Martian Sphinx:

The Martian Sphinx John Brunner, 2011-09-29 By the twenty first century the world was drowning in its own population A solution had to be found quickly and it was in gravi power Wonderful unending source of power only the scientists knew that its use was reducing the Earth s distance from the sun at a dangerous rate But if another planet s gravi power could be harnessed An expedition was launched to Mars known to be uninhabited except that a woman was wandering around its surface who claimed she had come from another galaxy to warn Earth of a terrible menace and there was a huge poly hedron of metal emanating a force very much like that of gravipower Someone else had discovered it A thousand years ago or now

Friend or enemy First published 1965 **The Martians** Nick Redfern, 2020 This is an in depth study of the theory that Mars was once a world which teemed with life Perhaps even life not at all too dissimilar to ours Incredibly the Martians may still be there Alive This book explores the CIA s top secret search for the Martians multiple photos of strange anomalies and the latest revelations about the environment and water on Mars The questions concerning life on Mars then and now are many The answers are astounding **Alien Intelligence and the Pathway to Mars** Mary Bennett, 2021-05-04 Details how

exploratory probes sent to Mars in the 1970s triggered a plethora of anomalous events particularly crop circles glyphs and how these events are messages from ET intelligence to help us send a human mission to Mars Reveals how the anomalous Cydonia region of Mars fits the Golden Ratio Spiral and looks at links between Martian formations and Earth s ancient sites Illustrated throughout with color photographs maps and diagrams In this full color study based on 25 years of research Mary Bennett explores the ancient and modern connections between Mars and Earth as well as how extraterrestrial intelligences are trying to assist us in constructing a viable spacecraft to take a human crew swiftly and safely to Mars She details how exploratory probes sent to Mars in the 1970s triggered over three decades of anomalous yet scientifically validated events including crop circles or crop glyphs She explains how these formations along with related events encode advanced engineering concepts that offer solutions to the fundamental problems presently hindering long haul crewed spaceflight whether to the Moon Mars or beyond Looking at the red planet itself the author reveals the scientifically verifiable evidence pointing to intelligent design on the surface of Mars specifically in the Cydonia region which fits the Golden Ratio Spiral She looks at the covert links between the Martian formations and Earth s ancient sites such as the Avebury landscape in England and the Giza Complex She describes how agencies concerned with space travel have been quietly mirroring areas of Mars through construction projects here on Earth revealing that many of the ET messages have already been partially decoded Taking you from a complex on Mars to the Teotihuacan pyramids in Mexico from phi ratios to the Pentagon from the Great Pyramid to quantum computing this exploration of the hidden influence of Mars shows that our abilities as a future space faring species began in the ancient past and are now coming to fruition **It's Are on the Moon and Mars** C. essential reference for the highly controversial Ancient Alien Theory Dark Mission Richard C. Hoagland, Mike Bara, Michael Bara, 2009 For most people the word NASA suggests a squeaky clean image of technological infallibility Yet the truth is that NASA was born as a lie and has concealed the truth about its occult origins ever since Mystical organisations dominate NASA and carry out their own agendas behind the scenes Why was the Bush administration hell bent on returning to the moon Why is there a new space race with Russia China and even India Hoagland and Bara answer these questions and many more **Alien Arrival** Michael Fitzgerald, 2015-02-28 Aliens are among us already and their activities have increased enormously with the arrival of the new millennium Journey with the author as he examines human extraterrestrial interaction from ancient times to the present Sightings contact and abduction cases are all considered as well as a detailed study of the evidence for life on other planets especially on Mars and the Moon Become part of the search for extraterrestrial life and attempts to communicate with it Explore the coverups and conspiracies doomsday scenarios and the possibility that the increase in UFO activity represents an attempt by extraterrestrials to encourage us to change direction and work together for the salvation of our planet Or is there a much more sinister plan afoot Prediction By the year 2030 we will have definite proof of the existence of intelligent life on other planets Mysteries beckon **Forgotten Worlds** Patrick Chouinard, 2012-05-29 An examination of the mythological historical and archaeological evidence for lost civilizations throughout the world Explores unexplained mysteries such as the Caucasian mummies of China the pyramids of Caral in Peru and the genetically unique X woman of Siberia Examines evidence of lost ancient civilizations in Asia Europe and the Americas including extensive investigation into Atlantis Shows that Siberia and the Amazon may have been cradles of humanity before Africa Over and over again mainstream views of early history which state that the first civilizations arose around 3500 BCE are plagued by evidence of much older civilizations evidence ranging from artifacts and inexplicable remains to pyramids and ubiquitous myths that clearly speak of great empires prior to the rise of the Sumerian city states and pharaonic Egypt Viewing Atlantis and its many related myths as a metaphor for a long lost global civilization Patrick Chouinard explores the mythological cultural religious and archaeological evidence for many forgotten civilizations in Europe Asia and the Americas He addresses unexplained mysteries from around the world such as Caucasian mummies found in China the pyramids of Caral in Peru the hobbit remains on Flores Island the giant heads of Easter Island the lost legacy of Lemuria the ideology and occult mysticism behind Nazi theory and the genetically unique X woman of Siberia He also examines evidence of ancient alien visits and other supernatural phenomena in the distant past Using recent archaeological findings he shows that Siberia and the Amazon may have been cradles of humanity millennia before Africa Sounding the call to continue searching ancient remote and formerly forbidden regions for lost cultures and genetic root races Chouinard offers a new chronology for the emergence of human life and civilization as well as a new mechanism for how and why societies and species change over time By finding lost peoples and their forgotten worlds we can truly begin to understand
