*Why Singles are Not Married and the Married are Single* Mike Marra, 2006-01 With all of this turmoil around us we definitely have a need for God love family and patriotism These ingredients are the foundations of a great nation They re the power to defeat the enemy They provide a desire to thrive toward oneness and uniqueness Our strength and foundation for values morals passion and prosperity are found within these virtues Because we are designed for relationship and the need to love one another selflessly we now ache and grieve for attention and the feeling of love due to our selfishness The yearning for love stems from coast to coast and throughout the nations True love is difficult to achieve because our advancements have actually divided hurt and depressed people beyond our comprehension The world has turned its back on God and what He intended life to be Yet there are myriads of reasons excuses and blame for the high rates of divorce and singleness

Don't Get Married Until You Are Single Sam O. Opeche, 2017-12-19 Sam Opeche didn't know his mum until he turned 19 His parents were divorced when he was just six Something always told him that growing up wouldn't have been so difficult if his parents had stayed together He found that there's his dad's side of the story his mum's side of the story and then there's the truth Since then a lot of his time has been spent on trying to search for the truth Could his parents' divorce have been prevented or was it inevitable Could there have been something different in the mix that may have helped them weather the storms or could it be that they were just not made for each other It wasn't until years later as he faced up to his own personal challenges in marriage that it dawned on him what the solution could have been Don't Get Married Until You Are Single but if you are married already seek singleness and self love and your marriage will blossom to new dimensions of fulfilment

*Married Or Single?, Vol. 1 of 2 (Classic Reprint)* Catharine Maria Sedgwick, 2018-01-30 Excerpt from Married or Single Vol 1 of 2 It might seem natural and decorous that one approaching the limit of human life should if writing at all write a book strictly religious but the novel and to that guild we belong does not seem to us the legitimate vehicle of strictly religious teaching Secular affairs should be permeated by the spirit of the altar and the temple but not brought within the temple's holy precincts About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Consequences of Being Single Douglas Richard Austrom, 1984 As a result of contemporary trends in marriage and divorce the proportion of single adults has risen quite dramatically Because of the number of unmarried adults roughly 60 million in North America it is increasingly necessary to assess the consequences of this supposedly solitary lifestyle A questionnaire study was conducted to compare the physical well being frequency of depressive symptoms happiness and life satisfaction of 517 single adults with a matched sample of 521 married adults Contrary to the findings of most previous studies the married respondents did not report better physical health than the single respondents The married respondents were however significantly happier less frequently depressed and more satisfied with their lives Further analyses showed that social support was a better

predictor of life satisfaction and depressive symptomatology than marital status per se But being married is still a factor in psychological well being happiness and life satisfaction at least insofar as the primary affectional bond provides the requisite social support Other factors which contribute to the quality of single life were assessed and discussed
