The Gnostic World Garry W. Trompf,Gunner B. Mikkelsen,Jay Johnston,2018-10-03 The Gnostic World is an outstanding guide to Gnosticism written by a distinguished international team of experts to explore Gnostic movements from the distant past until today These themes are examined across sixty seven chapters in a variety of contexts from the ancient pre Christian to the contemporary The volume considers the intersection of Gnosticism with Jewish Christian Islamic and Indic practices and beliefs and also with new religious movements such as Theosophy Scientology Western Sufism and the Nation of Islam This comprehensive handbook will be an invaluable resource for religious studies students scholars and researchers of Gnostic doctrine and history **The Coherence of “Gnosticism”** Einar Thomassen,2020-11-23 Gnosticism has become a problematic category in the study of early Christianity It obscures diversity invites essentialist generalisations and is a legacy of ancient heresiology However simply to conclude with diversity is unsatisfying and new efforts to discern coherence and to synthesise need to be made The present work seeks to make a fresh start by concentrating on Irenaeus report on a specific

group called the Gnostics and on his claim that Valentinus and his followers were inspired by their ideas Following this lead an attempt is made to trace the continuity of ideas from this group to Valentinianism The study concludes that there is more continuity than has previously been recognised Irenaeus Gnostics emerge as the predecessors not only of Valentinianism but also of Sethianism They represent an early philosophically inspired form of Christ religion that arose independently of the New Testament canon Christology is essential and provides the basis for the myth of Sophia The book is relevant for all students of Christian origins and the early history of the Church

Gnosticism John Glyndwr Harris,1999 Harris former head of the religious studies department at Gwent and author of scholarly volumes on religious topics introduces the basic ideas and practices of Gnosticism a system of religious and philosophical beliefs which was widely embraced in the earlier centuries of Christianity Distributed by ISBS Annotation copyrighted by Book News Inc Portland OR

Gnosticism and the History of Religions David G. Robertson,2021-08-12 Building on critical work in biblical studies which shows how a historically bounded heretical tradition called Gnosticism was invented this work focuses on the following stage in which it was essentialised into a sui generis universal category of religion At the same time it shows how Gnosticism became a religious self identifier with a number of sizable contemporary groups identifying as Gnostics today drawing on the same discourses This book provides a history of this problematic category and its relationship with scholarly and popular discourse on religion in the twentieth century It uses a critical historical method to show how and why Gnosis Gnostic and Gnosticism were taken up by specific groups and individuals practitioners and scholars at different times It shows how ideas about Gnosticism developed in late nineteenth and twentieth century scholarship drawing from continental phenomenology Jungian psychology and post Holocaust theology to be constructed as a perennial religious current based on special knowledge of the divine in a corrupt world David G Robertson challenges how scholars interact with the category Gnosticism and contributes to our understanding of the complex relationship between primary sources academics and practitioners in category formation
