Köstenberger, David W. Jones, 2010 This updated edition of Köstenberger and Jones's landmark work tackles the latest debates and cultural challenges to God's plan for marriage and the family and urges a return to a biblical foundation **Marriage and the Family** Andreas J. Noble, Sarah K. Whittle, Philip S. Johnston, 2017-06-15 Family life has undergone revolutionary changes in Western society in the last sixty years posing both theological and ethical challenges for the contemporary church This book responds with wide ranging essays on sexuality marriage family life singleness same sex relationships violence against women anthropology gender and culture These chapters are essential reading for anyone concerned with Christian teaching on marriage and the family They balance a clear loyalty to the church's historic and biblical teaching with a recognition that all doctrine is

contextualized There is a growing gap between the ethics of many Christians and those of wider society So Christians have to be counter cultural But the church also has to be self critical differentiating between biblical revelation and cultural development And it must know how to present unchanging Christian convictions to a constantly changing society The contributors are Andy Angel Daniel Block Rosalind Clarke Barry Danylak Andrew Goddard Stephen Holmes David Instone Brewer A T B McGowan Nicholas Moore Onesimus Ngundu Oliver O Donovan Ian Paul Andrew Sloane Katy Smith Elaine Storkey and Sarah Whittle

Narrative and Identity Arthena E. Gorospe, 2007-06-30 Using Ricoeur's theories of narrative and identity and their ethical implications this book offers a multi disciplinary Asian reading of Moses reverse migration in Exodus 4 18 26 in light of the liminal experience of global economic migration The work demonstrates the productivity of Ricoeur's threefold movement of prefiguration configuration and refiguration for OT studies and contemporary realities By bringing together the world of an ancient text a nuanced reading of the text's narrative movement and its history of interpretation and the bittersweet realities of Filipino overseas workers this creative study charts the way for an OT hermeneutic that opens up possibilities for the formation of a reader's narrative and ethical identity

Jesus and the Feminists? Margaret Elizabeth Köstenberger, 2008-10-17 This resource provides a detailed survey and critique of various feminist interpretations of Jesus and offers a biblical view of men and women in the church and home The feminist movement has affected every aspect of political and social America and Christians are becoming increasingly aware of how this movement has impacted the church The feminist movement has changed the way evangelicals view not only themselves but also the very Word of God Jesus and the Feminists begins by offering a brief survey of the feminist movement revealing the radical misunderstanding of Jesus that has resulted from this movement Köstenberger then critiques the relevant works of well known feminist scholars and the ways they interpret certain passages of Scripture related to Jesus and his approach to women This practical resource points the way to a better understanding of the biblical message regarding Jesus' stance toward women and offers both men and women a biblical view of their roles in the church and the home

The Family in Life and in Death: The Family in Ancient Israel Patricia Dutcher-Walls, 2009-11-15 This volume explores the advantages of seeing a topic from two different but complementary perspectives All of the papers in the volume were read at two sessions at SBL 2005 and 2006 that were co sponsored by the Social Sciences and the Hebrew Bible Section of SBL and the American Schools of Oriental Research The sessions were designed to promote dialogue among scholars by juxtaposing research based in the social sciences and archaeology Scholars contributed papers from within their own methodological and research perspective but addressed possible interactions and overlaps that their research might contribute to the complementary perspective Significant intersections between the approaches emerged when patterns of social interactions accessed by social scientific methods paralleled patterns in material remains accessed by archaeological methods The sessions and thus the book achieve coherence because all of the papers attended to aspects of the family in ancient Israel While the presenters selected their own topics in the subject area several foci emerged that reflect current research interests in these fields These foci include research on ancestors and the cult of the dead configurations of family house structures and family relational interactions All of the papers make their methods and approaches visible and delineate clearly the textual or material basis of their research so that the dialogue among the papers is facilitated
