Stephen J McKenna

Selected Bibliography Of Significant Works About Adam Smith:

A Selected Bibliography of Significant Works About Adam Smith Martha Bolar Lightwood, 2016-11-11 The two hundredth anniversary in 1976 of the publication of *An Inquiry into the Nature and Causes of the Wealth of Nations* emphasized the already evident new interest in the relationship between Smith's social and political thought and his economic theory. Only recently have economists turned their attention to Smith's other works long overshadowed by the more renowned *The Wealth of Nations*. Martha Lightwood here argues that *A Theory of Moral Sentiments* actually laid the philosophic groundwork for *The Wealth of Nations* and emphasizes that Smith's writings considered in their totality represent a compelling interest not solely in economics but in philosophy and the study of society. Selected for this bibliography are major contributions and representative studies on three aspects of Smith's work: moral philosophy, the history of the development of scientific methodology and political economy. *A Critical Bibliography of Adam Smith* Hiroshi Mizuta, 2016-07-01 This critical bibliography of Adam Smith takes as its starting point the Kress Library of Business and Economics 1939 catalogue of its Vanderblue Collection of Smithiana. Since the bicentenary of *The Wealth of Nations* in 1976 the rate of international publication markedly accelerated significantly extending the scope of this bibliography beyond 1939. Its scope has been further enlarged via the inclusion of essays on the diffusion process while the inclusion of all works in the chronological main bibliography gives an overview of the scope of this process. The notes appended to the entries provide a running commentary to the gathering pace of publication and the entries are organised chronologically with systematic annotation throughout. **Adam Smith** Stephen J McKenna, 2006 Before his famed career as moral philosopher and economist Adam Smith 1723-1790 was well known for a series of public lectures on rhetoric that he gave in Edinburgh and Glasgow. In this volume Stephen J McKenna provides the first book-length treatment of Smith's rhetorical theory focusing on his theory of rhetorical propriety, the means by which effective communication is adapted to the variables of subject, audience, speaker or writer, purpose and moment, and the centrality of this concept to his thought. McKenna shows that Smith's contribution to the theory of rhetorical propriety offers insights into the interdisciplinarity of rhetoric, particularly its relation to ethics, and has practical implications for the ways we conceive of and conduct rhetorical discourse and education today. **Adam Smith and the Virtues of Enlightenment** Charles L. Griswold, 1999 Charles Griswold has written a comprehensive philosophical study of Smith's moral and political thought. Griswold sets Smith's work in the context of the Enlightenment and relates it to current discussions in moral and political philosophy. Smith's appropriation as well as criticism of ancient philosophy and his carefully balanced defence of a liberal and humane moral and political outlook are also explored. This 1999 book is a major philosophical and historical reassessment of a key figure in the Enlightenment that will be of particular interest to philosophers and political and legal theorists as well as historians of ideas, rhetoric and political economy.

Encyclopedia of Rhetoric and Composition Theresa Enos, 2013-10-08 First Published in 1996 Routledge is an imprint

of Taylor Francis an informa company *The Rise of Political Economy as a Science* Deborah A Redman,2003-01-01 Reviews the epistemological ideas that inspired the classical economists the methodological principles of Bacon Descartes Hobbes Newton Locke Hume Stewart Herschel and Whewell The classical age of economics was marked by an intense interest in scientific methodology It was moreover an age when science and philosophy were not yet distinct disciplines and the educated were polymaths The classical economists were acutely aware that suitable methods had to be developed before a body of knowledge could be deemed philosophical or scientific They did not formulate their methodological views in a vacuum but drew on a rich collection of philosophical ideas Consequently issues of methodology were at the heart of political economy's rise as a science The classical era of economics opened under Adam Smith with political economy understood as an integral part of a broader system of social philosophy by the end it had emerged via J S Mill as a separate science albeit one still inextricably tied to the other social sciences and to ethics *The Rise of Political Economy as a Science* opens with a review of the epistemological ideas that inspired the classical economists the methodological principles of Bacon Descartes Hobbes Newton Locke Hume Stewart Herschel and Whewell These principles were influential not just in the development of political economy but in the rise of social science in general The author then examines science in eighteenth and nineteenth century Britain with a particular emphasis on the all important concept of induction Having laid the necessary groundwork she proceeds to a history and analysis of the methodologies of four economist philosophers Adam Smith Robert Malthus David Ricardo and J S Mill selected for their historical importance as founders of economics and for their common Scottish intellectual lineage Concluding remarks put classical methodology into a broader historical perspective *Economics and Language* William Henderson,2017-09-08 First published in 2003 Routledge is an imprint of Taylor Francis an informa company *British Philosophy and the Age of Enlightenment* Stuart Brown,2012-12-06 This fifth volume covers many of the most important philosophers and movements of the nineteenth century including utilitarianism positivism and pragmatism

The 17th and 18th Centuries Frank N. Magill,2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography **Classical Political Economy** William O. Thweatt,2013-03-09 William O Thweatt This book is the second in three surveys of the literature in the history of economic thought in the Kluwer Recent Economic Thought series The first book covering the pre classical literature has already been published a third on the neo classical period is planned for 1988 This middle book surveys the writings on classical political economy for the past 30 years or roughly since the publication of Joseph Schumpeter's 1954 monumental

History of Economic Analysis Shortly after World War II the American Economic Association sponsored a Survey of Contemporary Economics 1949 That work covered 13 subdisciplines of economics and in 1952 a companion piece appeared in which surveys of 10 additional subdisciplines were presented As Bernard Haley editor of the second volume stated even though in the two volumes twenty three fields have been treated there remain some aspects of the subject that have not been reviewed Haley 1952 p v

This is likewise one of the factors by obtaining the soft documents of this **Selected Bibliography Of Significant Works About Adam Smith** by online. You might not require more time to spend to go to the books creation as skillfully as search for them. In some cases, you likewise realize not discover the broadcast Selected Bibliography Of Significant Works About Adam Smith that you are looking for. It will no question squander the time.

However below, as soon as you visit this web page, it will be correspondingly completely easy to acquire as capably as download lead Selected Bibliography Of Significant Works About Adam Smith

It will not assume many get older as we explain before. You can complete it while play in something else at house and even in your workplace. therefore easy! So, are you question?
