*The Hand and the Glove* Machado de Assis, 2014-07-15 The later novels of Machado de Assis notably *Dom Casmurro* and *Esau and Jacob* are well known in this country but the earlier novels have never been translated Here in *The Hand and the Glove* the Brazilian master's second novel rendered in English for the first time by Albert I Bagby Jr readers will find a younger gentler Assis writing a romantic comedy that is yet permeated with the lively wit characteristic of his later works The story is a simple one of love lost and love found Of love lost by Est v o amiable but vacillating who is bemused by his own romantic posturing and by Jorge superficial and calculating Of love found by Luis Alves whose self possession and determination seem destined to carry him far The love of all three men is the proud and beautiful Guiomar sure of her own heart but unsure until faced by rival claims of where to bestow it a foreshadowing of Capit the intriguing heroine of Dom Casmurro English speaking readers says Helen Caldwell in the Foreword who are already acquainted with Machado de Assis will welcome this latest addition to the translated novels True it is a period piece but its quaintness is a charm to carry us back to the Rio de Janeiro of the 1850s to vanished courtly elegance arid attitudes Now we too can know what drew Assis back to this early tale for *The Hand and the Glove* recreates in English the elegant background the charming heroine the comedy and the light hearted ebullience of the Portuguese original [U.S. Army Area Handbook for Brazil](#) Bela C.

Brazilian Bulletin ,1948 **Machado de Assis and Female Characterization** , Earl E. Fitz,2014-11-19 This book examines the nature and function of the main female characters in the nine novels of Machado de Assis The basic argument is that Machado had a particular interest in female characterization and that his fictional women became increasingly sophisticated and complex as he matured and developed as a writer and social commentator This book argues that Machado developed especially after 1880 and what is usually considered the beginning of his mature period a kind of anti realistic new narrative one that presents itself as self referential fictional artifice but one that also cultivates a keen social consciousness The book also contends that Machado increasingly uses his female characterizations to convey this social consciousness and to show that the new Brazil that is emerging both before and after the establishment of the Brazilian Republic 1889 requires not only the emancipation of the black slaves but the emancipation of its women as well The Routledge Companion to
