

REMBRANDT

CATALOGUE VOLUME

TO THE SELECTED DRAWINGS

EDITED BY OTTO BENESCH

THIS Catalogue, the fruit of many years of research, is the companion to another new Phaidon volume, in which nearly 300 of Rembrandt's drawings are reproduced. The critical description of each drawing in this Catalogue includes observations on style, dating and the relation to the Master's etchings and paintings. There are also notes on the later history of each drawing, a short bibliography, and two useful indices.
