## **Marseille New York A Surrealist Liaison:**

**Surrealism and Architecture** Thomas Mical, 2005 Twenty one essays examining the relationship of surrealist thought to architectural theory and practice      **History of the Surrealist Movement** Gérard Durozoi, 2002 Tracing the movement from its origins in the 1920s to its decline in the 1950s and 1960s Durozoi tells the history of Surrealism through its activities publications and reviews demonstrating its close ties to some of the most explosive political as well as creative debates of the twentieth century Unlike other histories which focus mainly on the pre World War II years of the movement in Paris Durozoi covers both a wider chronological and geographic range treating in detail the postwar years and Surrealism's colonization of Latin America the United States Japan Czechoslovakia Belgium Italy and North Africa Drawing on documentary and visual evidence including 1 000 photos many of them in color he illuminates all the intellectual and artistic aspects of the movement from literature and philosophy to painting photography and film All the Surrealist stars and their most important works are here Aragon Borges Breton Bu uel Cocteau Crevel Dal Desnos Ernst Man Ray Soupault and many more for all of whom Durozoi has provided brief biographical notes in addition to featuring them in the main text      Une liaison surréaliste Marseille-New York Bernard Noël, 1985      **Yves Tanguy and Surrealism** Karin von Maur, Yves Tanguy, Susan Davidson, 2001 Ur Surrealist Yves Tanguy belonged to the inner circle of the 1920s Parisian avant garde alongside such figures as Salvador Dal Max Ernst and Alberto Giacometti making essential contributions to Surrealist manifestoes magazines and exhibitions Tanguy's artistic obsession was the world of imagination of dreams and reveries and his cryptically codified imagery continues to perplex audiences today His paintings seem to exist in a hazy oddly beautiful limbo dimension beyond time and space a world at once vertiginous and calm disturbing and breathtaking The central focus of Yves Tanguy and Surrealism is the Surrealist mode to which Tanguy dedicated himself like no other painter of his time cementing the movement's place in the history of visual art On the basis of previously unpublished documents and works authors discuss Tanguy's otherworldly oeuvre in all its aspects from his development as an artist to the reception of his work in the United States With stunning reproductions in full color as well as black and white Yves Tanguy and Surrealism is an extensive overview of the work of an artist whose forays into the creative unknown continue to resonate      *American Foreign Policy and Yugoslavia, 1939-1941* Ivo Tasovac, 1999 In *American Foreign Policy and Yugoslavia 1939 1941* Ivo Tasovac contends that Yugoslavia acted as an unwilling prop for American involvement in World War II As a result of America's commitment to Britain as an exception to their doctrine of neutrality and of Winston Churchill and Franklin Roosevelt's shared eagerness for conflict and suppression of Germany the war and ensuing Communist takeover of Eastern Europe were inevitable With Yugoslavia cast as the endangered barrier between the Germans and the Mediterranean Churchill was able to establish an unquestionable need for U S military action Britain's leader could seize on the small country as a staging area for activating the Soviets in order to eliminate Italy and weaken Germany in the process Tasovac contends that pressure from

the British government and the American diplomats investigating the situation in fact enforced the Serbian coup d'etat to overthrow Prince Paul of Yugoslavia when he appeared sympathetic to Germany even though the Serbians had no intentions of fighting. With all of the ingredients for conflict in place the ensuing struggle for Yugoslavian freedom was unavoidable. By bringing the war to the Balkans Churchill and Roosevelt shaped the next half century of international politics and domination. American Foreign Policy and Yugoslavia documents and analyzes the decisions and policies that made this action so detrimental to Yugoslavia and other Balkan states. Tasovac brings new light to the realities of the engagement in Yugoslavia and the long standing effects discarding the appearances of history for the truth. This study is ideal for a broad audience of scholars including those interested in NATO policies applied to the Balkan states the relationship between the United States and those states Franklin D. Roosevelt's influence on the world stage during his presidency and World War II and the history of Yugoslavia as a whole.

**Historical Dictionary of Surrealism** Will Atkin, 2021-12-10. The Surrealist Movement is an international intellectual movement that has led a sustained questioning of the basis of human experience under twentieth and twenty first century modernity since its founding in the early 1920s. Influenced by the psychoanalytical teachings of Sigmund Freud Surrealism emerged among the generation that had witnessed the insanity and horror of the First World War and was conceived of as a framework for investigating the little understood phenomena of dreams and the unconscious. In these territories the surrealists recognized an alternative axis of human experience that did not align with the rational workaday rhythms of modern life and which instead revealed the extent to which individual subjectivity had been constrained by post Enlightenment rationalism and by the economic forces governing the post industrial world. Against these trends the Surrealist Movement has sought to re evaluate the foundations of modern society and reassert the primacy of the imagination for almost a century to date. This book offers focused introductions to numerous writers poets artists filmmakers precursors groups movements events concepts cultures nations and publications connected to Surrealism providing orientation for students and casual readers alike. *Historical Dictionary of Surrealism* Second Edition contains a chronology an introduction and an extensive bibliography. The dictionary section has more than 200 cross referenced entries on the Surrealist Movement's engagement with the realms of politics philosophy science poetry art and cinema and charts the international surrealist community's diverse explorations of specific thematic territories such as magic occultism mythology eroticism and gothicism. This book is an excellent resource for students researchers and anyone wanting to know more about surrealism.
