Lull, What could a 16th century German possibly have to say to us modern folk as we enter the 21st century If that man is Martin Luther a lot In this richly imagined book Timothy Lull presents a series of fictional conversations with Martin Luther the great reformer Originating from sites in California and Germany these provocative conversations offer reflections on Luther's world and the world in which we live Lull offers Luther's pithy observations on such timely topics as the family and sexuality roles of men and women enemies and friends renewal in the church politics and ecumenism interpretation of the Bible and the resistance of congregations to the gospel message Finally Luther has a few surprising bits of news about current activities in heaven This is a delightfully entertaining book packed with wisdom and insight for today s Christian **Companion to Martin Luther** Donald K. Smith, 2011-01-01 Like Leonard Smith s larger study Religion and the Rise of History this essay Martin Luther's Two Ways of Viewing Life asserts that Luther's well known at the same time simul or paradoxical way of viewing life does not capture Luther's thought as a whole because it does not represent his deeply incarnational and dynamic mystical and holistic particularizing and historical way of viewing life based on the power of the Word and the Spirit of God either in his own life or in human history Smith contends 1 that the best way to capture Luther's second basic way of thinking and of viewing life is through the connected prepositions connected especially for Lutherans in with and under 2 that this second basic way was based primarily on the Gospel of John and its great Prologue which shows how God is acting creating and redeeming and how Jesus is the Word become flesh and 3 that understanding both of Luther's ways of viewing life is helpful for understanding Lutheran education and a Lutheran

Folan SJ, 2022-10-15 Seeking to understand the doctrine of com justification by way of biblical hermeneutics this book uncovers the differences between Martin Luther and the Council of Trent that set them on a collision course for conflict and the church toward what has arguably been its most significant division in the West As Catholics and Lutherans continue to engage in dialogue about their shared faith and differing confessions the need remains for a discerning study of the ways in which the Bible functioned in the Reformation's central theological clash the understanding and import of the doctrine of justification Peter Folan's incisive analysis in this volume fulfills that need Through a careful reading of the debate s most significant texts he shows both how Martin Luther and the Council of Trent relied upon scripture to arrive at their respective formulations of the doctrine and how such seemingly divergent conclusions about the human person's salvation in Christ could be grounded in the same sacred book This study begins with an examination of the key texts that Luther and his allies produced on justification and then turns to their Catholic respondents whose work would ultimately inform the Council of Trent's decree on the doctrine By comparing

precisely which texts both parties relied upon to articulate and defend their positions Folan puts into sharp relief how infrequently both sides made use of the same biblical passages and when they did avail themselves of the same passages just how distinct their interpretive tendencies were This book will be a critical addition to the libraries of scholars and students in Catholic and Lutheran biblical hermeneutics Catholic Lutheran dialogue ecumenical studies and church history Luther Barbara A. Chung, 2010-04-26 This book aims to rearticulate and reinterpret a Christian concept of God's mission and evangelization in light of the universal irregular and transversal horizon of God's narrative as it pertains to the realities of public sphere Figures of Possibility Niklaus Largier, 2022-03-15 From medieval contemplation to the early modern cosmopoetic imagination to the invention of aesthetic experience to nineteenth century decadent literature and to early twentieth century essayistic forms of writing and film Niklaus Largier shows that mystical practices have been reinvented across the centuries generating a notion of possibility with unexpected critical potential Arguing for a new understanding of mystical experience Largier foregrounds the ways in which devotion builds on experimental practices of figuration in order to shape perception emotions and thoughts anew

Largier illuminates how devotional practices are invested in the creation of possibilities and this investment has been a key element in a wide range of experimental engagements in literature and art from the seventeenth to the twentieth century and most recently in forms of new materialism Read as a history of the senses and emotions the book argues that mystical and devotional practices have long been invested in the modulating and reconfiguring of sensation affects and thoughts Read as a book about practices of figuration it questions ordinary protocols of interpretation in the humanities and the priority given to a hermeneutic understanding of texts and cultural artifacts
