**Marxism, Ideology, and Literature** Cliff Slaughter, 1980      **Criticism and Ideology** Terry Eagleton, 2006-08-17 Terry Eagleton's witty and acerbic attacks on contemporary culture and society are read and enjoyed by many and his studies of literature are regarded as classics of contemporary criticism Here Eagleton seeks to develop a sophisticated relationship between Marxism and literary criticism      **Marxism and Literary Criticism** Terry Eagleton, 1976-08-16 Far and away the best short introduction to Marxist criticism both history and problems which I have seen Fredric R Jameson Terry Eagleton is that rare bird among literary critics a real writer Colin McCabe The Guardian      Formalism and Marxism Tony Bennett, 2004-03-01 Russian Formalism and Marxist criticism had a seismic impact on twentieth century literary theory and the shockwaves are still felt today First published in 1979 Tony Bennett's Formalism and Marxism created its own reverberations by offering a ground breaking new interpretation of the Formalists achievements and demanding a new way forward in Marxist criticism The author first introduces and reviews the work of the Russian Formalists a group of theorists who made an extraordinarily vital contribution to literary criticism in the decade following the October Revolution of 1917 Placing the work of key figures in context and addressing such issues as aesthetics linguistics and the category of literature literary form and function and literary evolution Bennett argues that the Formalists concerns provided the basis for a radically historical approach to the study of literature Bennett then turns to the situation of Marxist criticism and sketches the risks it has run in becoming overly entangled with the concerns of traditional aesthetics He forcefully argues that through a serious and sympathetic reassessment of the Formalists and their historical approach Marxist critics might find their way back on to the terrain of politics where they and their work belong Addressing such crucial questions as What is literature or How should it be studied and to what end Formalism and Marxism explores ideas which should be considered by any student or reader of literature and provides a particular challenge to those interested in Marxist criticism Now with a new afterword this classic text still offers the best available starting point for those new to the field as well as representing a crucial intervention in twentieth century literary theory      *Marxism and Literary Criticism* Terry Eagleton, 2013-03-07 Marxism and Literary Criticism is amazingly comprehensive for its brief format Eagleton has been able to sum up the main areas of Marxist criticism in the West today I Times Literary Supplement      **Ideology and Classic American Literature** Sacvan Bercovitch, Myra Jehlen, 1986 The essays by Americanists concerned with the problem of ideology and its bearing upon American literature and culture      Developing Contemporary Marxism J.
