*Restore Unity, Recover Identity, and Refine Orthopraxy* Peter L. H. Tie, 2012-01-16 Doctrine divides Not a few Christians dread doctrine especially the doctrine of the church ecclesiology that allegedly causes much confusion conflict and controversy within the church Many choose to avoid it but James Leo Garrett Jr Distinguished Professor of Theology Emeritus at Southwestern Baptist Theological Seminary is convinced that the much avoided and neglected ecclesiology is the place where the churches must begin to rediscover genuine unity identity and orthopraxy Restore Unity Recover Identity Refine Orthopraxy examines Garrett s biblical notion of the universal priesthood The priesthood concept properly understood in a communal sense integrates the mission membership ministry and management of the church This book is filled with intentional and direct conversations with more than twelve theologians or ecclesiologists from various Christian traditions Reformed Pentecostal Roman Catholic Mennonite Baptist and other Free Church in order to shed light on Garrett s believers priesthood doctrine which eventually points toward a balanced biblical and baptist ecclesiology An ecclesiology rooted in the biblical priesthood does not divide and extinguish but does unite and distinguish      **A Scandalous Freedom** Steve Brown, 2009-11-24 A reader s delight A Scandalous Freedom sometimes shocks with challenges to prevailing wisdom but it follows up with compelling validations of our need to celebrate real unstinted freedom in Christ Christians do not trust freedom As author Steve Brown explains in this brave new book they prefer the security of rules and self imposed boundaries which they tend to inflict on other Christians Brown asserts that real freedom means the freedom to be wrong as well as right Christianity often calls us to live beyond the boundaries bolstered by the assurance that we cannot fall beyond God s

love Freedom is dangerous but the alternative is worse boxing ourselves up where we cannot celebrate our unique gifts and express our joy in Christ Each of the book s eleven chapters explores a common pharisaic freedom stifling tendency then opens the door to the fresh air of a remedial liberty     *From Wittenberg to the World* Charles Arand,Erik H. Herrmann,Daniel L. Mattson,Christopher B. Brown,Günter Frank,Bruce Gordon,Barbara Mahlmann-Bauer,Tarald Rasmussen,Violet Soen,Zsombor Tóth,Günther Wassilowsky,Siegrid Westphal,2018-05-14 The book honours the Rev Dr Robert A Kolb retired Director of the Institute for Mission Studies and Missions Professor in systematic theology at Concordia Seminary St Louis and perhaps the leading authority on the development of Wittenberg Theology in the English speaking world At the same time his teaching and writing which continues without flagging has emphasized the importance of translating and retranslating the historic Lutheran faith in terms that address contemporary issues and contemporary people In this volume colleagues and co workers address and push forward Kolb insights into the history of the Reformation era and on the impact of those Reformation issues and quarrels on the life of the church in the world today With contributions by Charles Arand L ubomir Batka Amy Nelson Burnett Irene Dingel Mary Jane Haemig Scott Hendrix Erik Herrmann Werner Kl n David Lumpp Mark Mattes Daniel Mattson Richard Muller Paul Robinson Robert Rosin and Timothy Wengert     **Thriving in Babylon** David B. Capes,J. Daryl Charles,2011-01-01 This delightfully multifaceted volume comprised of thoughtful essays by an esteemed array of cultural critics probes the intersection of Christian faith and culture to honor the memory of A J Chip Conyers a remarkably ecumenical Christian scholar and cultural warrior whose premature death in 2004 cut short a remarkable career in teaching and writing As those who knew him can attest Conyers lived his life at the intersection of Christian theology and cultural concern with a singular blend of astuteness gracefulness and Christian conviction This festschrift as esteemed theologian and Conyers s mentor Jurgen Moltmann indicates in the foreword is intended to mirror Conyers s own commitment to incisive cultural criticism and theological faithfulness in the mold of the great tradition This is no small achievement even for so venerable a cast of scholars as the contributors to this volume as Conyers crossed interdisciplinary boundaries in a day of escalating hyper specialization with the greatest of ease He was comfortable discussing contemporary church life or the christological controversy of the patristic era Heideggerian hermeneutics or human dignity and the imago Dei faith and the Enlightenment or the fatherhood of God Catholic substance or Protestant reform Yet Conyers always did this through the lens of historic Christian orthodoxy Though he was a most incisive student of culture in a most refreshing way he steered clear of being co opted by the currents of culture Neither retreating into pious devotionism nor opting for the theologically unreflective activism that has become so chic in our post consensus climate he embodied a theological perspective that blends responsible cultural engagement with eschatological hope The reader is sure to encounter the same blend in this festschrift and to come away both challenged and edified toward fulfilling the message and hope of Conyers life and work to faithfully thrive in Babylon     Martin Luther on Reading the Bible as Christian

Scripture William M. Marsh, 2017-07-17 Above all else that the sixteenth century German Reformer was known for Martin Luther was a Doctor of the Holy Scriptures One of the most characteristic features of Luther's approach to Scripture was his resolved christological interpretation of the Bible Many of the Reformer's interpreters have looked back upon Luther's Christ-centered exposition of the Scriptures with sentimentality but have often labeled it as Christianization particularly in regards to Luther's approach of the Old Testament dismissing his relevance for today's faithful readers of God's Word This study revisits this assessment of Luther's christological interpretation of Scripture by way of critical analysis of the Reformer's prefaces to the Bible that he wrote for his translation of the Scriptures into the German vernacular This work contends that Luther foremost believes Jesus Christ to be the *sensus literalis* of Scripture on the basis of the Bible's messianic promise not enforcing a dogmatic principle onto the scriptural text and its biblical authors that would be otherwise foreign to them This study asserts that Luther's exegesis of the Bible's letter is his engagement with the biblical text is primarily responsible for his conviction that Christ is Holy Scripture's literal sense

Christian Understandings of Creation Denis Edwards, 2017-11-01 Throughout the two thousand year span of Christian history believers in Jesus have sought to articulate their faith and their understanding of how God works in the world How do we as we examine the vast and varied output of those who came before us understand the unity and the diversity of their thinking How do we make sense of our own thought in light of theirs

Martin Luther Martin Tangely, 2003 Martin Luther only meant for his 95 Theses to spark debate and hopefully a few changes in the Catholic Church Instead they changed the face of world history sparking decades of violent religious conflict and war amongst the nations and peoples of Europe Luther was a Catholic cleric whose chief problem with the Church was the practice of selling indulgences Church leaders though would not sanction debate with him and excommunicated Luther His cause was then championed by varied European royals who saw the chance to break from the Catholic Church and take control of valuable land As the Protestants separated from the Catholic Church they also split from each other into denominations like Lutheran Anglican and Calvinist All of this was more than Luther sought or likely even wanted But the Reformation remains a seminal moment in Western indeed world history and Martin Luther is its father This book presents an overview of Martin Luther's life and his impact on Christianity and the face of the world Following that is a list of carefully selected citations of literature about Luther and the religious change he spawned Easy access is finally provided via author title and subject indexes

**The Promise of Martin Luther's Political Theology** Michael Richard Laffin, 2016-10-20 Michael Laffin demonstrates the promise of Martin Luther's thought for contemporary political theology by showing how Luther has been over determined in standard genealogies of modernity which frequently deafen us to his unique contribution Laffin argues that contemporary theologians have typically followed a narrative derived from the work of a previous generation of political historians and philosophers which tend to screen out or distort the Reformers contribution to political theory Common to these narratives are charges against Luther for his perceived univocal and nominal ontology

resulting in a privatized and spiritualized Christianity thus falsely dividing the world into autonomous spheres Additionally the narratives claim that Luther follows in the wake of voluntarism leading to an insistence on human passivity that leaves no room for pagan virtue Thus politics is reduced to an authoritarian imposition of order In contrast to the dominant narratives of political modernity Laffin re examines these narratives by focusing on the political significance of areas in Luther s corpus often neglected in contemporary accounts of his political thought especially his commentaries on Scripture and writings on the sacraments Attention to these writings brings forth the crucial themes of the two ecclesiae and the three institutions Constructively these themes are deployed in critical engagement with contemporary political theology particularly as represented in Radical Orthodoxy and the new Augustinianism

*Mission Shaped by Promise* Jukka A. Kääriäinen,2012-10-03 Utilizing resources from Martin Luther and the Lutheran tradition this study offers an understanding of the gospel as promise as key to addressing the challenge of relating the missio Dei to a generous constructive approach toward the religious other In its construction of a Lutheran missiology it retrieves and reappropriates four resources from the Lutheran tradition the gospel as promise the law gospel distinction a theology of grace as promise of mercy fulfilled and a theology of the cross utilizing the hiddenness of God The law of God as accusing yet webbing humanity to its Creator the gospel as the comforting promise of mercy and the hiddenness of God as mystifying form the overarching framework within which the Lutheran missiology presented here seeks to engage the religious other by dialectically relating gospel proclamation and dialogue Such a view of mission shaped by promise offers the paradox of God being both revealed and hidden in the cross as a distinctive contribution to an interreligious dialogue centered on the ambiguity and hiddenness of God

Global Religion the History of Christianity and contemporary Christian Theology     The Work of Faith Justin Nickel, 2020-08-31 Many scholars assume that Luther advocates for a Christian life in which human beings are always passive recipients of God's grace as it is delivered in preaching and mere instruments through which God works to serve their neighbors. The Work of Faith: Divine Grace and Human Agency in Martin Luther's Preaching offers a different reading of Luther's views on human agency by drawing on a fresh source: Luther's preaching. Using Luther's sermons in the Church Postil as a primary source, Justin Nickel argues that Martin Luther preached as though Christians have real (if secondary) agency in the lives they lead before God and neighbor. As a result, Nickel presents a Luther substantively concerned with how Christians lead their lives.

The Oxford Handbook of Virtue Nancy E. Snow, 2018 The late twentieth and early twenty-first centuries have seen a renaissance in the study of virtue, a topic that has prevailed in philosophical work since the time of Aristotle. Several major developments have conspired to mark this new age. Foremost among them, some argue, is the birth of virtue ethics, an approach to ethics that focuses on virtue in place of consequentialism, the view that normative properties depend only on consequences, or deontology, the study of what we have a moral duty to do. The emergence of new virtue theories also marks this new wave of work on virtue. Put simply, these are theories about what virtue is, and they include Kantian and utilitarian virtue theories. Concurrently, virtue ethics is being applied to other fields where it hasn't been used before, including bioethics and education. In addition to these developments, the study of virtue in epistemological theories has become increasingly widespread to the point that it has spawned a subfield known as virtue epistemology. This volume therefore provides a representative overview of philosophical work on virtue. It is divided into seven parts: conceptualizations of virtue; historical and religious accounts; contemporary virtue ethics and theories of virtue; central concepts and issues; critical examinations; applied virtue ethics and virtue epistemology. Forty-two chapters by distinguished scholars offer insights and directions for further research. In addition to philosophy, authors also deal with virtues in non-Western philosophical traditions, religion, and psychological perspectives on virtue.
