bloody conflict between federal troops and Mormon settlers in the now nearly forgotten Utah War of 1857-58. Drawing on extensive newly available archives, this book is the first to tell the full story of Kane's extraordinary life. The book illuminates his powerful Philadelphia family, his personal life and eccentricities, his reform achievements, his place in Mormon history and his career as a Civil War general. Further, the book revises previous understandings of nineteenth-century reform, showing how Kane and like-minded others fused Democratic Party ideology, anti-evangelicalism and romanticism.
