Seek The Welfare Of The City Christians As Benefactors And Citizens:

Seek the Welfare of the City Bruce W. Winter, 1994 This is a print on demand book and is therefore non returnable The first Christians were members of households possibly associations and certainly cities in the first century Graeco Roman world before they embraced the preaching of the gospel This new six volume series which gathers contributors who are specialists in the intersection of the New Testament with the Graeco Roman world seeks for the first time to describe systematically the challenges difficulties and necessary adjustments involved in being a Christian to Graeco Roman society in the various spheres of life In this first volume *Seek the Welfare of the City* Bruce W Winter maps out the role of obligations of Christians as benefactors and citizens in their society Winter s scholarly insight is enhanced through the selective use of important ancient literary and nonliterary sources Contrary to the popular perception that early Christians withdrew from society and sought to maintain a low profile this outstanding study explores the complexities of the positive commitments made by Christians in Gentile regions of the Roman Empire

Seeking the Welfare of the City Naomi Noguchi Reese, 2025-01-27 In the history of public theology the Holy Spirit s role in creation has been underexplored If the Holy Spirit is the agent of transformation in creation why have so many theologians neglected the Spirit s activity in the context of public theology One of the causes of such neglect derives from a long held belief in dualism or its assumption As a result generally speaking theologians have neglected the eschatological aspect of the Spirit s work over creation and instead have devoted much of their attention to the immanent spiritual aspect of the Spirit s work Hence a theology is needed that recaptures the eschatological aspect of the Spirit s work over creation and Colin E Gunton s pneumatology that is trinitarianly formulated and eschatologically conceived brings a fresh approach to public theology and moves us toward a full bodied holistic and trinitarian public theology that takes into account the triune God This study attempts to draw upon the resources uncovered in Gunton s pneumatology to outline applications for Christian engagement of the public square for the twenty first century The book concludes with criteria for discerning the Spirit s work in the public square to give us practical ways to see how the Spirit may be working in the public square for transformation

To Live in Peace Mark R. Gornik, 2002-09-17 Building on both the perspective of God s new creation and the view from the neighborhood *To Live in Peace* shows how the life of the church the strategies of community development and the practices of peacemaking can make a transformational difference

Letters and Homilies for Hellenized Christians Ben Witherington III, 2010-04-09 This unique commentary on Titus 1 2 Timothy and 1 3 John probes each letter s social setting and the rhetorical strategies of the author Ben Witherington shares how several of these letters are much better understood as homilies and also provides special sections to bridge the gap between the text and the everyday life of the reader

Poverty in the Early Church and Today Steve Walton, Hannah Swithinbank, 2019-01-24 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched This innovative volume focuses on the significance of early Christianity for modern means of

addressing poverty by offering a rigorous study of deprivation and its alleviation in both earliest Christianity and today's world. The contributors seek to present the complex ways in which early Christian ideas and practices relate to modern ideas and practices and vice versa. In this light, the book covers seven major areas of poverty and its causes: benefaction, patronage, donation, wealth, and dehumanization of the undeserving poor and responsibility. Each area features an expert in early Christianity in its Jewish and Graeco-Roman settings paired with an expert in modern strategies for addressing poverty and benefaction; each author engages with the same topic from their respective area of expertise and responds to their partner's essay. Giving careful attention to both the continuities and discontinuities between the ancient world and today, the contributors seek to inform and engage church leaders, those working in NGOs concerned with poverty, and all interested in these crucial issues, both Christian and not.

Many Convincing Proofs Stephen S. Liggins, 2016-03-21. While there have been various studies examining the contents of the evangelistic proclamation in Acts and various studies examining from one angle or another individual persuasive phenomena described in Acts, e.g., the use of the Jewish Scriptures, no individual studies have sought to identify the key persuasive phenomena presented by Luke in this book or to analyse their impact upon the book's early audiences. This study identifies four key phenomena: the Jewish Scriptures, witnessed supernatural events, the Christian community, and Greco-Roman cultural interaction. By employing a textual analysis of Acts that takes into account both narrative and socio-historical contexts, the impact of these phenomena upon the early audiences of Acts—that is, those people who heard or read the narrative in the first decades after its completion—is determined. The investigation offers some unique and nuanced insights into evangelistic proclamation in Acts, persuasion in Acts, persuasion in the ancient world, each of the persuasive phenomena discussed, evangelistic mission in the early Christian church, and the growth of the early Christian church.

Paul: Jew, Greek, and Roman Stanley E. Porter, 2009-01-31. What does it mean to study Paul, the Apostle, as Jew, Greek, and Roman? The framing of the question exposes the fact that the distinctions themselves involve a complex of ethnic, social, and cultural designations. Paul is both a complicated individual of the ancient world because he combines in his one personage features of life in each of these cultural, ethnic, and even religious areas of the ancient world and one of many people of that world who evidenced such complexity. This volume, *Paul: Jew, Greek, and Roman*, explores a number of the important and diverse cultural, ethnic, and religious dimensions of the multi-faceted background of Paul, the Apostle. Some of the treatments are focused and specific, while others range over the broad issues that go to making up the world of the Apostle.

Coping with Prejudice Paul A. Holloway, 2009. Modern social psychology has devoted a significant share of its resources to the study of human prejudice. Most research to date has focused on those groups that exhibit prejudice. However, a number of recent studies have begun to investigate prejudice from the perspective of its targets. These studies have shown prejudice to be a powerful stressor that places unique and costly demands on its targets. They have also identified a number of strategies that targets of prejudice use to cope with their predicaments. These findings hold real

promise for scholars of early Christianity for not only were early Christians frequently the targets of religious prejudice they were to become its perpetrators soon enough but much of what they wrote sought either directly or indirectly to address this problem In this study Paul A Holloway applies the findings of social psychology to the early Christian pseudepigraphon known as 1 Peter He argues that 1 Peter marks one of the earliest attempts by a Christian author to craft a more or less comprehensive response to anti Christian prejudice and its outcomes Unlike later Apologists however who also wrote in response to anti Christian prejudice the author of 1 Peter does not seek to influence directly the thoughts and actions of those hostile to Christianity but writes instead for his beleaguered coreligionists consoling them in their suffering and advising them on how to cope with popular prejudice and the persecution it engendered *Acts of the Apostles and the Rhetoric of Roman Imperialism* Drew W. Billings,2017-07-25 Acts of the Apostles is normally understood as a historical report of events of the early church and serves as the organizing centerpiece of the New Testament canon In this book Drew W Billings demonstrates that Acts was written in conformity with broader representational trends and standards found on imperial monuments and in the epigraphic record of the early second century Bringing an interdisciplinary approach to a text of critical importance he compares the methods of representation in Acts with visual and verbal representations that were common during the reign of the Roman emperor Trajan 98 117 CE Billings argues that Acts adopts the rhetoric of Roman imperialism as articulated in the images and texts from the period His study bridges the fields of classics art history gender studies Jewish studies and New Testament studies in exploring how early Christian texts relate to wider patterns in the cultural production of the Roman Empire *After Paul Left Corinth: The Influence of Secular Ethics and Social Change* Bruce W.
