**Five Foundations of Human Development**

Errol A. Gibbs, Philip A. Grey, 2011-06-08 Five Foundations of

Human Development FFHD is a philosophical religious and practical discourse on human development based on the following five foundations Spiritual Moral Social Intellectual and Physical The authors proffer that human beings possess the capacity to rise to a higher state of civilization when we allow Spiritual Intelligence to underpin human intelligence as our capable guide The indomitable spirit within human beings that brought civilization out of the Dark Ages and into an Age of Enlightenment demonstrates our capacity to transcend moral hope and optimism for a better world with peaceful coexistence among individuals families and nations This book will help inform enlighten and empower individuals and leaders in such fields as engineering science religion politics the military and other great institutions to engender solutions to the myriad of unsolved problems of past centuries problems of the present and emerging problems of the future Problems such as wars genocide greed and the exploitation of human beings begin within our destructive spiritual nature and manifest in the physical nature Therefore solutions also lie in the spiritual realm as a counterbalance to the natural realm of human existence FFHD is a blueprint for human survival based on adherence to physical laws and spiritual laws that transcend a belief in an omnipotent all powerful omnipresent everywhere and omniscient all knowing being It will awaken the conscience to comprehend the lifethreatening issues that face humankind The solutions therefore cannot merely be left only to the educated elite the military forces and those in high public and private office The global significance of this book is that it informs a more communal view of our world It is the only perspective that will allow us to enter the global village prepared for the racial social cultural environmental and economic challenges that lie ahead Five Foundations of Human

Development Errol A. Gibbs, Philip A. Grey, 2006-10-01 Five Foundations of Human Development FFHD Is our Materially Driven Life a Threat to the Spiritual Purpose of our Existence The book is a philosophical religious and practical discourse on Five Foundations of Human Development It offers compelling philosophical analytical and empirical arguments for a better world which is inherent in the worship of God service to humanity obedience to governing authorities and management of God s creation The authors examine problems that we encounter daily and they postulate solutions from Spiritual moral social intellectual and physical perspectives They essentially explore some of our past and present approaches to solutions to human problems They propose new revolutionary approaches to human development that call the reader s attention to a new enlightenment new hope and new optimism informed by a new Body of knowledge The authors strive to explain the Christian message of God as delivered and taught by Jesus Christ however it is not a work that is exclusively for Christians Their

discourse recognizes the comparable message and desire for the unity of humanity by other world religions They present their discourse not as experts or giving expert advice but simply as individuals with a desire to add another dimension of thought and enquiry to the vast storehouse of human knowledge The primary purpose of their discourse is to demonstrate the positive benefits to humanity when Biblical religious perspectives underpin every human endeavor These endeavors include but are not limited to family relations national and international relations engineering science and technology economics history education and health These endeavors dictate human progress Gibbs and Grey contend that humanity can realize the greater ideals of leadership and authority in the world through the application of the teachings of Jesus Christ and the great prophets The authors appeal to leaders of the 21st century educational political scientific and business to seek the knowledge wisdom and understanding of God in using our vast global natural wealth science technology and human capital to educe relevant and applicable strategies for the betterment of all humanity Genre Christianity Religion Inspirational Religion Enlightenment Philosophy General

Presents a robust defence of the essential place of stable marital families in modern liberal societies      **Problems of the Family** Willystine Goodsell, 1928      **Opera and Sovereignty** Martha Feldman, 2007 Performed throughout Europe during the 1700s Italian heroic opera or opera seria was the century's most significant musical art form profoundly engaging such figures as Handel Haydn and Mozart Opera and Sovereignty is the first book to address this genre as cultural history arguing that eighteenth century opera seria must be understood in light of the period's social and political upheavals Taking an anthropological approach to European music that's as bold as it is unusual Martha Feldman traces Italian opera's shift from a mythical assertion of sovereignty with its festive forms and rituals to a dramatic vehicle that increasingly questioned absolute ideals She situates these transformations against the backdrop of eighteenth century Italian culture to show how opera seria both reflected and affected the struggles of rulers to maintain sovereignty in the face of a growing public sphere In so doing Feldman explains why the form had such great international success and how audience experiences of the period differed from ours today Ambitiously interdisciplinary Opera and Sovereignty will appeal not only to scholars of music and anthropology but also to those interested in theater dance and the history of the Enlightenment      Handbook of Marriage and the Family Marvin B. Sussman, Suzanne K. Steinmetz, Gary W. Peterson, 2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p      **Post-Christian** Gene Edward Veith Jr., 2020-01-07 Undaunted Hope in a Post Christian World We live in a post Christian world Contemporary thought claiming to be progressive and liberating attempts to place human beings in God's role as creator lawgiver and savior But these post Christian ways of thinking and living are running into dead ends and fatal contradictions This timely book demonstrates how the Christian

worldview stands firm in a world dedicated to constructing its own knowledge morality and truth Gene Edward Veith Jr points out the problems with how today s culture views humanity God and even reality itself He offers hope filled practical ways believers can live out their faith in a secularist society as a way to recover reality rebuild culture and revive faith

**Family Ministry** Diana R. Garland,2012-08-02 Now revised and updated throughout Diana Garland s core text for ministers and others in the helping professions provides a comprehensive look at the Christian purpose of family and the complex world our families inhabit *What is Parenthood?* Linda C. McClain,Daniel Cere,2013-01-01 Extraordinary changes in patterns of family life and family law have dramatically altered the boundaries of parenthood and opened up numerous questions and debates What is parenthood and why does it matter How should society define regulate and support it Is parenthood separable from marriage or couplehood when society seeks to foster children s well being What is the better model of parenthood from the perspective of child outcomes Intense disagreements over the definition and future of marriage often rest upon conflicting convictions about parenthood What Is Parenthood asks bold and direct questions about parenthood in contemporary society and it brings together a stellar interdisciplinary group of scholars with widely varying perspectives to investigate them Editors Linda C McClain and Daniel Cere facilitate a dynamic conversation between scholars from several disciplines about competing models of parenthood and a sweeping array of topics including single parenthood adoption donor created families gay and lesbian parents transnational parenthood parent child attachment and gender difference and parenthood **Words on Cassette** ,1993 **The Holy Family and Its Legacy** Albrecht Koschorke,2003 Why do biblical themes continue to have such an impact on the popular imagination Why do Mary like mothers and Jesus like sons play such a prominent role not only in the late Middle Ages and the Reformation but also in the Enlightenment the nineteenth century with its faith in science and even our time in such movies as The Terminator and the Star Wars saga to the extent that we can count them among Western society s leading cultural archetypes And what does the figure of the father God reveal about the social and familial institutions of male dominated society In this provocative and engaging book Albrecht Koschorke suggests that the story of the Holy Family has become a cultural code embedded in secular society The Western nuclear family consists of the Christian prototype of mother father and child Thus the Holy Family has come to be a model for modern family dynamics The holy child stands at the center of centuries of art history just as the child stands at the center of parental attention today Similarly the roles of modern women and men provide dramatic parallels to the surrogate mother Mary and to Joseph a proxy for the absent father But as the position of the father in Christianity remains ambiguous Koschorke argues the Holy Family model actually disrupts the nuclear ideal with reverberations throughout Western culture including art literature film popular culture and political ideology The anomalies of the Christian nativity a present but nonbiological father and an absent spiritual father for example support the ideology of the state as a powerful and patriarchal determinant of society Ranging over two millennia of history and culture Koschorke

deftly contrasts the cultural archetype of the Holy Family with the theories of Freud and Weber and with the literary works of Rousseau Kleist and others in an exploration that illuminates issues of historical religious artistic psychological and cultural significance
