The Illumined Heart Frederica Mathewes-Green, 2007-07-01 Why are modern Christians so indistinguishable from everyone else How come Christians who lived in times of bloody persecution were so heroic while we who live in safety are not How could the first Christians fast valiantly but we feel deprived without dessert How did New Testament believers pray without ceasing How could the early Christian martyrs actually forgive their torturers What did the Christians of the first centuries know that we don't That's what this book is about The Cappadocian Mothers Carla D. Sunberg, 2018-01-01 The Cappadocian Fathers had great influence on the church of the fourth century having brought their passion for Christ and theological expertise to life in their ministry Their work was not devoid of influence including that of their immediate family members Within their writings we uncover the lives of seven women the Cappadocian Mothers who may have had more influence on the theology of the church than previously believed As the Cappadocians wrestle with the Christianization of the concept of deification we find the women in their lives becoming models for their theological understanding The lives of the women become points of intersection in the kenosis theosis parabola Not only are the Cappadocian Mothers uncovered in the texts but they become models of an optimistic theology of restoration for all of humanity without constraint of gender

Icon of the Kingdom of God Radu Bordeianu, 2023-05-19 What is the Church Some would answer this question by studying the Scriptures the history of the Church and contemporary theologians thus addressing the theological nature of the Church Others would answer based on statistics interviews and personal observation thus focusing on the experience of the Church These theological and experiential perspectives are in tension or at times even opposed Whereas the first might

speaking about the local church as the diocese gathered in the Liturgy presided over by its bishop the latter would describe the local church as the parish community celebrating the Liturgy together with the parish priest never experiencing a sole liturgy that gathers an entire diocese around its bishop Whereas a theologian might abstractly describe the Church as a reflection of the Trinity a regular church member might concretely experience the Church as a community that manifests the Kingdom of God in its outreach ministries Radu Bordeianu attempts to bring these two perspectives together starting from the concrete experience of the Church engaging this experience with the theological tradition of the Church extracting ecclesiological principles from this combined approach and then highlighting concrete situations that reflect those standards or proposing correctives when necessary Without pretending to be a complete Orthodox ecclesiology Icon of the Kingdom of God addresses the most important topics related to the Church It progresses according to one's experience of the Church from baptism to the family parish Liturgy and priesthood followed by analyses of synodality and nationality Arguing that the Church is an icon of the Kingdom of God this volume brings together the past theological heritage and the present experience of the Church while having three methodological characteristics experiential Kingdom centered and ecumenical

Re-Introducing Christianity Amir Azarvan, 2016-03-22 Faith means making a virtue out of not thinking And those who preach faith and enable and elevate it are intellectual slaveholders keeping mankind in a bondage to fantasy and nonsense that has spawned and justified so much lunacy and destruction Bill Maher Many seem unaware that contemporary critiques of Christianity are relevant mostly to its modern offshoots whose followers have to some extent earned Bill Maher's unflattering caricatures To its detriment Christianity is increasingly identified in people's minds with these more recent expressions As a result a growing number of people are turning away from Christianity and indeed religious faith altogether Drawing from an eclectic group of theologians clergy members monastics and lay scholars this edited volume re-introduces Christianity to a modern audience It presents a more authentic experiential side of Christianity to the religious skeptic a side that eschews blind faith legalism and judgment a side that is rarely given a hearing in the ongoing debate with today's skeptics Re-Introducing Christianity is also directed at modern Christians and refutes their most frequently expressed criticisms of what the contributors boldly but humbly call the Apostolic Faith
