Mohammed, Frank Jacob,2021-11-22 Marriage was historically not only a romantic ideal but a tool of exploitation of women in many regards Women were often considered commodities and marriage was far away from the romantic stereotypes people relate to it today While marriages served as diplomatic tools or means of political legitimization in the past the discourses about marital relationships changed and women expressed their demands more openly Discourses about marriage in history and literature naturally became more and more heated especially during the long 19th century when marriages were contested by social reformers or political radicals male and female alike The present volume provides a discussion of the role of marriage and the discourses about in different chronological and geographical contexts and shows which arguments played an important role for the demand for more equality in martial relationships It focuses on marriage discourses may they have been legal or rather socio political ones In addition the disputes about marriage in literary works of the 19th and 20th centuries are presented to complement the historical debates **Marriage Law and Practice in the Long**

Eighteenth Century Rebecca Probert,2009-07-02 This book uses a wide range of primary sources legal literary and demographic to provide a radical reassessment of eighteenth century marriage It disproves the widespread assumption that couples married simply by exchanging consent demonstrating that such exchanges were regarded merely as contracts to marry and that marriage in church was almost universal outside London It shows how the Clandestine Marriages Act of 1753 was primarily intended to prevent clergymen operating out of London s Fleet prison from conducting marriages and that it was successful in so doing It also refutes the idea that the 1753 Act was harsh or strictly interpreted illustrating the courts pragmatic approach Finally it establishes that only a few non Anglicans married according to their own rites before the Act while afterwards most save the exempted Quakers and Jews similarly married in church In short eighteenth century couples complied with whatever the law required for a valid marriage Transactions of the National Association for the Promotion of Social Science ,1863 *Transactions of the National Association for the Promotion of Social Science* National Association for the Promotion of Social Science (Great Britain),1863 The volume for 1886 contains the proceedings of the Conference on temperance legislation London 1886 Marriage in Contemporary Japan Yoko Tokuhiko,2009-09-25 This is the first book in

recent years to explore the contemporary state of marriage in Japanese society Setting out the different perceptions and expectations of marriage in today s Japan the book discusses how economic issues and the family impact on marital behaviour *Queen's Bench and Practice Court Reports ... [1844-1882]* Upper Canada. Court of Queen's Bench, J. Hillyard Cameron, Sir James Lukin Robinson, Christopher Robinson, H. C. W. Wethey, Salter Jehosaphat Van Koughnet, 1879 **The Millennial Marriage** Brian Willoughby, 2020-11-29 This essential text explores the concept of Me Marriage a marital relationship that blends individualized life goals and interests and draws from research on the current benefits and costs of marriage to consider how to achieve success both individually and relationally Chapters explore the larger patterns at play and identify the trends about what a modern healthy marriage looks like for this new generation Brian J Willoughby combines a review of the latest social science research on the benefits and costs of marriage with new quantitative and qualitative data from married and single adults The book explores how marriage has fundamentally shifted in the Western world due to the changing values and approaches to relationships by the Millennial generation that is now largely transitioning to marriage This book is an ideal text for clinicians and practitioners particularly those working with young married populations looking for guidance on how to understand the increasingly complex ways that adults are navigating their relationship landscape as well as students and scholars in the fields of psychology family studies and sociology and those interested in individual development relational development and demographic trends on the family *After Marriage* Elizabeth Brake, 2016 This collection of essays by liberal and feminist philosophers addresses the question of whether marriage reform ought to stop with same sex marriage Some philosophers have recently argued that marriage is illiberal and should be abolished or radically reformed to include groups and non romantic friendships In response Simon May argues that marriage law can be justified without an illiberal appeal to an ideal relationship type and Ralph Wedgwood argues that the liberal values which justify same sex marriage do not justify further extension Other authors argue for new legal forms for intimate relationships Marriage abolitionist Clare Chambers argues that piecemeal directives rather than relationship contracts should replace marriage and Samantha Brennan and Bill Cameron argue for separating marriage and parenting with parenting rather than marriage becoming legally and socially the foundation of the family Elizabeth Brake argues for a non hierarchical friendship model for marriage Peter de Marneffe argues that polygamy should be decriminalized but that the liberal state need not recognize it while Laurie Shrage argues that polygamy could be legally structured to protect privacy and equality Dan Nolan argues for temporary marriage as a legal option while Anca Gheaus argues that marital commitments are problematic instruments for securing the good of romantic and sexual love Taken together these essays challenge contemporary understandings of marriage and the state s role in it *The English Reports*, 1903 *Global Marriage* Lucy Williams, 2010-08-20 The popular imagination of marriage migration has been influenced by stories of marriage of convenience of forced marriage trafficking and of so called mail order brides This book presents a uniquely global view of an

expanding field that challenges these and other stereotypes of cross border marriage **The Revised Reports** ,1903

Marriage Material Abigail Ocobock, 2024-11-19 A cutting edge study of marriage s transformative effects on same sex relationships It is no secret that marriage rates in the United States are at an all time low Despite this significant decline the institution of marriage endures in our society amid historic changes to its meaning and practice How does the continuing strength of marriage impact the relationships of same sex couples after the legalization of same sex marriage Drawing on over one hundred interviews with LGBTQ people Marriage Material reveals the transformative impact marriage equality has had on same sex relationships Sociologist Abigail Ocobock looks to same sex couples across a wide age range to illuminate the complex ways institutional mechanisms work in tandem to govern the choices and behaviors of individuals with different marriage experiences Ocobock examines both the influence of marriage on the dynamics of same sex relationships and how LGBTQ people challenge heteronormative assumptions about marriage highlighting the complex interplay between institutional constraint and individual agency Marriage Material presents a bold challenge to dominant scholarly and popular ideas about the decline of marriage making clear that gaining access to legal marriage has transformed same sex relationships both for better and for worse

[This Momentary Marriage](#) John Piper, 2009-04-03 Reflecting on forty years of matrimony John Piper exalts the biblical meaning of marriage over its emotion exhorting couples to keep their covenant for all the best reasons Even in the days when people commonly stayed married til death do us part there has never been a generation whose view of marriage was high enough says Pastor John Piper That is all the more true in our casual times Though personal selfishness and cultural bondage obstruct the wonder of God s purpose it is found in God s Word where his design can awaken a glorious vision capable of freeing every person from small Christ ignoring romance intoxicated views As Piper explains in reflecting on forty years of matrimony Most foundationally marriage is the doing of God And ultimately marriage is the display of God It displays the covenant keeping love between Christ and his people to the world in a way that no other event or institution does Marriage therefore is not mainly about being in love It s mainly about telling the truth with our lives And staying married is not about staying in love It is about keeping covenant and putting the glory of Christ s covenant keeping love on display This Momentary Marriage unpacks the biblical vision its unexpected contours and its weighty implications for married single divorced and remarried alike
