Buber sought to secure the theological significance of election by both steering Zionism from hypertrophic nationalism and by a sustained program to revalorize what he called alternately Hebrew Humanism As Oliveira demonstrates Buber viewed the idea of election teleologically espousing a universal mission of Israel which effectively calls upon Zionism to align its political and cultural project to universal objectives Thus in addressing a Zionist congress he rhetorically asked What then is this spirit of Israel of which you are speaking It is the spirit of fulfillment Fulfillment of what Fulfillment of the simple truth that man has been created for a purpose Our purpose is the upbuilding of peace And that is its spirit the spirit of Israel the people of Israel was charged to lead the way to righteousness and justice
