Robinson, 2010-12-29 MIND CONTROL is a book that explores the unspoken of ideas of life that individuals face every day Part 1 introduces you to MIND CONTROL This section tells you exactly who they are and their purpose for mankind I also reveal myself and those who pursue and persecute Me I then address the current status of life on earth and the many changes that have occurred since the dawning of the new millennium I confront Biblical Prophecy and equate them with recent past times of the world Part 2 begins the story of My Life highlighting My Differences from other earthlings I am Geneva Le Neice Robinson The Sun moon stars and clouds move when I walk outside I did not realize this unbelievable truth until My twenty fifth birthday The first chapter reveals My family and My spiritual foundation built during My early years of life There is a colorful illustration of My childhood and circumstances I encountered as the unholy stood by observing the Woman clothed with the Sun growing up into adulthood They caused Me much trauma I question the standards of life on earth now in contrast to a Biblical example of how we ought to live I show how I was taught My Intellect and My Desire to achieve scholastically I then faced family hardship such as abandonment and child molestation I wrote about my Mothers life trials and how she severely affected Me The unholy operated Me in My adolescence as I lived As a teen I rededicated My Life to GOD Then the unholy chased Me once again REVELATION 12 tells the story of how Satan was defeated in Heaven and then cast to the earth where he pursued Me trying to kill Me The Devil was cast alive into the Lake Of Fire Now all his warriors which survived and followed in his footsteps strive to overcome Me day and night but they are defeated by GODS LOVE LOVE is the primary powerful ingredient needed to battle evil I intensely explain the difference between LOVE and lust with Biblical proof I excelled as a straight A student all the way through high school and ventured off to a trap set for Me at UCLA My heart was set on attending Howard University in Washington D C My dreams were deferred and forbidden by My caregiver UCLA devoured Me as The Dragons Empire ran people in My path and punished Me I gave up My hopes and dreams of becoming a doctor

and started a family I then describe My view of life in the new millennium I played a pivotal part in the change that overtook the world After the change I was alienated and unable to partake in the overtly sexual nature of mankind The Queens of Existence alerted Me that I am their sole person on earth I endure the shock and hardship of that reality as women engulf My LIGHT daily by stepping on Me The Light and pretending to be Queen for fun THE END IS NOW I explain the Bibles REVELATION and how it relates to current life on earth Many are ending yet there are ways to survive I give tactics on how to continue living without ending The battle has always been between good and evil Although the world lies in wickedness we have a route to life and can pursue happiness

Move Over, Girl Brian Peterson,2008-11-26 Tony Norris is a twenty year old college junior a good looking young man with a strong rap who puts as much time into studying women as he does into his courses Freshman year Tony was on top of his game star athlete steady girlfriend living in the moment and loving every second But when bottom falls out on his hoops career Tony s playing field shifts from the hard wood of the basketball court to the soft supple curves of the opposite sex His relationships with women last as long as a Popsicle in the summer sun and they re just as sticky With each ensuing predicament Tony s faced with more questions than satisfaction and as the story unfolds we find that Tony and what he wants is much more complex than his player image would lead us to believe Tony s amorous adventures play out against the free flowing backdrop of college and his friendships with his boys from Derrick a football star who s figured out the whole relationship thing and doesn t understand why Tony hasn t to Kwam the loud mouthed life of every party Tony s musings will have you laughing as author Brian Peterson takes you on an inner tour of a young man s mind in this fun debut novel by an exciting new voice in black male fiction It s the next best thing to being in there

The Naked Truth Kevin Sandler,2007-08-22 From parents and teachers to politicians and policymakers there is a din of voices participating in the debate over how young people are affected by violence strong language and explicit sexual activity in films The Motion Picture Association of America MPAA responded to this concern in 1968 when it introduced a classification and rating system based on the now well known labels G PG PG 13 R and X For some these simple tags are an efficient way to protect children from viewing undesirable content But do the MPAA ratings actually protect children In The Naked Truth Kevin S Sandler argues that the rating system does not protect children but instead protects the Hollywood film industry One prime indicator of this is the collective abandonment of the NC 17 rating in 1990 by the major distributors of the MPAA and the main exhibitors of the National Association of Theatre Owners By categorizing all films

released by Hollywood and destined for mainstream theaters into R ratings or lower the industry ensures that its products are perceived as responsible entertainment to all audiences and incontestable to politicians and moral reformers By embracing a no NC 17 rule the industry collapses mature subject matter with pornography creating a national cinema where certain representations of sex and nudity are taboo *Leonard Maltin's 2009 Movie Guide* Leonard Maltin, Luke Sader, Mike Clark, 2008 Offers readers a comprehensive reference to the world of film including more than ten thousand DVD titles along with information on performers ratings running times plots and helpful features **Down and Dirty Pictures** Peter Biskind, 2013-01-08 In this dishy superbly reported Entertainment Weekly New York Times bestseller Peter Biskind chronicles the rise of independent filmmakers who reinvented Hollywood most notably Sundance founder Robert Redford and Harvey Weinstein who with his brother Bob made Miramax Films an indie powerhouse As he did in his acclaimed *Easy Riders Raging Bulls* Peter Biskind takes on the movie industry of the 1990s and again gets the story The New York Times Biskind charts in fascinating detail the meteoric rise of the controversial Harvey Weinstein often described as the last mogul who created an Oscar factory that became the envy of the studios while leaving a trail of carnage in his wake He follows Sundance as it grew from a regional film festival to the premier showcase of independent film succeeding almost despite the mercurial Redford whose visionary plans were nearly thwarted by his own quixotic personality Likewise the directors who emerged from the independent movement such as Quentin Tarantino Steven Soderbergh and David O Russell are now among the best known directors in Hollywood Not to mention the actors who emerged with them like Matt Damon Ben Affleck Ethan Hawke and Uma Thurman Candid controversial and sensationally entertaining Los Angeles Times *Down and Dirty Pictures* is a must read for anyone interested in the film world *Jet*, 1994-02-21 The weekly source of African American political and entertainment news *Jet*, 1994-02-21 The weekly source of African American political and entertainment news

Reclaiming the Black Past Pero Dagbovie, 2018-11-13 In this information overloaded twenty first century it seems impossible to fully discern or explain how we know about the past But two things are certain Whether we are conscious of it or not we all think historically on a routine basis And our perceptions of history including African American history have not necessarily been shaped by professional historians In this wide reaching and timely book Pero Gaglo Dagbovie argues that public knowledge and understanding of black history including its historical icons has been shaped by institutions and individuals outside academic ivory towers Drawing on a range of compelling examples Dagbovie explores how in the twenty first century African American history is regarded depicted and juggled by diverse and contesting interpreters from museum curators to film makers entertainers politicians journalists and bloggers Underscoring the ubiquitous nature of African American history in contemporary American thought and culture each chapter unpacks how black history has been represented and remembered primarily during the Age of Obama the so called era of post racial American society *Reclaiming the Black Past* The Use and Misuse of African American History in the 21st Century is Dagbovie s contribution to expanding

how we understand African American history during the new millennium New York Magazine ,1994-10-10 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Tori and Jace: Trapped in his Love Na'Cole,2023-06-27 Success and love can you really have both Sex holds the power while intellect soothes the mind and Tori uses this fact to her advantage She is a vicious woman who uses her virginity as a weapon when she realizes that what she has between her legs is worth more than gold Nabbing the perfect man after just one night alone with him she is now set for life When she decides that one man is just not enough Tori indulges in more to seek out what she is missing sexually Will Tori s life come full circle for the better or will temptation cost her everything including her life Jace a young music producer on the come up has always been popular Falling in love was never on his agenda especially while he made a name for himself in the music industry However when the universe brings the right woman into his life things are bound to turn into something beautiful Still nothing in life is perfect and Jace has to find that out the hard way **Indie, Inc.** Alisa Perren,2012-05-15 During the 1990s films such as sex lies and videotape The Crying Game Pulp Fiction Good Will Hunting and Shakespeare in Love earned substantial sums at the box office along with extensive critical acclaim A disproportionate number of these hits came from one company Miramax Indie Inc surveys Miramax s evolution from independent producer distributor to studio subsidiary chronicling how one company transformed not just the independent film world but the film and media industries more broadly As Alisa Perren illustrates Miramax s activities had an impact on everything from film festival practices to marketing strategies talent development to awards campaigning Case studies of key films including The Piano Kids Scream The English Patient and Life Is Beautiful reveal how Miramax went beyond influencing Hollywood business practices and motion picture aesthetics to shaping popular and critical discourses about cinema during the 1990s Indie Inc does what other books about contemporary low budget cinema have not it transcends discussions of American indies to look at the range of Miramax released genre films foreign language films and English language imports released over the course of the decade The book illustrates that what both the press and scholars have typically represented as the rise of the American independent was in fact part of a larger reconfiguration of the media industries toward niche oriented products **Tough Talk** Martin Garbus,2010-02-10 The boisterous freedom promised by the First Amendment is both the heart of American experiment and the fissure along which it divides itself Those who would fight freedom s enemies from political correctness to corporate intimidation to outright censorship face powerful adversaries But they also have a potent weapon at their disposal good old fashioned talk tough talk And as one of America s leading First Amendment attorneys Martin Garbus is one of the toughest talkers there is Starting with his work on the tam that defended the legendary satirist

Lenny Bruce against obscenity charges Garbus has been a fearless advocate for some of the most important voices of our time among them union organizer Cesar Chavez actor Robert Redford director Spike Lee writer Samuel Beckett Russian dissident Andrei Sakharov and Czech playwright Vaclav Havel who as president of his country's revolutionary government invited Garbus to help write the nation's constitution But Garbus is not an ivory tower theoretician He is a highly effective defense lawyer who takes on cases with the full intent of winning In *Tough Talk* Garbus goes behind the scenes to show us how our system really works and what he does to make it work for his clients How does an attorney get controversial cases What does he do to gain control of a hostile courtroom How does he work with a defendant whose beliefs are the opposite of his own *Tough Talk* is both the story of one man's battle for freedom and a clear-eyed account of every major First Amendment issue this nation has faced in the last three decades for the battles Garbus has fought have become the touchstones of America's debate about the limits of freedom In showing us how he has harnessed his personal idealism to the gritty reality of the courtroom Garbus gives brilliant testimony to the power of tough talk

Where Did Our Love Go Gil Robertson, 2013-01-21 *Where Did Our Love Go* an anthology of essays written by many major public figures and celebrities will explore the substantive issues related to marital problem in the African American community From the my baby's mama syndrome to the more serious implications of what a generation of single parent households will mean to future generations this comprehensive collection will provide an in depth discourse on the trends and issues that have caused the problematic behaviors within African American relationships to persist with little sign of relief The book will consist of a total of 40 essays divided equally into 4 lifestyle categories single married divorced and widowed to present a wide cross section of perspectives on this subject Marriage plays an essential role in maintaining the vitality and character of a community so it is deeply unsettling for many African Americans to find that the value of this institution has lost its allure While marriage among African Americans has always fallen below the average of other population segments the gap today has grown so pronounced that the subject has sparked an intense national dialogue A 2006 Washington Post article *Is Marriage for White People* created waves of controversy on the issue In 2010 Nightline dedicated an entire broadcast to this growing crisis The marriage gap in Black America has become such an open secret that it's now the source of endless bad jokes and prime time reality shows The statistics even back this up as according to the U S Census 43.3% of black men and 41.9% of black women in America have never been married and the rate of decline is nearly twice the national average Marriage is a rite of passage that is fundamental to every culture which underscores the

tremendous need for an active dialogue to take place that will lay a foundation for discovery With essays from 50 Cent Viola Davis Jabari Asim Darnell Williams Faith Evans Mara Brock Akil and more Where Did Our Love Go will ignite the fight for that conversation to begin **Historical Dictionary of African American Cinema** S. Torriano Berry, Venice T.

Berry, 2007-01-26 On 4 July 1910 in 100 degree heat at an outdoor boxing ring near Reno Nevada film cameras recorded and thousands of fans witnessed former heavyweight champion Jim Jeffries reluctant return from retirement to fight Jack Johnson a black man After 14 grueling rounds Johnson knocked out Jeffries and for the first time in history there was a black heavyweight champion of the world At least 10 people lost their lives because of Johnson's victory and hundreds more were injured due to white retaliation and wild celebrations in the streets Public screenings received instantaneous protests and hundreds of cities barred the film from being shown Congress even passed a law making it a federal offense to transport moving pictures of prizefights across state lines and thus the most powerful portrayal of a black man ever recorded on film was made virtually invisible This is but one of the hundreds of films covered in the Historical Dictionary of African American Cinema which includes everything from The Birth of a Nation to Crash In addition to the films brief biographies of African American actors and actresses such as Sidney Poitier James Earl Jones Halle Berry Eddie Murphy Whoopi Goldberg Denzel Washington and Jamie Foxx can be found in this reference Through a chronology a list of acronyms and abbreviations an introductory essay a bibliography appendixes black white photos and hundreds of cross referenced dictionary entries on actors actresses movies producers organizations awards film credits and terminology this book provides a better understanding of the role African Americans played in film history
