Come Up Here! Connie Hunter-Urban,2025-02-25 When through a dream Holy Spirit told the author that He wanted her to go higher in Him she was confused She had operated in the gifts of the Spirit since before she was a teenager She still had many occasions when He gave her words or His power to help others As she reflected on the dream and subsequent visions Holy Spirit had another message she was not even on the first step to higher She decided to seek what He wanted her to do and how she could comply with His higher message Thus began her journey to higher She found much in the Bible especially in Ezekiel that would answer the many questions she had about what higher looked like Much of her book includes Ezekiel s and others experiences in going to a higher level in the Lord She shares many of her supernatural occurrences during this journey Readers interested in taking the limits off God are invited to join her on her journey It has been a precious part of her life She believes it will be so for others too **Billboard**,2004-04-24 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends [The Oxford Handbook of Music and World Christianities](#) Suzel Ana Reily,Jonathan M. Dueck,2016-03-16 The Oxford Handbook of Music and World Christianities investigates music s role in everyday practice and social history across the diversity of Christian religions and practices around the globe The volume explores Christian communities in the Americas Europe Africa Asia and Australia as sites of transmission transformation and creation of deeply diverse musical traditions The book s contributors while mostly rooted in ethnomusicology examine Christianities and their musics in methodologically diverse ways engaging with musical sound and structure musical and social history and ethnography of music and musical performance These broad materials explore five themes music and missions music and religious utopias and other oppositional religious communities music and conflict music and transnational flows and music and everyday life The volume as a whole then approaches Christian groups and their musics as diverse and powerful windows into the way in which music religious ideas capital and power circulate and change between places now and historically It also tries to take account of the religious self understandings of these groups presenting Christian musical practice and exchange as encompassing and negotiating deeply felt and deeply rooted moral and cultural values Given that the centerpiece of the volume is Christian religious musical practice the volume reveals the active role music plays in maintaining and changing religious moral and cultural values in a long history of intercultural and transnational encounters **The 8th Mountain** Bruce Cook,2017-08-15 Those who spend time with God and His Word

and His Spirit and who dwell in His presence and commune with Him and develop a personal relationship with Him become transformed in the process and thus are better informed equipped and empowered to attract steward and exercise influence in the 7 Mountains of Culture Arts Entertainment Business Economy Education Family Government Law Media and Religion That is the basic premise and thesis of this book Moreover I assert that such transformation is not only possible for disciples of Christ but rather it is imperative and essential to successfully fulfill our divine assignments callings and destinies Several places in Scripture such as Micah 4 1 and Isaiah 2 2 mention the mountain of the Lord or the mountain of the house of the Lord that is above all the other mountains and is the chief mountain depending on the particular translation used This phrase refers to the place of God s abode or heaven and for our purposes here I refer to it as the 8th Mountain Mountains in Scripture refer to kingdoms authority rule and dominion The 8th Mountain is calling your name You ve read about what awaits you and what lies ahead on this trek to the spiritual summit You can think of this book as your mountaineering school curriculum and training manual for the 8th Mountain to educate train and prepare you for climbing and reaching the summit of the highest peak in the universe It teaches you survival skills how to thrive and be successful how to work as a team how to ascend and descend how to avoid or minimize danger what gear and supplies to take how to monitor changing weather conditions and how to save your life and protect yourself and those around you in the harsh climate adverse conditions and unforgiving environment of the 7 Mountains of Culture Just as Mount Everest is the highest point on earth the 8th Mountain the Mountain of the Lord is the highest point in the universe and is heaven itself The old saying It s lonely at the top doesn t apply here There s no reason to be lonely on the 8th Mountain and lots of reasons to be fulfilled and satisfied full of joy and peace and love and there s a whole community of fellow climbers for you to meet and get to know Some are more experienced than others and are at different levels of skill and knowledge and physical and spiritual conditioning but we re all still learning and growing and are on a journey that will last for a lifetime and an eternity We hope that you will join us and we invite you to do so
