Martyrs Joan Of Arc To Yitzhak Rabin:

The Martyrs Norbert J. Gossman, 1997 This is a survey of martyrs over the past five hundred years with an emphasis on their last words Some of the trial statements or gallows speeches are remarkable for their eloquence under the circumstances The approach of the book is chronological from the burning at the stake of Joan of Arc in Rouen 1431 to the assassination of Yitzhak Rabin in Tel Aviv in 1995 Religion was an important factor at the beginning and at the end Modern martyrdom was however never solely religious Non conformity was usually seen in terms of politics rather than religion Included are some forty individuals European American and Asian The sections are organized thematically martyrs of the Reformation era revolutionary royal and abolitionist martyrs and finally universal martyrs The majority of the martyrs died for nationalism and freedom The book begins and ends with a discussion of the meaning and significance of martyrdom with a distinction made between victim and martyr

Film and Fiction T. A. Shippey, Martin Arnold, 2003 Essays on the continuing power and applicability of medieval images with particular reference to recent films The middle ages provide the material for mass market films for historical and fantasy fiction for political propaganda and claims of legitimacy and these in their turn exert a force well outside academia The phenomenon is too important to be left unscrutinised these essays show the continuing power and applicability of medieval images and also it must be said their dangerousness and often their falsity Of the ten essays in this volume several examine modern movies including the highly successful A Knight's Tale Chaucer as a PR agent and the much derided First Knight the Round Table fights the Gulf War Others deal with the appropriation of history and literature by a variety of interested parties King Alfred press ganged for the Royal Navy and the burghers of Winchester in 1901 William Langland discovered as a prophet of future Socialism Chaucer at once venerated and tidied into New England respectability Vikings Normans and Saxons are claimed as forebears and disowned as losers in works as complex as Rider Haggard's Eric Brighteyes at once neo saga and anti saga Victorian melodrama provides the clichés of the bad baronet who revives the droit de seigneur but baronets are notoriously modern creations and of the bony grasping hand of the Catholic Church and its canon lawyers an image spread in ways eerily reminiscent of the modern urban legend in its Internet forms Contributors BRUCE BRASINGTON WILLIAM CALIN CARL HAMMER JONA HAMMER PAUL HARDWICK NICKOLAS HAYDOCK GWENDOLYN MORGAN JOANNE PARKER CLARE A SIMMONS WILLIAM F WOODS Professor TOM SHIPPEY teaches in the Department of English at the University of St Louis Dr MARTIN ARNOLD teaches at University College Scarborough

Outright Assassination Adel Beshara, 2012 Since the trial and execution of Antun Sa'adeh was held many complex issues have been raised Why the secrecy and haste Was it a fair trial Was the offence political and if so why did the Lebanese State refuse to treat it as such What did the Khoury regime hope to achieve from the trial This book answers these and many more questions

Pyropolitics Michael Marder, 2014-12-12 A highly original theory of the political the book explores the literal and metaphorical flare ups in political theology revolutionary thought radical protests and global energy production

Republic Nerys Williams, 2023-02-27 Nerys Williams new collection questions what makes a Republic Machinations of power The speeches of politicians The broad sweep of official histories This sequence of 80 prose poems each constructed in 20 sentences has arisen from the author's need to tell a more intimate history to commit an untold oral history to paper Williams returns to the meaning of republic in its Latin origins which meant wealth of the people The poems tell the story of a young Welsh woman growing up and coming of age in the 1980s and 90s a time that culminated with new devolutionary powers in Wales The explosion of the arts and culture looms large through bands from New Order to my bloody valentine but it is explored specifically through C l Cymru and the power of Welsh language bands like Datblygu This story is also about class as we explore a family history of hard work in jobs from retail to caregiving The poems introduce us to family influences from a father who urges the narrator as a child to own the stage in an early school Eisteddfod to a grandmother who worked long hours in her rural shop and a mother who was the local midwife There are stories told overheard handed down sometimes translated from Welsh Together they create an expansive portrait of the era including the challenges for women Welsh speakers and other marginalized groups Ferocious remarks about the Welsh in the popular media are dissected with satirical humour and appalled fascination while other poems describe being a token woman and political outsider on a TV current affairs show panel tolerated but ostracized From her more recent home the republic of Ireland Williams poses the possibilities of a nation looking at itself and its history from afar Wales has not been allowed to be a republic but is subject to a state that has military claims on its landscape and a second home explosion which has a severe impact on its communities There is rebellion to be found in the older meaning of republic since the wealth of the people is a wealth of sounded stories culture art and history Nerys Williams's Republic is a tour de force a masterful account of the intellectual political and personal development of a young woman from Welsh speaking rural Wales and out in the world Pitched against nostalgia Nerys Williams's prose poems are tough minded shrewd and hugely evocative of the times she chronicles She deploys details so vividly and with such a light a touch that she's created a new music all of her own This book like a waistcoat belt she describes is a steel buckle once harnessed to silk

Gwyneth Lewis The poetry of Nerys Williams is both playful and sharply preceptive drawing on a wide range of often unexpected influences She brings a unique set of interests to bear not just poetry in Wales but on poetry generally Zo Skoulding Nerys Williams brings precision scrutiny and synaesthesia to her terse contemplative poems Ben Wilkinson The Guardian a strong imagism and an engaging I voice that sometimes subverts expectations allowing for a shift into more collective concerns In addition her deft handling of soundplay especially the use of alliteration and assonance greatly add to the experience of the poem as art Michael S Bengal Poetry Ireland

Middle East Leaders G. O. Zinaki, 2001 The Middle East remains a veritable powder keg after decades of peace processes wars accords discords agreements disagreements suicide bombings retaliatory attacks cease fires and resume fires Although the root causes of the flaming conflict are not new the leaders of the countries involved are a part and parcel of the current situation and its history This book presents citations to the literature on some of the key players who have shaped the history of this incendiary region of the world

The Myth of Persecution Candida Moss, 2013-03-05 An expert on early Christianity reveals how the early church invented stories of Christian martyrs and how this persecution myth persists today According to church tradition and popular belief early Christians were systematically persecuted by a brutal Roman Empire intent on their destruction As the story goes vast numbers of believers were thrown to the lions tortured or burned alive because they refused to renounce Christ But as Candida Moss reveals in *The Myth of Persecution* the Age of Martyrs is a fiction There was no sustained 300 year long effort by the Romans to persecute Christians Instead these stories were pious exaggerations highly stylized rewritings of Jewish Greek and Roman noble death traditions and even forgeries designed to marginalize heretics inspire the faithful and fund churches The traditional story of persecution is still invoked by church leaders politicians and media pundits who insist that Christians were and always will be persecuted by a hostile secular world While violence against Christians does occur in select parts of the world today the rhetoric of persecution is both misleading and rooted in an inaccurate history of the early church By shedding light on the historical record Moss urges modern Christians to abandon the conspiratorial assumption that the world is out to get them

Forthcoming Books Rose Arny, 1997 *Books in Print*, 1991 **Choice**, 1997 Quick, Where's My Cape? Ric Gibbs, 2017-06-10 After 20 years as a dramatist Ric Gibbs made a startling discovery the myths and legends beneath his fictional characters were showing up in the lives of his friends as well Right down to their plot points and key reversals their hero's journey and moments of life changing recognition QUICK WHERE'S MY CAPE is a riveting work of applied psychology An exploration not just of superheroes but of the powerful stories we all carry in our unconscious mind and the steps we can take to activate them to draw sword from stone and live the lives we were meant to achieve American Book Publishing Record, 1996-09 **Cumulative Book Index**, 1998 A world list of books in the English language **Saint Joan of Arc, an Undeclared Martyr** John P. Fraunces, 2012-11-01 This book is intended to give an overview of Joan of Arc's heroic life her bogus trial and conviction that caused her to be burnt to death at the stake for heresy in 1431 It examines her posthumous vindication in 1456 and her eventual canonization in 1920 At that time Pope Benedict XV declared Joan of Arc to be a Saint and Virgin of the Church but the title of Martyr was denied While researching the life of St Joan the author discovered a sermon preached in 1965 by John Cardinal Wright in France He said that he believed Joan of Arc died a martyr in the full theological sense of that glorious title His words inspired the author to focus on why this omission occurred the reason why it happened and a new argument to demonstrate the truth of her actual martyrdom *Martyrdom of Joan of Arc* Ursuline Academy (New Orleans, La.), Ursulines of New Orleans (New Orleans, La.), 1901 *Joan of Arc* Gail Patterson, 2002 Few individuals in the annals of world history have had so lasting an impact as Joan of Arc who rallied a country behind her and continues to inspire people today Although she began life as a peasant she became a key figure in the latter stages of the Hundred Years War As a teenager she experienced visions from God calling her to aid the French king Her confidence and bearing along with her fervent adherence to God and her Catholic faith belied her age and so influenced the monarch that he made her commander of one of his companies She helped lead the French forces in battle against the English in turn becoming a national icon However she was eventually captured and tried by the English in a trial rife with ecclesiastical and political overtones Convicted as a heretic Joan was sentenced and burned at the stake As a martyr she gained mythic status and the Roman Catholic Church made her a saint in 1920 This book presents a fascinating study of Joan of Arc's life based on excerpts from John A Mooney's gripping 1919 biography The overview is augmented by a substantial and selective bibliography featuring access provided through author title and subject indexes
