Reading Isaiah Poetry And Vision:

Reading Isaiah Peter D. Quinn-Miscall, 2001-01-01 This practical how to literary introduction to Isaiah as a poem is based upon the English text and focuses upon parallelism figurative language and the use of imagery [The Oxford Handbook of the Reception History of the Bible](#) Michael Lieb, Emma Mason, Jonathan Roberts, 2013-01-10 This wide ranging volume looks at the reception history of the Bible s many texts Part I surveys the outline form and content of twelve key biblical books that have been influential in the history of interpretation Part II offers a series of in depth case studies of the interpretation of particular biblical passages or books **Identities in Transition** Kristin Joachimsen, 2011-03-05 In addition to challenging

historical critical readings in the tradition after Duhm this book presents three ways of reading the text based on variations of linguistic theory one linguistic one narratological and one intertextual In these readings the trope personification is central

A Guide to Biblical Commentaries and Reference Works, 11th Edition John F. Evans, 2025-01-21 A Guide to Biblical Commentaries and Reference Works 11th Edition by John F Evans summarizes and briefly analyzes all recent and many older commentaries on each book of the Bible giving insightful comments on the approach of each commentary and its usefulness for biblical interpretation The easy to use book provides analysis in canonical order and includes helpful appendices for compiling a personal research library A Guide to Biblical Commentaries and Reference Works 11th Edition is a key reference tool for any student of the Bible pastors laity and scholars alike **A Chorus of Prophetic Voices** Mark

McEntire, 2015-08-24 While there are many textbooks about the prophetic literature most have taken either a historical or literary approach to studying the prophets A Chorus of Prophetic Voices by contrast draws on both historical and literary approaches by paying careful attention to the prophets as narrative characters It considers each unique prophetic voice in the canon in its fully developed literary form while also listening to what these voices say together about a particular experience in Israel s story It presents these four scrolls Isaiah Jeremiah Ezekiel and the Book of the Twelve as works produced in the aftermath of destruction works that employ prophetic characters and as the words uttered during the crises The prophetic literature became for Israel living in a context of dispersion and imperial domination a portable and adaptable resource at once both challenging and comforting This book provides the fullest picture available for introducing students to the prophetic literature by valuing the role of the original prophetic characters the finished state of the books that bear their names the separate historical crises in the life of Israel they address and the chorus of prophetic voices one hears when reading them as part of a coherent literary corpus **A Guide to Biblical Commentaries and Reference Works** John F.

Evans, 2016-05-03 A Guide to Biblical Commentaries and Reference Works by John F Evans summarizes and briefly analyzes all recent and many older commentaries on each book of the Bible giving insightful comments on the approach of each commentary and its interpretive usefulness especially for evangelical interpreters of the Bible A Guide to Biblical Commentaries and Reference Works is essentially an annotated bibliography of hundreds of commentators More scholarly

books receive a longer more detailed treatment than do lay commentaries and highly recommended commentaries have their author's names in bold. The author keeps up on the publication of commentaries and intends to update this book every three to four years.

New Perspectives on Old Testament Prophecy and History Rannfrid I. Thelle, Terje Stordalen, Mervyn E.J. Richardson, 2015-05-19. In New Perspectives on Old Testament Prophecy and History colleagues, students and friends of Hans M. Barstad offer essays in honour of his esteemed career in biblical studies. Contributions on prophecy include the debate on prophets as historical figures, the biblical books of Isaiah, Ezekiel, Hosea, Amos and Micah, and issues of methodology and interpretation. Essays devoted to history address various historiographic issues as well as specific historical topics such as the monarchy in ancient Israel, the relationship of Judah to Edom, and the ritual of reading the law. In ways that reflect Hans Barstad's innovative insights and methodological critiques, this collection of essays probes beyond the oft-trodden paths of biblical studies and challenges the status quo within the field.

Dictionary of the Old Testament: Prophets G. McConville, Mark J. Boda, 2020-05-21. The writings of the prophets make up over a quarter of the Old Testament. But perhaps no other portion of the Old Testament is more misunderstood by readers today. For some, prophecy conjures up knotted enigmas, opaque oracles, and terrifying visions of the future. For others, it raises expectations of a plotted-out future to be reconstructed from disparate texts. And yet the prophets have imprinted the language of faith and imagination with some of its most sublime visions of the future: nations streaming to Zion, a lion lying with a lamb, and endlessly fruiting trees on the banks of a flowing river. We might view the prophets as stage directors for Israel's unfolding drama of redemption. Drawing inspiration from past acts in that drama and invoking fresh words from its divine author, these prophets speak a language of sinewed poetry, their words and images arresting the ear and detonating in the mind. For when Yahweh roars from Zion and thunders from Jerusalem, the pastures of the shepherds dry up, the crest of Carmel withers, and the prophetic word buffets those selling the needy for a pair of sandals. The *Dictionary of the Old Testament: Prophets* is the only reference book of its kind. Not only does it focus exclusively on the prophetic books, it also plumbs their imagery of

mountains and wilderness flora and fauna temple and Zion It maps and guides us through topics such as covenant and law exile and deliverance forgiveness and repentance and the Day of the Lord Here the nature of prophecy is searched out in its social historical literary and psychological dimensions as well as its synchronic spread of textual links and associations And the formation of the prophetic books into their canonical collection including the Book of the Twelve is explored and weighed for its significance Then too contemporary approaches such as canonical criticism conversation analysis editorial redaction criticism feminist interpretation literary approaches and rhetorical criticism are summed up and assayed Even the afterlife of these great texts is explored in articles on the history of interpretation as well as on their impact in the New Testament

Chaos Uncreated Rebecca S. Watson, 2012-02-13 This monograph presents a challenge to the view that the Hebrew Bible contains allusions to Yahweh's battle with chaos showing how the term has been inappropriately applied in a range of contexts where far more diverse spheres of imagery should instead be recognised Through the construction of a careful diachronic model developed with particular reference to the Psalter the author presents a persuasive case for reversing common assumptions about the development of Israelite religion finding instead that the combat motif was absent in the earliest period whilst the slaying of a dragon was attributed to Yahweh only in a distinctive monotheistic adaptation which arose from around 587 B C

Empire in the New Testament Stanley E. Porter, Cynthia Long Westfall, 2011-01-01 How does a Christian render unto Caesar what is Caesar's and unto God what is God's This book is the result of the Bingham Colloquium of 2007 that brought scholars from across North America to examine the New Testament's response to the empires of God and Caesar Two chapters lay the foundation for that response in the Old Testament's concept of empire and six others address the response to the notion of empire both human and divine in the various authors of the New Testament A final chapter investigates how the church fathers regarded the matter The essays display various methods and positions together however they offer a representative sample of the current state of study of the notion of empire in the New Testament

Literary Construction of Identity in the Ancient World Hanna Liss, Manfred Oeming, 2010-06-30 Encountering an ancient text not only as a historical source but also as a literary artifact entails an important paradigm shift which in recent years has taken place in classical and Oriental philology Biblical scholars Egyptologists and classical philologists have been pioneers in supplementing traditional historical critical exegesis with more literary approaches This has led to a wealth of new insights While the methodological consequences of this shift have been discussed within each discipline until recently there has not been an attempt to discuss its validity and methodology on an interdisciplinary level In 2006 the Faculty of Bible and Biblical Interpretation at the Hochschule für Jüdische Studien Heidelberg and the Faculty of Theology at the University of Heidelberg invited scholars from the U S Canada the Netherlands Israel and Germany to examine these issues Under the title *Literary Fiction and the Construction of Identity in Ancient Literatures Options and Limits of Modern Literary Approaches in the Exegesis of Ancient Texts* experts in Egyptology classical philology ancient Near Eastern studies biblical

Transfigured Andrew P. Wilson, 2007-09-15 Uses Derrida to read the Gospels of Mark Representing the Dynasty in Flavian Rome Jonathan Davies, 2023-07-19 Representing the Dynasty in Flavian Rome investigates the problem of contemporary historiography and regime representation in Flavian Rome through a close study of a text not usually read for such purposes but which has obvious promise for a study of this theme the Jewish War of Flavius Josephus Having surveyed the evolution of our conception of Josephus relationship to Flavian power taken a broad account of issues of political expression and regime representation in Flavian Rome outside Josephus and examined questions relating to the structure and date of the work Davies provides a series of thematically focused readings of the three senior members of the Flavian family Vespasian Titus and Domitian as represented by their contemporary and client Josephus Key topics explored include the level of independence of Josephus vision his work s relationship to how the regime is depicted in other contemporary sources how Josephus makes the Flavians serve his own agenda which is distinct from the heavy focus of much previous scholarship on how Josephus served their agenda and the viability and usefulness of certain types of reading practices relating to figured critique which have recently become influential in Josephan scholarship The book offers a new approach to Josephus relationship to the Flavian Dynasty and sheds new light on contemporary historiography and political expression in the Early Principate **The Gender Conversation** Edwina Murphy, David Ian Starling, 2016-05-13 Conversations about gender both inside and outside the church can frequently degenerate into stale and rancorous disputes in which predictable arguments are traded back and forth or fade awkwardly away into the tense silences of mutual misunderstanding But the issue is an important one and calls for a better conversation than either of those alternatives In September 2015 Morling College hosted a one day symposium entitled The Gender Conversation A rich and diverse mix of contributors met to discuss issues of gender theology and Christian living within a shared framework of evangelical conviction Our aim in hosting the symposium was to deepen mutual understanding and respect highlight common ground clarify points of difference and unite us all in a quest to learn from the Scriptures and live in the light of the gospel This book brings together the papers presented at the symposium and the contributors responses to one another as a resource for further reflection and discussion

Robert Ignatius Letellier, 2016-08-17 Whether one approaches the Bible from a perspective of faith culture or literature the power of the writing the human situations language and genres that make up the Scriptures speak potently across the ages From whatever angle the texts have a revelatory power that shines a light on the human condition our sense of purpose place in the world and even our destiny Born out of the common reflection on the history of single nation with a sense of divine election the Bible has spoken and continues to speak to all people in various circumstances in words of such power that seem divinely inspired This volume provides an opportunity for studying those special areas of Scripture known as the Prophets and the Wisdom Books Isaiah Jeremiah Ezekiel and Daniel spoke to Ancient Israel from the situation of their national story shaped by the Covenant with God especially before during and after the sorrow of their Exile in Babylon 587 38 BC The Wisdom Books of the Bible reflect on the ontology of the human condition under any circumstance how to live wisely and sensibly by looking at the world of nature and the human heart to discern the purpose of life The approach adopted here building on a fundamental understanding of the Old Testament searches for deeper understanding of both approaches and genres This study enables a thematic overview of the subject a way into some of the critical issues endemic to grasping both traditions and by implication some of the fundamental approaches used in biblical scholarship This study encourages reading the texts themselves developing a sharper perception of language imagery genre and style The book thus provides an overall picture of the literary types employed locates the sacred books in a chronological and thematic context exploring the texts through the specific passages provided always looking to find the theological keys critical to understanding these particular books and their enduring message across the ages A particularly interesting aspect of this study is its collection of iconography offering a cross section of artistic responses to the power of the biblical discourse through the centuries While Gustave Doré's famous etchings form the axis of the centrefolds many other painters are included from different periods

Contradiction in the Book of Proverbs Peter Hatton, 2016-09-17 Despite the welcome revival of scholarly interest in Biblical Wisdom the Book of Proverbs remains neglected It continues to be seen as a disorganised repository of traditional banalities while Job and Qohelet are viewed as more exciting texts in revolt against Proverbs conventional wisdom Contradiction in the Book of Proverbs argues that this misleading consensus owes more to scholarly presuppositions than to the content of Proverbs it sees Proverbs as a challenging work one that aims to provoke a critical appropriation of wisdom and in which diverse sources have been skilfully brought together by a creative final editor to form a complex unity Many divergences from the Hebrew in the Greek witness to the translator's discomfort with his spikey provocative original Peter Hatton challenges many existing scholarly assumptions and calls for a re-evaluation of the role and significance of Proverbs in relation to the other biblical wisdom books and the whole canon **One Text, Thousand Methods** Patrick Chatelion Counet, Ulrich Berges, 2021-08-30 Essays in this volume describe the shift in biblical exegesis within the last several decades

from the interpretation of biblical texts as the outcome of historical development or diachronic methodology to the exploration of the text as the result of a reading process rather than a historical process or synchronic methodology Each essay examines a text from the Old or New Testament through the lens of one of the many modern synchronic methods used in postmodern literary interpretation The methods discussed include ideology criticism semantic and poetic analysis cognitive linguistics drama theory narratology deconstruction and anthropology and intertextuality The authors of this work challenge biblical scholars not to just perform exegesis but to explore the methods and aims underlying their interpretations
