Marriages Of Jacob A Poem Novella:

The Marriages of Jacob Charlotte Mandel, 1991 **Feminist Measures** Lynn Keller, 1994 Explores the role of gender in poetic production the tensions between poetry and contemporary literary theory and the fluid boundaries between theoretical and literary writing **Dwelling in Possibility** Yopie Prins, Maeera Shreiber, 2018-10-18 Dwelling in Possibility cuts across conventional boundaries between critical and creative writing by featuring the work of both women poets and feminist critics as they explore and exemplify the relationship between gender and poetic genres The contributors suggest new ways of thinking and writing about poetry in light of contemporary questions about history and identity Most of the contributions are published here for the first time *REVEALED : A POETRY AND FLASH FICTION NOVEL* Peyton L. Pellerin, 2022-11-18 Revealed is a dark and twisted journey of challenges while facing your demons at your best and worst While some help you rise above the demons and live with eternal peace others drag you down in the deepest parts of the abyss Emotion pours from the pages while giving a unique inside view of what anxiety and living with your own personal demons are perceived as **The Hebrew Bible in Contemporary Fiction and Poetry** Lena-Sofia Tiemeyer, 2025-03-31 This book discusses 20th and 21st centuries literary retellings of biblical texts focusing on how fiction and poetry fill the extant narrative gaps present in the often sparse biblical accounts and align the narratives with theological and or cultural expectations of modern interpreting communities The chapters written by an international group of scholars explore biblical retellings in a variety of modern languages ranging from Korean and Chinese to Hebrew and Arabic Most of the contributions deal with retellings of the narrative books Genesis Exodus Judges Ruth 1 2 Samuel Daniel but a few are devoted to prophetic Hosea and poetic Psalms ones Another set of articles looks beyond specific biblical books and instead analyses how the Bible has been retold in different literary genres Children and YA literature sci fi and fantasy Christian Inspiration fiction and in modern political discourse North and South Korea All the chapters further highlight how literary retellings of the Bible form two way movements They reveal the often subversive quality of literary retellings retellings not only emphasise those nuances in the biblical texts that create unease but also problematise their standpoint and question their moral and theological message *The Hebrew Bible in Contemporary Fiction and Poetry* is suitable for students and scholars of biblical studies working on intertextuality and reception history It is also of interest to those working on comparative literature particularly with regards to the Hebrew Bible in popular culture and literature *The Victorian Verse-Novel* Stefanie Markovits, 2017-09-01 *The Victorian Verse Novel Aspiring to Life* considers the rise of a hybrid generic form the verse novel in the second half of the nineteenth century Such poems combined epic length with novelistic plots in the attempt to capture not a heroic past but the quotidian present Victorian verse novels also tended to be rough mixed their narrative sections interspersed with shorter lyrical verses in varied measures In flouting the rules of contemporary genre theory which saw poetry as the purview of the eternal and ideal and relegated the everyday to the domain of novelistic prose verse novels

proved well suited to upsetting other hierarchies as well including those of gender and class The genre's radical energies often emerge from the competition between lyric and narrative drives between the desire for transcendence and the quest to find meaning in what happens next the unusual marriage plots that structure such poems prove crucibles of these rival forces Generic tensions also yield complex attitudes towards time and space the book's first half considers the temporality of love while its second looks at generic geography through the engagement of novels in verse with Europe and the form's transatlantic travels Both well known verse novels Elizabeth Barrett Browning's *Aurora Leigh* Arthur Hugh Clough's *Amours de Voyage* Coventry Patmore's *The Angel in the House* and lesser known examples are read closely alongside a few nearly related works Tennyson's *Idylls of the King* Robert Browning's *The Ring and the Book* An Afterword traces the verse novel's substantial influence on the modernist novel

Obsession Carolyn Beard Whitlow, Marilyn Krysl, 2014-03-04 The sestina of medieval French origin is a complex poetic form of 39 lines six sestets and a three line envoy in which the six end words teleutons of the lines of the first sestet stanza are repeated in a specific order as teleutons in the five succeeding sestets In the envoy the six teleutons are again picked up one of them being buried in and one finishing each line Because of the complexity of the form the sestina fell out of favor with poets for several decades However a twenty first century revival of the form is underway This is the first anthology of sestinas that showcases both traditional and innovative examples of the form by modern and contemporary poets award winners and emerging writers alike Organized by such themes as Americana Art Love and Sex and Memory Contemplation Retrospection and Death the collection also includes sestinas with irregular teleutons and unconventional sestinas An evocative introduction by Marilyn Krysl acquaints readers with the form The volume concludes with useful indexes of first lines and teleutons increasing access to the poems beyond the poets names

Shofar, 1993 Children and Yiddish Literature From Early Modernity to Post-Modernity Gennady Estraiikh, Kerstin Hoge, Krutikov Mikhail, 2016-05-20 Children have occupied a prominent place in Yiddish literature since early modern times but children's literature as a genre has its beginnings in the early 20th century Its emergence reflected the desire of Jewish intellectuals to introduce modern forms of education and promote ideological agendas both in Eastern Europe and in immigrant communities elsewhere Before the Second World War a number of publishing houses and periodicals in Europe and the Americas specialized in stories novels and poems for various age groups Prominent authors such as Yankev Glatshteyn Der Nister Joseph Opatoshu Leyb Kvitko made original contributions to the genre while artists such as Marc Chagall El Lissitzky and Yisakhar Ber Rybak also took an active part In the Soviet Union meanwhile children's literature provided an opportunity to escape strong ideological pressure Yiddish children's literature is still being produced today both for secular and strongly Orthodox communities This volume is a pioneering collective study not only of children's literature but of the role played by children in literature
