Living Racism Derrick R. Broome, Theresa Rajack-Talley, 2017-12-15 *Living Racism* is based on the premise that race and racism are well entrenched elements of US society The contributors of this volume argue that race and racism are more than mere concepts instead they see and treat these as part of the fabric that constitutes and organizes everyday life Consequently race and racism are maintained through structures such as social institutions e.g. schools criminal justice system media etc and are carried by individual actors through racial ideologies and a racial etiquette beliefs practices traditions and customs that inform how people relate to and interact with one another or not As expressed throughout this book the notion of living racism is twofold On the one hand living racism denotes the ways in which racism is embodied and active much like a living organism On the other hand living

racism connects with the ways that people must navigate racism in their individual and collective lives Young Men's Work Facilitator's Guides - Item 1751 , **Handbook of Studies on Men and Masculinities** Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005 In the past research in the field of gender has mainly addressed issues about women and has for the most part been developed by women Recently the study of gender has rapidly expanded and there has been a growing interest in men's and boys' identities, conduct and problems The Handbook of Studies on Men and Masculinities is an interdisciplinary and international culmination of the growth of men's studies that also offers insight about future directions for the field The Handbook provides a broad view of masculinities primarily across the social sciences with the inclusion of important debates in some areas of the humanities and natural sciences The various approaches presented in this Handbook range across different disciplines, theoretical perspectives, methodologies and conceptualizations in relation to the topic of men Editors Michael S Kimmel, Jeff Hearn and Robert W Connell have assembled an esteemed group of contributors who are among the best known experts in their particular fields The Handbook of Studies on Men and Masculinities examines the construction of masculinities in four different frames: the social organization of masculinities in their global and regional iterations, the institutional reproduction and articulation of masculinities, the ways in which masculinities are organized and practiced within a context of gender relations, and the ways in which individual men express and understand their gendered identities The Handbook is organized in a way that moves from the larger global and institutional articulations of masculinities to the more intimate and personal expressions The Handbook of Studies on Men and Masculinities provides scholars, researchers and students with the most current incisive scholarship available for the men's studies area of gender studies It is a vital resource for those interested in the practical or cultural issues about men, boys and gender as well as an excellent addition to any academic library **Power at Play** Michael A. Messner, 1995-04-30 Based on interviews with a diverse group of former high school, college and professional athletes Power at Play examines the important role sports play in defining masculinity for American men *Concise Reader in Sociological Theory* Michele Dillon, 2021-04-16 Essential writings from classical and contemporary sociological theorists engagingly introduced and brought to life for students This Concise Reader in Sociological Theory contains excerpts from the writings of a wide range of key theorists who represent the dynamic breadth of classical and contemporary macro and micro sociological theory The selected writings elaborate on the core concepts and arguments of sociological theory and along with the commentary explore topics that resonate today such as crisis and change, institutions and networks, power and inequality, race, gender, difference and much more The text contains editorial introductions to each section that clearly explain the intellectual context of the theorists and their arguments and reinforce their relevance to sociological analysis and society today The excerpts include writings from the classicists Karl Marx, Max Weber, Emile Durkheim, W E B Du Bois to the contemporary Patricia Hill Collins, Dorothy Smith, Raewyn Connell This indispensable book Offers a concise review of the diverse field of sociological theory Includes contributions from a wide

African American Males and Education T. Elon Dancy II, M. Christopher Brown, 2012-10-01 African American Males in Education Researching the Convergence of Race and Identity addresses a number of research gaps This book emerges at a time when new social dynamics of race and other identities are shaping but also shaped by education Educational settings consistently perpetuate racial and other forms of privilege among students personnel and other participants in education For instance differential access to social networks still visibly cluster by race continuing the work of systemic privilege by promoting outcome inequalities in education and society The issues defining the relationship between

African American males and education remain complex. Although there has been substantial discussion about the plight of African American male participants and personnel in education, only modest attempts have been made to center analysis of identity and identity intersections in the discourse. Additionally, more attention to African American male teachers and faculty is needed in light of their unique cultural experiences in educational settings and expectations to mentor and or socialize other African Americans, particularly males.

Staging Masculinity Carla J. McDonough, 2006-07-19 The men in plays such as Arthur Miller's *Death of a Salesman* or Sam Shepard's *True West* are often presented as universal. Little attention is given to the gender dynamics involved in the characters. This work looks at how contemporary playwrights including Miller, Shepard, Eugene O'Neill, David Mamet, and August Wilson stage masculinity in their works. It becomes apparent that male playwrights return often to the issues of troubled manhood, usually masked in other issues such as war, business, or family. The plays indicate both the attractiveness of the model of traditional masculinity and the illusive nature of this image, which all too often fractures and fails the characters who pursue it. O'Neill's play *The Hairy Ape* and the character Yank receive much attention.

Building on Resilience Fred A. Bonner II, 2023-07-03 How do we fix the leaky educational pipeline into a conduit of success for Black males? That the issue is critical is demonstrated by the statistics that only 10% of Black males in the United States are proficient in 8th grade reading, only 52% graduate from high school within four years, and only 35 percent graduate from college. This book uniquely examines the trajectory of Black males through the educational pipeline from pre-school through college. In doing so, it not only contributes significantly to the scholarship on the experiences of this population but bridges the gap between theory and practice to provide frameworks and models that will improve these young men's educational outcomes throughout their educational journeys. A compelling feature of the book is that it does not treat Black males as homogeneous but recognizes the diversity that exists among Black males in various educational settings. It demonstrates the need to recognize students' intersectionalities and individual characteristics as an essential preliminary to developing practices to improve outcomes at every educational stage. Throughout, the contributing authors also focus on the strategies and experiences of Black males who achieve academic excellence, examining growth-producing and asset-based practices that can be sustained and that build upon the recognition that these males have agency and possess qualities such as resilience that are essential to their learning and development. The frameworks and models that conclude each chapter are equally commendable to K-12 educators and administrators, higher education faculty, student affairs practitioners, and administrators and policymakers for whom templates are provided for rectifying the continuing inequities of our educational system.

Men's Health Equity Derek M. Griffith, Marino A. Bruce, Roland J. Thorpe, Jr., 2019-04-25 Worldwide, men have more opportunities, privileges, and power yet they also have shorter life expectancies than women. Why is this? Why are there stark differences in the burden of disease, quality of life, and length of life amongst men by race, ethnicity, disability status, sexual orientation, gender identity, rurality, and national context? Why is this a largely unexplored area of research? Men's

Health Equity is the first volume to describe men's health equity as a field of study that emerged from gaps in and between research on men's health and health inequities. This handbook provides a comprehensive review of foundations of the field, summarizes the issues unique to different populations, discusses key frameworks for studying and exploring issues that cut across populations in the United States, Australia, Canada, the United Kingdom, Central America, and South America, and offers strategies for improving the health of key population groups and achieving men's health equity overall. This book systematically explores the underlying causes of these differences, describes the specific challenges faced by particular groups of men, and offers policy and programmatic strategies to improve the health and well-being of men and pursue men's health equity. Men's Health Equity will be the first collection to present the state of the science in this field, its progress, its breadth, and its future. This book is an invaluable resource for scholars, researchers, students, and professionals interested in men's health equity, men's health psychology, men's health, gender studies, public health, and global health. **Sport and Postmodern Times**
